Her long-suffering Hindu servants are frantically trying to organise a party for her, but it's hard to do so amid the havoc wreaked by her wild spirit. They think she is possessed. Daughters of colonial tea-planters shouldn't have souls that escape their bodies, move objects with their minds, hear tongueless yogis speak. Julia Clockhouse does. As the day passes and the chaos mounts in the kitchen, Julia listens desperately for the return of her husband. Ben may have married her on the orders of her domineering father, but he had come to love her; together they had found the happiness they missed in childhood. But by the time the party guests are tumbling in from the rising fury of the monsoon Ben has still not come.*

THE TEA PLANTER'S WIFE

Penguin UK *THE NUMBER ONE SUNDAY TIMES BESTSELLER* Dinah Jefferies' unforgettable new novel, *The Tea Planter's Wife* is a haunting, tender portrait of a woman forced to choose between her duty as a wife and her instinct as a mother... THREE CUPS OF TEA

Penguin UK *'Here we drink three cups of tea to do business; the first you are a stranger, the second you become a friend, and the third, you join our family, and for our family we are prepared to do anything – even die.'* Haji Ali, Korphe Village Chief, Karakoram mountains, Pakistan In 1993, after a terrifying and disastrous attempt to climb K2, a mountaineer called Greg Mortenson drifted, cold and dehydrated, into an impoverished Pakistan village in the Karakoram Mountains. Moved by the inhabitants' kindness, he promised to return and build a school. Three Cups of Tea is the story of that promise and its extraordinary outcome. Over the next decade Mortenson built not just one but fifty-five schools – especially for girls – in remote villages across the forbidding and breathtaking landscape of Pakistan and Afghanistan, just as the Taliban rose to power. THE TEA GIRL OF HUMMINGBIRD LANE

Simon and Schuster *A thrilling new novel from #1 New York Times bestselling author Lisa See explores the lives of a Chinese mother and her daughter who has been adopted by an American couple. Li-yan and her family align their lives around the seasons and the farming of tea. There is ritual and routine, and it has been ever thus for generations. Then one day a jeep appears at the village gate—the first automobile any of them have seen—and a stranger arrives. In this remote Yunnan village, the stranger finds the rare tea he has been seeking and a reticent Akha people. In her biggest seller, Snow Flower and the Secret Fan, See introduced the Yao people to her readers. Here she shares the customs of another Chinese ethnic minority, the Akha, whose world will soon change. Li-yan, one of the few educated girls on her mountain, translates for the stranger and is among the first to reject the rules that have shaped her existence. When she has a baby outside of wedlock, rather than stand by tradition, she wraps her daughter in a blanket,*

with a tea cake hidden in her swaddling, and abandons her in the nearest city. After mother and daughter have gone their separate ways, Li-yan slowly emerges from the security and insularity of her village to encounter modern life while Haley grows up a privileged and well-loved California girl. Despite Haley's happy home life, she wonders about her origins; and Li-yan longs for her lost daughter. They both search for and find answers in the tea that has shaped their family's destiny for generations. A powerful story about a family, separated by circumstances, culture, and distance, Tea Girl of Hummingbird Lane paints an unforgettable portrait of a little known region and its people and celebrates the bond that connects mothers and daughters.

TAI-PAN

Blackstone Publishing *"There can only be one Tai-Pan." Dirk Struan rose from humble beginnings to build Struan & Company, also known as the Noble House, into the world's largest Far East trading company. He is now the Tai-Pan—Supreme Leader—of all Tai-Pans in China. Along the way, however, he made a powerful enemy. Tyler Brock, Struan's rival from their early opium-smuggling days, also heads a large trading fleet, second in size only to Struan's. But it is not only silks and spices that drive their mutual companies' wealth—the opium trade is still booming. War between England and China might be over, but the hostilities remain. Struan and Brock come to control much of England's trade with China yet neither can control their desires or their hatred of each other. Over the years, their two families will cross paths, threatening to rip both apart, with reverberations that will echo across the generations. Struan must fight to save his company and his family, or risk seeing everything he has created destroyed at the hands of his sworn enemy. Ambition, political intrigue, and love and lust weave their way throughout the novel the New York Times called, "grand entertainment...packed with action...with blood and sin, treachery and conspiracy, sex and murder." East and West come together in an opulent and intricately plotted narrative. A tour-de-force of historical fiction, rich in detail yet eminently readable, Tai-Pan will stay with you long after the final page.*

TEA WAR

A HISTORY OF CAPITALISM IN CHINA AND INDIA

Yale University Press *A history of capitalism in nineteenth- and twentieth-century China and India exploring the competition between their tea industries Tea remains the world's most popular commercial drink today, and at the turn of the twentieth century, it represented the largest export industry of both China and colonial India. In analyzing the global competition between Chinese and*

Indian tea, Andrew B. Liu challenges past economic histories premised on the technical “divergence” between the West and the Rest, arguing instead that seemingly traditional technologies and practices were central to modern capital accumulation across Asia. He shows how competitive pressures compelled Chinese merchants to adopt abstract, industrial conceptions of time, while colonial planters in India pushed for labor indenture laws to support factory-style tea plantations. Further, characterizations of China and India as premodern backwaters, he explains, were themselves the historical result of new notions of political economy adopted by Chinese and Indian nationalists, who discovered that these abstract ideas corresponded to concrete social changes in their local surroundings. Together, these stories point toward a more flexible and globally oriented conceptualization of the history of capitalism in China and India.
