NEW CASTLE COUNTY POLICE DEPARTMENT

Arcadia Publishing The New Castle County Police Department has provided over a century of service to a county that continues to grow. In February 1913, two men were duly appointed and became the driving force of the New Castle County Rural Police. By the early 1930s, this small team evolved into an efficient police force. Today, the department has grown to be one of the top law enforcement agencies in the country and is comprised of approximately 350 law enforcement officers. Members of the New Castle County Police Department have displayed tremendous courage and sacrifice in the line of duty. The dedicated men and women of the force continue to provide a positive and invaluable service to the diverse communities of New Castle County.

DELAWARE POLITICS AND GOVERNMENT

U of Nebraska Press This volume provides a comprehensive analysis of both the historical and the contemporary dimensions of the politics and government of the "First State." Once a sparsely populated, agrarian, and relatively insignificant polity, Delaware has become a densely and diversely populated financial and legal center often called the "corporation capital of the world." Delaware's prime location has been central to its development and transition from a goods-producing economy to a fast-growing, service-based economy. Despite its diminutive size, Delaware is, in many ways, the nation's preferred corporate home. William W. Boyer and Edward C. Ratledge provide an overview of Delaware's history, structure, and present politics and explain why one of the smallest states in the country is also one of the most powerful. Delaware continually promotes pro-business legislation, business and public objectives are entwined, and privatization is a dominant theme in public affairs. The state has an individualistic political order in which public participation is indirect and citizen activism is limited.
