#### **BUNDLE: BOOKS 1 - 3**

---

*Seize The Night Agency* This book contains the complete trilogy of the Fate's Warriors series. Note: This series contains characters from the Mortis, Shifter Squad and Hellscurge series, but it can be read as a standalone series. God of Mischief: Locked in a never-ending battle for supremacy, the balance between good and evil is approaching a climax that will determine the destiny of every living being. Advocate for Order, Fate has chosen three warriors to face the agent of Chaos; Loki. Torn from their worlds, Natalie, Lexi and Violet will embark on a multi-dimensional mission. Their task is far more than just to save their own version of Earth. This time, the stakes are much higher. Seeking revenge for being banished from Asgard, Loki has found some unlikely allies to assist him. Once he has defeated Odin and his army, he will turn his attention to Earth. With seven billion slaves to command, nothing will stop him from achieving what he has always craved; ultimate power. Fate isn't going to make conquering Earth easy for Loki. She uses her well-honed manipulation skills to try to sway him from the dark path he's chosen. Bianca Caldwell, a helpless mortal who knows nothing about Gods or monsters, will be drawn into the maelstrom with no hope of escape. God of Mayhem: The Shifter Squad is called back into action as Lexi, Natalie and Violet travel to the next dimension in search of their target. Lexi's world comes under threat from the very being who created shapeshifters so long ago. Again, Loki has allied himself with the Grimgorg, but this time he has new monsters at his beck and call. Loki on the Alpha World continues to strive to keep Bianca Caldwell safe as Fate had instructed him. The girl is an unwanted burden that he wishes he could foist off onto someone else. Instead, he is stuck with her and his very future could depend on keeping her alive. Lexi and her team must once again step up to save their world, but their version of Loki has tricks at his disposal that will

make things very difficult for them. They must rely on the two warriors from other realities to help them defeat their enemies. Fate chose them for a reason and they have to trust that neither of them will buckle under the pressure. God of Malice: Violet's world has only recently recovered from being invaded, but it is now about to be subjected to an attack by aliens. Her angelic and human friends will need to step up once again to save their planet. They will be instrumental in helping Hellscurge and her fellow warriors save humanity from enslavement. Bianca has felt like a pawn ever since she fell into Loki's arms. When Fate contacts her directly and gives her a task, she realizes her hunch is correct. Her mission is monumental and she isn't sure that she can pull it off. For the sake of humanity, she has to do the impossible: change the mind of a god. Violet's version of Loki has allied himself with creatures who are even more sly and treacherous than he is. His choice of partners will prove to be more of a danger than he'd anticipated, but he'd never expected the peril would be to himself.

## **HUNTER ELITE SERIES: BUNDLE 3: BOOKS 7 - 9**

---

*Seize The Night Publishing Agency* This bundle contains books seven to nine of the Hunter Elite Series. Hunting A Relic: Succumbing to Alakay's master vampire power, Ari becomes his unwilling servant. Luckily, she isn't alone in the lair he's chosen to lurk in. She makes an unlikely friend who could turn out to be beneficial to her in the long run. All she has to do is pretend she isn't an evil, soulless monster now. How hard could that be? The Hunter Elite and Jake Everett desperately search for a way to retrieve Ari's soul. When a solution is presented to them, Jake must make a deal that will be filled with peril. If they wish to succeed, they'll need Ari's cooperation to accomplish it. Now that she's become a full vampire, they all know it won't be easy to get her to see reason. The team will need to split up as they all tackle their separate tasks. They will face dangerous foes and some will travel to realms they'd never expected, or wanted to visit. They will become allies with creatures they are normally enemies with to serve a common goal, but their alliance will be shaky. Ari finally embarks on the mysterious task to retrieve a relic from somewhere no one has ever returned from before. It will be her most hazardous mission so far and even with her magical abilities, she isn't sure she'll succeed. The worst part is that she

