Mary McCarthy: Novels 1963-1979 (LOA #291)

The Group / Birds of America / Cannibals and Missionaries

Library of America A collection of three novels by the author who transformed the scope and style of twentieth-century American literature—including the landmark classic *The Group* In Mary McCarthy's most famous novel, *The Group* (1963), she depicts the lives of eight Vassar College graduates during the 1930s as they grapple with sex, sexism, money, motherhood, and family. McCarthy's final two novels—*Birds of America* (1971), a coming of age tale of 19-year-old Peter Levi, who travels to Europe during the 1960s, and *Cannibals and Missionaries* (1979), a thriller about a group of passengers taken hostage on an airplane by militant hijackers—are both concerned with the state of modern society, from the cross-currents of radical social change to the psychology of terrorism. As a special feature, this second volume contains McCarthy's 1979 essay "The Novels that Got Away," on her unfinished fiction. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Academic Charisma and the Origins of the Research University

University of Chicago Press Tracing the transformation of early modern academics into modern researchers from the Renaissance to Romanticism, *Academic*

Charisma and the Origins of the Research University uses the history of the university and reframes the "Protestant Ethic" to reconsider the conditions of knowledge production in the modern world. William Clark argues that the research university—which originated in German Protestant lands and spread globally in the nineteenth and twentieth centuries—developed in response to market forces and bureaucracy, producing a new kind of academic whose goal was to establish originality and achieve fame through publication. With an astonishing wealth of research, *Academic Charisma and the Origins of the Research University* investigates the origins and evolving fixtures of academic life: the lecture catalogue, the library catalog, the grading system, the conduct of oral and written exams, the roles of conversation and the writing of research papers in seminars, the writing and oral defense of the doctoral dissertation, the ethos of "lecturing with applause" and "publish or perish," and the role of reviews and rumor. This is a grand, ambitious book that should be required reading for every academic.

PRINCE2 Study Guide

2017 Update

John Wiley & Sons Everything you need to pass the PRINCE2 with flying colors The PRINCE2 Study Guide, Second Edition, offers comprehensive preparation for the latest PRINCE2 exam. Covering 100 percent of the exam objectives, this guide provides invaluable guidance that will help you master both the material and its applications; indeed, a practice-centered approach helps you "learn by doing" to help you internalize PRINCE2 concepts on a deeper level. Although the exam is heavily focused on detailed business process, this guide's accessible writing and real-world approach make learning fun. Each chapter poses a common project challenge, and walks you through the solution based on essential PRINCE2 principles. A year of FREE access to electronic study aids allows you to study anywhere, at any time, and expert instruction throughout breaks complex topics down into easily-digestible concepts. The PRINCE2 exam is challenging, but thorough preparation is your best defense. Conceptual knowledge is important, but it isn't enough—knowledge is only useful if you can apply it. This book is designed as your personal PRINCE2 coach: Master 100 percent of the PRINCE2 exam objectives Apply your knowledge to real-world workplace scenarios Test your understanding with challenging review questions Access sample questions, electronic flashcards, and other study aids PRINCE2 is globally recognized as one of the premier project management credentials; while less expansive than the PMP, the PRINCE2 is more intense and tightly focused on detailed business processes. Companies around the world are in need of qualified project management professionals to optimize processes and boost organizational performance—and the PRINCE2 certification puts you on the map as a validated professional. If you're ready to take on your next challenge, the PRINCE2 Study Guide, Second Edition, is your ultimate companion for complete preparation.

CEH v10 Certified Ethical Hacker Practice Exams & Dumps

700+ Exam Questions with their Answers for CEH v10 Exam

Publicancy Ltd CEH can be said as a certified ethical hacker. This certification is a professional certificate and it is awarded by the EC council (international council of E-commerce consultant). An ethical hacker is a name that is given to penetration testing/ tester. An ethical hacker is employed by the organization with full trust with the employer (ethical hacker) for attempting the penetrating the computer system in order to find and fix all the computer security vulnerabilities. Computer security vulnerabilities also include illegal hacking (gaining authorization to some other computer systems). These activities are criminal activities in almost all countries. Doing a penetrating test in a particular system with the permission of the owner is done and also possible except in Germany. This certification validates the knowledge and skills that are required on how to look for the vulnerabilities as well as weaknesses in a particular computer.
