I discovered through a survey of Christian bookstores that no books were exclusively on or about repentance, but most only touched on the topic. The only author who had anything to say about repentance beyond a mere mention was Charles G. Finney in Finney's Systematic Theology. This 600-page work transformed my thinking and influenced my investigation. This book discusses spiritual leadership without bashing any spiritual leader. It points out carnality without castigating any particular ministry or denomination. Hundreds of illustrations will familiarize the reader with revelations about repentance and carnality. These illustrations, like parables, contain revolutionary truths that are true to Scripture, reason, and life, so that Repentance: The Doctrine of God may become one harmonious revelation! Warning: As you read this book, you will encounter deep-seated carnality residing within the blackened depths of your soul, and it will not want to be exposed! But take heart! Almighty God will accompany you on this journey for the complete regeneration of your soul. **A Seers Venture Volume 1 Carriers of the Presence of the Lord** Embark on a spiritual journey that will enlighten and give you greater prophetic insight into the knowledge, wisdom and understanding of the truth of God's word that transforms lives to bring freedom, liberty, peace and joy. Hear from a messenger and visionary who shares his own encounters, undertakings and ventures which changed his life and gave him a new direction that would uncover the hidden truth of what is available to every believer and their purpose, which is to be a carrier of the presence of the Lord. This is a book that brings key prophetic instructions on how to live a life of faith and complete trust in the Lord which enables us to live victoriously despite what we experience in this world with all its uncertainty's, as we gain an understanding of how we can trust that the presence of the Lord will be with us and deliver us through it all. Get ready to be empowered through the inner workings of the Holy Spirit who changes our nature and characteristics into the essence of God by the very presence of the Lord. **A History of New England, Volume 1 With Particular Reference to the Denomination of Christians Called Baptists** Wipf and Stock Publishers "A historian who has been an actor in the events which he narrates, has peculiar advantages and disadvantages. He can write with more minuteness of detail, and with a fresher and more life-like coloring. He can write with more confidence, and, drawing from his own experience and observation, is in this respect more trustworthy. On the other hand, he is more liable to be warped by prejudice, to see only the excellences and none of the defects of those with whom he has been identified, and only the defects and none of the excellences of those to whom he has been opposed, to be a partizan rather than a judge, and to make his narration little more than the reflection of his personal opinions or his personal sympathy and affection, hostility and spite. "The Church History of Isaac Backus has all the above-named excellences. To a large extent he was an eye-witness of that which he describes; and where not an eye-witness, he placed himself in closest possible connection with it by personal acquaintance with the actors, and by immediate and most diligent and thorough examination of records and other evidence. While it may be too much to say that he absolutely avoided the defects above named, yet his sound judgment, his natural candor and honesty and his elevated Christian principle, have made him as nearly free from them as perhaps any author who has written in similar circumstances." --from the Editor's Preface **Mountain Top Life Daily Devotional 2021: Volume 6 Mountain of Fire and Miracles Ministries** Life-changing encounter with the God that answers by fire through a daily devotional. The God of the Bible is not a concept to be studied but a divine person each of us can and should encounter personally. Into His Presence uses historically documented experiences of a number of important people with God over thousands of years as the lens through which to help you understand the character of God as a person. In this book, you see the God of the Bible as a divine person encountered by the men and women of the Bible. The approach to the study of the Bible presented in this book will completely change how you read the Bible and how you perceive the divine author of the Bible. In this book, you will learn how many historically documented conversations Adam had with God and see that Adam's God moved with purpose in each of His encounters with Adam. Your understanding of the character of God will be enriched as you see Him through the eyes of Abraham over the course of their 100-year relationship. You will be amazed by the sheer number of historically documented conversations Moses had with God, and understand how these encounters transformed Moses from a polytheist into one of history's greatest spokesmen for monotheism and the pursuit of a personal relationship with the God of heaven. You will walk with David through the ups and downs of his life, identify with his struggles, and understand how life's experiences drew him into a close relationship with God. Through the enumerated experiences of the patriarchs, judges, and kings of Israel, you will come to understand the consistent character attributes of God as a person over the course of history. You will conclude that God is a divine person with whom you can also have an intimate relationship. As you read this book, you will feel the God of the Bible personally calling you into His presence. **Ellicott's Commentary on the Whole Bible Volume V Jeremiah - Malachi** Wipf and Stock Publishers ELLICOTT'S COMMENTARY ON THE WHOLE BIBLE is a practical and ideal commentary for Sunday school teachers, Christian workers, Bible