won't be going alone. She'll have company she would rather see dead than to be partnered with. Hunting The Dark: Ari finally gets a chance to contact the pixies. It is her hope that they will give her some of their magical dust so she can cast the spell that will nullify Spencer's control over the people she loves. Their assistance won't be free. They require her to perform a difficult and dangerous task before they'll hand over their dust. Before she can tackle that problem, Von Hades sends the Hunter Elite out on a new mission. This one is stranger than most and their foes are both deadly and elusive. It isn't going to be easy to hunt the Dark and survive. Jake Everett and his small sidekick, Rudy, will be joining them. Until their war with the demon, the witch and the druids is over, they'll be sticking together. Morgwen returns from her journey through the portal to another realm. She had brought allies that can kill with one touch with her. The Earth has never seen their like before and even Spencer is fearful that the witch's army might not be stoppable. Enemies will have to band together to have a chance of defeating their mutual nemesis. Hunting A Dragon: Ari now has everything she needs to break her friends and herself free from Spencer Von Hades' thralldom. They are all aware that doing so will turn them into the demon's enemy. With Morgwen and her army of dead, undead and Dread Wraiths to contend with, they have to hope he will focus on her rather than on them. In order to defeat Morgwen, they need the relic Ari retrieved from the Deadworld. Unfortunately, Spencer has it locked away and under guard in one of his enchanted mansions. Stealing it from him won't be easy. They will have to utilize their various skills in order to achieve their goal. Harrow and his druids now have the mask of a long-dead demi-god in their possession. Once it has been repaired, whoever wears it could become even more dangerous than Morgwen. Faced with three powerful enemies, the Hunter Elite will need the help of an ally that vanished from Earth thousands of years ago. They fear that only a dragon will have the power they need to vanquish their foes.

---

*Seize The Night Publishing Agency* This bundle contains books 7 - 9 of the Shifter Squad Next Gen series. *Prince's Bride*: Brynn Bailey is unique even for a member of the Shifter Squad. She's half lamia and half shifter and she thought she would never find anyone like herself. That all changed when Prince Gedniah was drawn to her world. He doesn't have a fully human form, but he and his clan are eerily similar to lamias. A month has passed since the snake-people arrived and now the prince has asked to see her. Brynn is cautious and is aware that he cast a mysterious spell on her when they first met. Despite her trepidation, she agrees to see him. She's never met anyone like him before and feels irresistibly drawn to him. Gedniah's people are in trouble and he needs her help to save them. Brynn is torn when she finds out exactly what he wants from her. She's the only one who can prevent his clan from dying, but agreeing to his plan could cost her more than she's willing to give up. *Mystical Schemes*: With so many strong personalities living in one building, tensions are bound to flare up sometimes. When Sydney pushes Crowmon too far, they learn that it's a very bad idea to mock a god. Their trivial arguments turn nasty and he casts a spell that will result in more than just bruised egos. During one of their missions, the squad faces a target that's far too strong and well-armored for them to take down. They will need to rely on Alex to raise something strong enough to defeat it. Agent Steel and his wife have temporarily joined the team during this job. As tests go, this one is a doozy. Alex comes face to face with Irene Dawson again and an unexpected ally comes to her aid. Everyone has a breaking point and each new trauma is pushing Alex closer to hers. Seeing her friends finding their mates and being so happy can only add to her growing misery. *Twins' Bond*: Nick has always been in his big brother's shadow and never quite felt like he measured up to Liam. His shoulders are weighed down by the responsibility Agent Steel has given him. Even with all of his skills and training, he can't always keep his team safe. Sometimes, he feels like a failure and that he'll never be good enough. Both twins go off alone during their short break from missions, but their vacations are anything but peaceful. They'll be forced to confront their own issues that neither of them wanted dragged out into the light. It will either break them, or make them strong enough to face the ordeal they sense is coming.

### **WAR AGAINST THE MAFIA**

---

*Open Road Media* The first book in the classic vigilante action series from a "writer who spawned a genre" (The New York Times). Overseas, Mack Bolan was dubbed "Sgt. Mercy" for the compassion he showed the innocent. On the home front, they're calling him the Executioner for what he's doing to the guilty. In the jungles of

Southeast Asia, American sniper Mack Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it's not to reunite with his family, it's to bury them—victims in a mass murder/suicide. Even though Bolan's own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a new kind of war zone. Duty calls . . . Introducing an action hero "who would make Jack Reacher think twice," this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics' The Punisher, credits the Executioner as "my inspiration . . . that's what gave me the idea for the lone, slightly psychotic avenger." The series is also now in development as a major motion picture. War Against the Mafia is the 1st book in the Executioner series, but you may enjoy reading the series in any order.

