The Dawning of the Golden Age of Aquarius Redefining the Concepts of God, Man, and the Universe [AuthorHouse](#) We are at the threshold of the beginning of a transitional period from the Age of Pisces to the Age of Aquarius. What should we expect from this coming New Era? What are its signs? What is the fate of human spirituality? What will be the new concept of God and of religion? This book attempts to answer these questions based on well researched sources complemented and endorsed by cosmology, archeology, psychology, religion, Near East studies, and mythology among other scientific disciplines. The book also intends to clarify the confusion created by some Protestant religious leaders and sensationalistic writers who have misinterpreted the signs of the transitional period as the end of the world. The truth is that there is no such thing as the end of the world, but the end of one world, the Piscean Era, and the commencing of a new worldwide social order, a new chapter in human history called the Aquarian dispensation. The correct understanding of this fact is extremely vital for modern man, so he can be prepared to confront the upheavals that entail the shift of ages. The huge conspiracy propounded by false prophets and some New Age writers, whether overtly or covertly, feeds the fear and anxiety of ordinary people with unfounded apocalyptic propaganda. This book attempts to give the reader an accurate perspective regarding the planetary transformations that are taking place; it offers hope and inspiration as we approach the Golden Age. Tarot Awareness Exploring the Spiritual Path [Llewellyn Worldwide](#) Have you ever looked at the mysterious symbols on the Tarot cards and wondered what they meant? Or perhaps you have read the Tarot for others for many years but still don't understand how to use them for meditation and spiritual development. Or perhaps you use the intense imagery of the Tarot for meditation, but don't think it is "appropriate" to use this mystical tool for readings. Well, now you can learn the meaning of the symbols for spiritual development and for giving great readings in Stephen Walter Sterling's Tarot Awareness. The Tarot is composed of two major sections, the illustrated cards that form the Major Arcana and the cards of the Minor Arcana which are like a deck of playing cards with an extra court card for each suit. Each card has a meaning for a reading. The meanings of the cards are given in the text. The Major Arcana cards also are about the spiritual development of your consciousness. As you go through the cards, from zero to twenty-one, you follow the progression of yours spirituality. The fifty-six cards of the Minor Arcana are associated with your development from the spiritual to the physical. In fact, they deal with the four levels of progression to manifestation, the spiritual, emotional, mental, and physical. Put this all together, and for the first time you have a book which integrates spiritual and practical, meditative, and divinatory. One of the great things about the Tarot is that it's symbolic. Since the unconscious works through symbols, it speaks to you. Just working with the Tarot helps you to evolve, especially when you understand the Tarot's spiritual truths. In order to work with the cards the book shares five different readings you can do. As an added bonus, the book also deals with the difficult subject of "proximity," relating the cards in a spread to each other as opposed to just their positions in the spread. This can enhance your readings on your quest for spirituality. True and Invisible Rosicrucian Order [Weiser Books](#) This is a thorough presentation of the Rosicrucian system of initiation by Dr. Paul Foster Case. He explains that Rosicrucianism is based upon earthly organizations, but on personal unfodment, and clearly describes the distinctive marks of a Rosicrucian. The treatise is divided into two main parts by Dr. Case. The first is a careful examination and interpretation of the principle Rosicrucian manifestos, the Fama Fraternitatis and the Confessio Fraternitatis. The second part is an explanation of the Rosicrucian grade system, as applied to the diagram of the Tree of Life and tarot attributions. By participating in the outlined procedures, aspirants are put on the right track of preparing themselves for union with the Higher Self, which may or may not include group work with an outer order or fraternity. The first editions of 1927, 1928 and 1933 were of limited publication. The fourth and most complete expansion of the text by Paul Case was finished in 1937, revised by him in 1953 just before his death and published in by Weiser in 1985. It represents the full maturity of his thought on this subject. The Power of the Word The Secret Code of Creation [Llewellyn Worldwide](#) The true structure of the most sacred name of God is the great arcanum of occultism—never before explicitly revealed but only hinted at in obscure religious and alchemical emblems. It is now laid bare in The Power of the Word. Renowned occultist Donald Tyson clearly shows how IHVH, the four Hebrew letters in the lost name of God, hold the key that unlocks the meaning behind astrological symbolism, the Tarot, the kabbalah, the mysteries of the Old Testament and the Book of Revelation, divinatory systems such as the I Ching and medieval geomancy, the Enochian magic of John Dee, and modern ritual magic. The holiest name of God is nothing less than the archetypal blueprint of creation, the basis for such fundamental forms as the DNA double helix and the binary language of modern computers. This groundbreaking work is the most complete magical reference guide to the secret code of creation ever presented. The Quantum Gods The Origin and Nature of Matter and Consciousness [iUniverse](#) Beneath the facade of the ego, beyond the ability of the mind to conceive of it, yet within reach of everyone through direct personal experience, there is a God-like Self, the authentic "I AM" or the Quantum God or Goddess. From the perspective of a Quantum God, life is a co-created reality made of consciousness and a special condition of consciousness called matter. Matter is the medium; being is the message. You and I are the Quantum Gods. The book features: A profusely illustrated introduction to the classical Kabbalah and its Tree of Life "The Creative Law," a practical, seven-step process of creative visualization. It was discovered by applying Kabbalistic principles to decipher the code hidden in the first book of the Old Testament mistakenly entitled Genesis. It is how the Quantum Gods co-create reality. In the Kabbalah, the Thirty-Two Paths of Wisdom are the ten sephiroth and the 22 paths