Learn to Speak, Read, and Understand Latin American Spanish with Pimsleur

Language Programs

Pimsleur The Pimsleur® Method teaches speaking and understanding right from the start For almost 50 years, in over 50 languages, the Pimsleur® Method has been recognized by experts worldwide as one of the fastest and most effective ways to learn to speak another language. With Pimsleur you will learn Spanish in the same way you learned your first language as a child, acquiring the vocabulary of the new language, along with the melody, rhythm, and intonation of Spanish as used in everyday conversation. The Science of Memory Dr. Paul Pimsleur's research on memory was one of his most significant achievements: he discovered that if reminded of new words and information at gradually increasing intervals of time, the learners would remember the words or information for increasingly longer periods. Dr. Pimsleur documented that the acquisitions would actually move from short-term into long-term, or permanent, memory. The Reading Program Pimsleur Language Programs use the same revolutionary learning Method to teach you to read, as well as to speak. You will start by sounding out Spanish, learning to associate the new sound system to the English alphabet you know. Gradually you will learn to look at the words and see them with "Spanish eyes." And you will learn to read Spanish without an English accent. Learn on the Go! goSpanish makes it easier than ever to use the Pimsleur programs by including the spoken lessons in two audio formats. Now you can listen anytime, anywhere: in your car or at home and on your MP3 player. Insider's Spanish: Intermediate Conversation Course (Learn Spanish with the Michel Thomas Method)

Enhanced Ebook

Hachette UK Do you want to be able to express yourself in Spanish with confidence and fluency? Insider's Spanish offers a local perspective on Spanish culture, opinions and language use so that you can speak confidently on today's most important and relevant topics. This intermediate Spanish conversation course, devised for all intermediate-level learners or those following on from Total or Perfect Spanish, will advance your overall fluency, listening comprehension and conversation skills, expand your vocabulary and improve your grammar. Through authentic, lively conversations around engaging topics, and the unique Michel Thomas Method for learning, this course focuses on the colloquial language and conversation strategies used by native Spanish speakers so that you can fit in and

communicate more naturally. Michel Thomas, the preeminent language teacher, always said that learners start by mastering basic linguist structures (as in his Total and Perfect courses), which provide the bare walls of the house, but that that it was up to us, the learner, to decorate it in our own personal way. Insider's Spanish reflects Michel Thomas's 'Phase 2' courses that he and his team offered at his New York language school, allowing increased vocabulary, improved speaking, comprehension and reading and writing skills - the tools with which to decorate their houses. Insider's Spanish includes: · Twenty authentic conversations around a comprehensive range of subjects that reflect contemporary Spanish culture · Language plus: conversation strategies, pronunciation and intonation to help learners express themselves naturally · Listening and speaking practice to help learners progress to the next level · Cultural insights into the unspoken rules of the language This ebook includes 10 chapters with integrated audio conversations. Why is the Michel Thomas Method so successful? The Michel Thomas Method draws on the principles of instructional psychology. Knowledge is structured and organised for the student so that you assimilate the language easily and don't forget it. The method deconstructs the language into building blocks that are introduced sequentially in such a way that the learner creates his/her response and moves on to ever-more-complex sentences. Michel said: I will dissect everything into small parts and reassemble it in such a way that one will understand everything step by step. He was also very clear about his ground rules: no memorisation, no drills, no homework; relax and leave off the anxiety normally associated with language learning.