### **SHIFTER SQUAD NEXT GEN: BUNDLE 1: BOOKS 1 - 3**

---

*Seize The Night Publishing Agency* This bundle contains books 1 - 3 of the Shifter Squad Next Gen series. Ink Cursed: Raised by a malevolent witch in an isolated cabin in the woods, Alex is being kept prisoner for her own good. A monster is trapped inside her and it desperately wants out. The enchantments that are tattooed on her body keep it contained, for now. As her eighteenth birthday approaches, Alex feels the beast growing stronger. So does the witch. They both know the spells won't be enough to control her inner evil. Her captor plans to ensure the creature will never be free, but the teen finally rebels. Escaping from captivity, Alex meets a wounded vampire and the girls decide to band together. They head to Denver and run into a team who work for the Shifter Squad. As the truth comes out about her origins, Alex wishes she could control her own life, but the spells are too insidious. Until she can find a way to dispel them, she'll have to stay with the squad. She'll be working with twin werewolves, a werecougar, a wereconstrictor and the extremely sexy new recruit, Jaxon Remington. Jax seems strangely familiar from the first moment they meet. How can she possibly know him when she's never seen him before? Is it possible he's the mate she's been dreaming about? If so, things are bound to be awkward, since it seems they'll be working closely together. Invisible Chains: Now an agent of the Shifter Squad, Alex learns more about the evil witch who kidnapped her when she was a baby. It seems Irene Dawson has a vendetta against the older generation of the squad. The witch is using Alex as a tool and she's relentless in her pursuit of revenge. The younger generation are sent to investigate dangerous creatures that keep cropping up across the US. Alex is constrained by the spells that are tattooed on her body. She feels useless compared to the others. It's frustrating not being able to use all of her abilities, but at least she has a couple of skills the witch can't control. She might not be able to fight, or use weapons to take down her enemies, but she's far from defenseless, thanks to her necromancy. Alex's attraction to Jax increases as they spend more time together. Agent Remington is torn between his duty to the squad and what his heart wants. They've both had traumatic childhoods and have been damaged by their abusive wardens. If they're fated to be

together, they'll overcome all obstacles, but it won't be an easy road to travel. Risky Bargains: Alex has not only lost the man she'd hoped would be her mate, she's also now stuck with an alpha werewolf. Heath Franko has joined the Shifter Squad and he's determined to seduce her. The rookie has no chance of winning her over, but that won't stop him from trying. At least Alex isn't the only one who despises the alpha hole. The entire team wants him gone. Crowmon uses his talents as a trickster god to prank Franko. He hopes to drive the arrogant newbie into quitting voluntarily. The alpha is too stubborn to take the hint that he isn't wanted. It'll take something drastic to make him leave the squad. Needing to know the real reason why Jax left, Alex tracks him down when they're on a mission near his base. She has a hunch that it wasn't his choice to leave the team. She'll have to keep her visit to him a secret from most of the squad. Yas and Emma are the only ones she really trusts. Even they aren't aware of the bond she has with Jaxson Remington.

### **RED CELL**

---

*Beyond Words/Atria Books* In the smash bestselling autobiography *Rogue Warrior*, Richard Marcinko chronicled his controversial thirty-year career in the U.S. Navy's elite maritime commandos, the SEAL teams. Marcinko rose through the ranks to