between them on the Tree of Life. The close kinship of Don Quixote and the Shakespeare First Folio becomes plain, and their origin in a common author, neither Will Shakespeare nor Cervantes. Are we better off because science and technology have made us less vulnerable to natural catastrophes? How, in fact, do we see ourselves now in relation to our natural world? The answers to these questions lie as much within the humanities as in the sciences. Problems as seemingly unrelated as our vulnerability to OPEC oil price hikes or a smog alert in Los Angeles or Tokyo often have common, hidden causes. One of these causes is simply the way our society sees its place in nature. There are many reasons for the heavy demand for oil. Among these we see the PREFACE can include desire for industrial growth, hopes for improved living standards, mobility through automobiles and rapid transportation systems, and, not least, an attempt to loosen the constraints on man imposed by nature. These constraints and man's concomitant dependence upon nature are examples of the intense and finely interwoven relationship between man and nature, a relationship that constitutes a primordial bond forged long before the era of modern technology. Similarly, man has explored this primordial bond through the humanities for all the centuries prior to our present technological age. As we will see in this exploration, the bond underlies many of the environmental and technological problems we have come to label the ecological crisis. *Magical World of the Tarot Fourfold Mirror of the Universe* [Weiser Books](#) Using the Grimaud Tarot deck of Marseilles the direct descendants of the earliest handprinted designs and the basis for most of the later esoteric decks Knight provides an in-depth introduction to the tarot deck. Occult Fundamentals and Spiritual Unfoldment - Volume 1: The Early Writings* Shortly after leaving the Alpha et Omega (MacGregor Mather's reformulation of the Hermetic Order of the Golden Dawn), Paul Foster Case developed a lecture series entitled "The First Year Course". The purpose of the lectures was to provide students with a firm foundation in spiritual science and practice and to prepare them for Paul Case's rendition of the Golden Dawn Order. When this coursework was expanded in 1924, the contents of the "The First Year Course" became known as Section A, The Life Power', and Section B, The Seven Steps of Spiritual Unfoldment'. The Life Power' provided a firm foundation of Occult Fundamentals and the The Seven Steps of Spiritual Unfoldment' utilized the Major Arcana of the Tarot to communicate the stages of Spiritual Evolution. The early writings of Paul Foster Case are exceptionally clear and represent some of his finest work. Anyone approaching these lessons for the first time are encouraged to spend at least two weeks on each before proceeding to the next. This is precisely the manner in which the lectures and lessons were intended to be assimilated. Paul Case utilizes images in addition to words to communicate principles. Proceeding in such a manner will allow the corresponding ideas to take root and mature and thus facilitate understanding of the next lesson in the series. *Lords of Light The Path of Initiation in the Western Mysteries* [Inner Traditions / Bear & Co](#) Discusses ritual and ceremonial magic, the awakening of the kundalini energy, and the path of the qabalistic tree of life *Wisdom of Tarot - The Golden Dawn Tarot* It is with great excitement that we introduce the first volume of the *The Golden Dawn Tarot Series*, a collection of distinguished books on Tarot written by leaders of the Golden Dawn Tradition. The first book of this series, *Wisdom of Tarot*, represents some of Paul Foster Case's earliest thoughts on the subject. Though almost two decades will pass before the publication of Paul's masterpiece, *The Tarot, A Key to the Wisdom of the Ages*, all of his essential thought can be found in these pages as well as additional material that has not been available to the public for over 75 years. This book, and its more advanced companion, *Tarot Revelations*, were originally distributed as *Tarot Instruction, Section First and Tarot Instruction, Section Second*. These texts followed Sections A, B, C, and D and came before the *Hermetic Alchemy: Science and Practice* course in the original School of Ageless Wisdom course curriculum. Sections A, B, C, and D were recently published as *The Early Writings, Volume 1* and 2 by the Fraternity of the Hidden Light; *Hermetic Alchemy: Science and Practice* was recently published by the Rosicrucian Order of the Golden Dawn as the second volume in the *The Golden Dawn Alchemy* series. With the publication of these texts, the entire course curriculum of Paul Foster Case, as distributed by the School of Ageless Wisdom, is now available to students of the Golden Dawn Tradition. *Esoteric Secrets of Meditation and Magic - Volume 2: The Early Writings* In 1924, Paul Foster Case expanded his First Year Course by developing two advanced lecture series which he entitled *Section C: Concentration* and *Section D: Magic*. The lectures built upon the material in the First Year Course (which had become known at

this time as Section A: The Life Power and Section B: The Seven Steps to Spiritual Unfoldment). The Fraternity of the Hidden Light has recently published both of these lecture series as Occult Fundamentals and Spiritual Unfoldment - Volume 1: The Early Writings. This current volume provides the two additional lecture series that complete the original fundamental course structure of Paul Case. Section C, Concentration, expounds the esoteric secrets of Meditation. This section is a very advanced series of lessons that not only develops the essential skill of concentration but commences the student upon the Path of Return with a series of powerful Qabalistic Meditations. These Meditations have a tendency to facilitate deep spiritual experience in those who are prepared and chose to participate. This lesson series indeed represents some of the most advanced material written by Paul Case. Section D, Magic, provides the esoteric secrets of Magic in a very rare exposition of the fundamental tenets of magical practice by one of the greatest occultists of the 20th century. Here again is material published by Paul Case that cannot be found in any of his later developed lesson series and provides insight into the tools of the trade practiced by Golden Dawn enthusiasts today. Winner of the Coalition of Visionary Resources Award for Best Divination Book Parenting Matters Supporting Parents of Children Ages 0-8 [National Academies Press](#) Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.
