Being Nixon A Man Divided [Random House](#) The landmark New York Times bestselling biography of Richard M. Nixon, a political savant whose gaping character flaws would drive him from the presidency and forever taint his legacy. "A biography of eloquence and breadth . . . No single volume about Nixon's long and interesting life could be so comprehensive."—Chicago Tribune One of Time's Top 10 Nonfiction Books of the Year In this revelatory biography, Evan Thomas delivers a radical, unique portrait of America's thirty-seventh president, Richard Nixon, a contradictory figure who was both determinedly optimistic and tragically flawed. One of the principal architects of the modern Republican Party and its "silent majority" of disaffected whites and conservative ex-Dixiecrats, Nixon was also deemed a liberal in some quarters for his efforts to desegregate Southern schools, create the Environmental Protection Agency, and end the draft. The son of devout Quakers, Richard Nixon (not unlike his rival John F. Kennedy) grew up in the shadow of an older, favored brother and thrived on conflict and opposition. Through high school and college, in the navy and in politics, Nixon was constantly leading crusades and fighting off enemies real and imagined. He possessed the plainspoken eloquence to reduce American television audiences to tears with his career-saving "Checkers" speech; meanwhile, Nixon's darker half hatched schemes designed to take down his political foes, earning him the notorious nickname "Tricky Dick." Drawing on a wide range of historical accounts, Thomas's biography reveals the contradictions of a leader whose vision and foresight led him to achieve détente with the Soviet Union and reestablish relations with

communist China, but whose underhanded political tactics tainted his reputation long before the Watergate scandal. A deeply insightful character study as well as a brilliant political biography, *Being Nixon* offers a surprising look at a man capable of great bravery and extraordinary deviousness—a balanced portrait of a president too often reduced to caricature. Praise for *Being Nixon* “Terrifically engaging . . . a fair, insightful and highly entertaining portrait.”—*The Wall Street Journal* “Thomas has a fine eye for the telling quote and the funny vignette, and his style is eminently readable.”—*The New York Times Book Review* **One Man Against the World** *The Tragedy of Richard Nixon* [St. Martin's Griffin](#) A shocking and riveting look at one of the most dramatic and disastrous presidencies in US history, from Pulitzer Prize and National Book Award winner Tim Weiner. Based largely on documents declassified only in the last few years, *One Man Against the World* paints a devastating portrait of a tortured yet brilliant man who led the country largely according to a deep-seated insecurity and distrust of not only his cabinet and congress, but the American population at large. In riveting, tick-tock prose, Weiner illuminates how the Vietnam War and the Watergate controversy that brought about Nixon's demise were inextricably linked. From the hail of garbage and curses that awaited Nixon upon his arrival at the White House, when he became the president of a nation as deeply divided as it had been since the end of the Civil War, to the unprecedented action Nixon took against American citizens, who he considered as traitorous as the army of North Vietnam, to the infamous break-in and the tapes that bear remarkable record of the most intimate and damning conversations between the president and his confidantes, Weiner narrates the history of Nixon's anguished presidency in fascinating and fresh detail. A crucial new look at the greatest political suicide in history, *One Man Against the World* leaves us not only with new insight into this tumultuous period, but also into the motivations and demons of an American president who saw enemies everywhere, and, thinking the world was against him, undermined the foundations of the country he had hoped to lead. **Nixon's White House Wars** *The Battles That Made and Broke a President and Divided America Forever* [Crown Forum](#) From Vietnam to the Southern Strategy, from the opening of China to the scandal of Watergate, Pat Buchanan—speechwriter and senior adviser to President Nixon—tells the untold story of Nixon's embattled White House, from its historic wins to its devastating defeats. In his inaugural address, Nixon held out a hand in friendship to Republicans and Democrats alike. But by the fall of 1969, massive demonstrations in Washington and around the country had been mounted to break his presidency. In a brilliant appeal to what he called the “Great Silent Majority,” Nixon sent his enemies reeling. Vice President Agnew followed by attacking the blatant bias of the media in a fiery speech authored and advocated by Buchanan. And by 1970, Nixon's approval rating soared to 68 percent, and he was labeled “The Most Admired Man in America”. Then one by one, the crises came, from the invasion of Cambodia, to the protests that killed four students at Kent State, to race