students, libraries, and ministers. All sixty-three of the original volumes are included in a nine volumes set. There are two linked indexes in this volume, a main index at the front of this volume that will take you to the beginning each of the books of the bible and another index at the beginning of each book there is a linked scripture index leading to the particular subject. Lange's Commentary on the Old and New Testaments, translated, revised, edited and enlarged from the German editions of John Peter Lange and many contributors, and edited by Philip Schaff. Lange's Commentary on the entire Bible has remained one of the most useful and valuable work of its kind. It is conservative in theology and universal in hermeneutics. Delmarva Publications is proud to make it available in digital format. The original work was completed in 63 volumes, but we have made it available in 9 volumes they are: Volume 1 - Genesis to Ruth Volume 2 -1 Samuel to Esther Volume 3 - Job to Ecclesiastes Volume 4 - Song of Songs to Lamentations Volume 5 - Ezekiel to Malachi Volume 6 - Matthew to John Volume 7 - Acts to 2 Corinthians Volume 8 - Galatians to 2 Timothy Volume 9 -Titus to Revelation **The Rapture of God Balthasar's Theology, Exposition, and Interpretation** Hamilton Books This is a book offering Balthasar's theological oeuvre as a kerygma of Christ's love proclaimed theologically as Christ's esthetics of glory in his mission to reinvent himself, the world and us as beauty and glory. Balthasar's hypothesis is that there is true theology and there is false theology. For him, theology is the unique science across the methods of which the decision of faith cuts, and divides it into two halves that cannot be united to each other: a genuine theology, which presupposes faith and does its thinking within the nexus of Christ and the Church; and a false theology, which rejects faith as methodologically dubious and irresponsible, and subsumes the truth of the phenomenon which discloses itself, under an anthropological truth (however this may be understood). In William Newell's book he deeply reflects on the radical thinking being done in Catholic theology since the 1940s in Europe and now in the United States. Each chapter, each excursus, each elision, ushers the reader towards consolations without previous causes, the essence of mysticism in its first stages. The book, as with true theology, is a 'come and see' beckoning the reader to an endless furtherance of the archetypal experience of Christ. **The New Catalog of Maya Hieroglyphs, Volume Two Codical Texts** University of Oklahoma Press This long-awaited resource complements its companion volume on Classic Period monumental inscriptions. Authors Martha J. Macri and Gabrielle Vail provide a comprehensive listing of graphemes found in the Dresden, Madrid, and Paris codices, 40 percent of which are unique to these painted manuscripts, and discuss current and past interpretations of these graphemes. The New Catalog uses an original coding system developed for the Maya Hieroglyphic Database Project. The new three-digit codes group the graphemes according to their visual, rather than functional, characteristics to allow readers to see distinctions between similar signs. Each entry contains the grapheme's New Catalog code, an image, the corresponding Thompson number, proposed syllabic and logographic values, calendrical significance, and bibliographical citations. Appendices and an index of signs from both volumes contain images of all graphemes and variants ordered by code, allowing readers to search for graphemes by visual form or by their proposed logographic and phonetic values. Together the two volumes of the New Catalog represent the most significant updating of the sign lists for the Maya script proposed in half a century. They provide a cutting-edge reference tool critical to the research of Mesoamericanists in the fields of archaeology, art history, ethnohistory, and linguistics, and a valuable resource to scholars specializing in comparative studies of writing systems and related disciplines. **Journal of Latin American Theology, Volume 11, Number 2** Wipf and Stock Publishers Journal of Latin American Theology: Christian Reflections from the Latino South Special Issue on the 2015 Sao Paulo Conference on the Occasion of the FTL's 45th Anniversary Vol. 11, No. 2, Fall 2016 This issue of our Journal of Latin American Theology: Christian Reflections from the Latino South brings together some of the most representative papers from the FTL's 2015 continental

conference, "45 Years of the FTL and Contemporary Theological Borders," held in Sao Paulo, Brazil. Building on the milestones of that past, participants faced the challenges of the present and future. Herein, Brazilian theologians and practitioners offer reflections on the FTL's early days, Pentecostal theology, the intended "irrelevance" of the church, the oral nature of the Gospels, and race relations within church and society. Spanish-speaking theologians and practitioners discuss public theology and the joyful dreams of God the Creator. A presentation of theological poetry rounds out this issue.

The authors address the relationship between the surviving evidence, which is textual, and the religious experiences that precede or ensue from those texts. Drawing on insights from anthropology, sociology, social memory theory, neuroscience, and cognitive science, they explore a range of religious phenomena including worship, the act of public reading, ritual, ecstasy, mystical ascent, and the transformation of gender and of emotions. Through careful and theoretically informed work, the authors demonstrate the possibility of moving from written documents to assess the lived experiences that are linked to them. The contributors are István Czachesz, Frances Flannery, Robin Griffith-Jones, Angela Kim Harkins, Bert Jan Lietaert Peerbolte, John R. Levison, Carol A. Newsom, Rollin A.