create and command the Navy's legendary counterterrorist unit, SEAL TEAM SIX, scoring victories against enemies all over the globe. Pleased with his success, the chief of Naval Operations ordered him to create RED CELL -- a dirty-dozen team of SEALs whose mission was to infiltrate the Navy's most secure installations. Marcinko did his job too well. No Navy base was safe -- no commander's billet secure. His reward was a year in a federal penitentiary. During that year, Marcinko and John Weisman wrote *Rogue Warrior*. But, bound by government restrictions on classified information, Marcinko was only able to tell a fraction of his incredible story. The tales he could not tell, the secrets he could not reveal, now explode on the page as the Rogue Warrior returns in the blockbuster suspense novel of the year -- a novel with him as the hero! He is the enemy's worst nightmare, living by the ultimate commandment of unconventional warfare -- win, by any means. He is brash, brazen, and possessed equally of a killer charm and the capacity to become a stone-cold killer. As *ROGUE WARRIOR II: RED CELL* begins, Dick Marcinko is a freelance security consultant, playing terrorist at Tokyo's Narita Airport. Easily penetrating the facility's defenses, he engages in a deadly firefight with North Korean operatives -- and makes a discovery that plunges him into a secret war for America's national security. Financed by traitorous Americans, smugglers are transferring nuclear materials to North Korea through Japan. Former Secretary of Defense Grant Griffith, a behind-the-scenes power in the Pentagon, believes that only the Rogue Warrior can stop the operation; he convinces the Navy to recall Marcinko involuntarily to command RED CELL. Marcinko is a legend to the SEALs of RED CELL, and they're willing to follow him into hell -- to go anywhere and do anything to crush those who would betray America for a price. From infiltrating Washington's Navy Yard offices and the Navy's top-secret nuclear weapons depot in Seal Beach, California, to raiding a North Korean Navy base in the most heavily guarded harbor in Asia, to a final assault on a target far out in the Pacific, the Rogue Warrior and his marauding SEALs fight incredible odds and increasingly dangerous enemies. And, as time runs out, *ROGUE WARRIOR II: RED CELL* races to its electrifying climax.

Her family was murdered by vampires five years ago and she has trained long and hard to become a hunter. She finally encounters the nest of bloodsuckers who ruined her life and she intends to exact her revenge on them all. In a horrible twist of fate, she becomes one of the very creatures she's been stalking and her entire world is turned upside down. If the hunters who took her in and trained her learn what she has turned into, she will become their next target. A chance encounter with a sexy Scottish hunter changes everything. Connor McAllister is more than he seems. He is a shapeshifter who works for a secret organisation known as the Hunter Elite. Ari is exactly the sort of creature the team needs on their side. That is if the supernatural monster killers allow her to live. She must prove she isn't a danger to humans, or she suspects that she won't leave their compound alive. *Hunting The Truth*: Ari has a choice to make that could change everything between herself and her ghostly best friend. She must decide whether to tell Jonah about his past, or to let him remain clueless about how he'd come to be haunting the Hunter Elite's mansion. She can't predict if the knowledge will set him free, or if it will have dire consequences. When the team visits Spencer Von Hades' mansion, Ari senses something is very wrong from the moment she steps inside the mysterious house. While none of her friends see anything strange, she knows it is dangerous and potentially deadly. A creepy butler lurks within the halls and he is just as strange as the house itself. When vampires attack several families in one town, Ari and Connor are sent to assist Jake Everett and his hunters to track them down. Bloodsuckers are increasing in numbers and seem to be coordinating with each other. It is unheard of for the undead to congregate and they suspect something terrible is brewing in the supernatural underworld. They need to find out more so they can stop their diabolical plans.

Hunting A Master: In order to learn more about their adversary, Ari joins Spencer on a secret mission to question a master vampire. Their hope is that the bloodsucker will be able to give them some insights into Morgwen's plans. It won't be easy to extract the information from their ancient captive, but Von Hades is determined to get the answers they need. He will use Ari as his tool to achieve his ends no matter the cost to her. When the Hunter Elite are sent on their next mission, they encounter a nest of monsters that have never existed before. More and more new creatures are cropping up, but they don't know where they are coming from, or how to stop the influx. A disturbing pattern is emerging, but they don't have all the pieces to solve this puzzle yet. Even with the chaos that is looming over the horizon, Ari knows she won't face it alone. Her bond with Connor has deepened beyond either of their expectations, but it comes with risks. If word about their forbidden relationship spreads throughout the supernatural community, it could result in dangerous repercussions for them both.