riots and court ordered school busing. Buchanan chronicles Nixon's historic trip to China, and describes the White House strategy that brought about Nixon's 49-state landslide victory over George McGovern in 1972. When the Watergate scandal broke, Buchanan urged the president to destroy the Nixon tapes before they were subpoenaed, and fire Special Prosecutor Archibald Cox, as Nixon ultimately did in the "Saturday Night Massacre." After testifying before the Watergate Committee himself, Buchanan describes the grim scene at Camp David in August 1974, when Nixon's staff concluded he could not survive. In a riveting memoir from behind the scenes of the most controversial presidency of the last century, *Nixon's White House Wars* reveals both the failings and achievements of the 37th President, recorded by one of those closest to Nixon from before his political comeback, through to his final days in office. *President Nixon Alone in the White House* [Simon and Schuster](#) Biography of the President who led the United States through an era which included the Vietnam Conflict, publication of the Pentagon Papers, an end to the gold standard, affirmative action, and the disastrous Watergate scandal. *Nixonland The Rise of a President and the Fracturing of America* [Simon and Schuster](#) An exciting e-format containing 27 video clips taken directly from the CBS news archive of a brilliant, best-selling account of the Nixon era by one of America's most talented young historians. Between 1965 and 1972 America experienced a second civil war. Out of its ashes, the political world we know today was born. *Nixonland* begins in the blood and fire of the Watts riots-one week after President Johnson signed the Voting Rights Act, and nine months after his historic landslide victory over Barry Goldwater seemed to have heralded a permanent liberal consensus. The next year scores of liberals were thrown out of Congress, America was more divided than ever-and a disgraced politician was on his way to a shocking comeback: Richard Nixon. Six years later, President Nixon, harvesting the bitterness and resentment borne of that blood and fire, was reelected in a landslide even bigger than Johnson's, and the outlines of today's politics of red-and-blue division became already distinct. Cataclysms tell the story of Nixonland: • Angry blacks burning down their neighborhoods, while suburbanites defend home and hearth with shotguns. • The civil war over Vietnam, the assassinations, the riot at the Democratic National Convention. • Richard Nixon acceding to the presidency pledging a new dawn of national unity--and governing more divisively than any before him. • The rise of twin cultures of left- and right-wing vigilantes, Americans literally bombing and cutting each other down in the streets over political differences. • And, finally, Watergate, the fruit of a president who rose by matching his own anxieties and dreads with those of an increasingly frightened electorate--but whose anxieties and dreads produced a criminal conspiracy in the Oval Office. *Tricky Dick The Rise and Fall and Rise of Richard M. Nixon* [Skyhorse](#) Awarts and all biography of the most enduring American politician of the twentieth century. Drawing on his unprecedented access and insight about the 37th president, New York Times-bestselling author Roger Stone and his

co-author, award-winning investigative reporter Michael Colapietro, look at the totality of Richard Nixon's career, utilizing stunning new information either suppressed or unknown by the mainstream media of the time. Stone and his co-author trace Nixon's meteoric climb, from his first race for the House in 1947, his dogged pursuit of Soviet spy Alger Hiss (classified Russian documents released after the fall of the Soviet Union prove Hiss was indeed a KGB Spy), to Nixon's bruising campaign for the US Senate in 1950, his improbable selection by General Dwight D. Eisenhower to be vice president only six years after his election to Congress, the triumphs and humiliations of his vice presidential years, and his razor thin loss of the presidency to John F. Kennedy in 1960. Tricky Dick proves in intricate detail how the 1960 election was stolen from a surging Nixon, detailing voter fraud in both Texas and Illinois to a degree heretofore undocumented by political scientists and covered only by the New York Herald Tribune at the time. These New York Times-bestselling authors also detail Nixon's reinvention of himself as "the New Nixon" and the greatest single comeback in American history, culminating with Nixon's triumphant election as president in 1968. Tricky Dick also dissects the military industrial complex unhappiness with Nixon's end to the war in Vietnam, his historic strategic arms limitation agreement with the Soviets, his opening to China, and the resultant plot to bring Nixon down in the scandal known today as Watergate. "I knew Nixon in the late 80's. I met him in George Steinbrenner's box at Yankee Stadium. Roger Stone nails it. He really understands Nixon." —Donald J. Trump, 45th President of the United States

A Man Divided Annotated "What was it really like to be Richard Nixon? Evan Thomas tackles this fascinating question by peeling back the layers of a man driven by a poignant mix of optimism and fear. ... *The Last of the President's Men* [Simon and Schuster](#) Woodward exposes one of the final pieces of the Richard Nixon puzzle, examining the untold story of Alexander Butterfield, the Nixon aide who disclosed the secret White House taping system that changed history and led to Nixon's resignation. In forty-six hours of interviews with Butterfield, supported by thousands of documents, many of them original and not in the presidential archives and libraries, Woodward has uncovered new dimensions of Nixon's secrets, obsessions, and deceptions. *They Said No to Nixon* [Univ of California Press](#) "In more than 3,000 recorded conversations, the Nixon tapes famously exposed a president's sinister views of governance that would eventually lead to his downfall. Despite Richard Nixon's best efforts, his vision of a government where he could use his power to punish his political enemies never came to fruition because there were those in his party who defied the president's directives. While many are familiar with the Republicans who turned against Nixon during the final stages of the Watergate saga, *They Said No to Nixon* uncovers for the first time those within the administration--including Nixon's own appointees--who opposed the White House early on, quietly blocking the president's attacks on the IRS, the Justice Department, and other sectors of the federal

government. Culling from previously unpublished excerpts from the tapes and recently released material that expose the thirty-seventh president's uncensored views, Michael Koncewicz reveals how several Republican party members chose loyalty to their roles as civil servants over Nixon's attempts to expand the imperial presidency. Delving into the culture of criminality surrounding Watergate and why it did not succeed, *They Said No to Nixon* sheds light on the significant cultural and ideological shifts that occurred within the GOP during the pivotal 1970s. To this day, the Nixon tapes are a bracing reminder of the threat to constitutional order posed by a president who wields power without restraint"--Provided by publisher. *The Hardhat Riot Nixon, New York City, and the Dawn of the White Working-Class Revolution* [Oxford University Press, USA](#) "In May 1970, four days after Kent State, construction workers chased students through downtown Manhattan, beating scores of protesters bloody. As hardhats clashed with hippies, it soon became clear that something larger was underway- Democrats were at war with themselves. In *The Hardhat Riot*, David Paul Kuhn tells the fateful story of when the white working class first turned against liberalism, when Richard Nixon seized the breach, and America was forever changed. It was unthinkable one generation before: FDR's "forgotten man" siding with the party of Big Business and, ultimately, paving the way for presidencies from Ronald Reagan to Donald Trump. This is the story of the schism that tore liberalism apart. In this riveting story- rooted in meticulous research, including thousands of pages of never-before-seen records- we go back to a harrowing day that explains the politics of today. We experience an emerging class conflict between two newly polarized Americas, and how it all boiled over on one brutal day, when the Democratic Party's future was bludgeoned by its past."-- *Watergate* [Simon and Schuster](#) Sheds new light on the Watergate scandal that forced the resignation of Richard Nixon and altered the history of American politics. *Ike's Bluff President Eisenhower's Secret Battle to Save the World* [Hachette UK](#) Evan Thomas's startling account of how the underrated Dwight Eisenhower saved the world from nuclear holocaust. Upon assuming the presidency in 1953, Dwight Eisenhower set about to make good on his campaign promise to end the Korean War. Yet while Eisenhower was quickly viewed by many as a doddering lightweight, behind the bland smile and simple speech was a master tactician. To end the hostilities, Eisenhower would take a colossal risk by bluffing that he might use nuclear weapons against the Communist Chinese, while at the same time restraining his generals and advisors who favored the strikes. Ike's gamble was of such magnitude that there could be but two outcomes: thousands of lives saved, or millions of lives lost. A tense, vivid and revisionist account of a president who was then, and still is today, underestimated, *Ike's Bluff* is history at its most provocative and thrilling. *Richard Nixon The Life* [Vintage](#) From a prize-winning biographer comes the defining portrait of a man who led America in a time of turmoil and left us a darker age. We live today, John A. Farrell shows, in a world Richard Nixon made. At the end of WWII, navy lieutenant "Nick" Nixon

returned from the Pacific and set his cap at Congress, an idealistic dreamer seeking to build a better world. Yet amid the turns of that now-legendary 1946 campaign, Nixon's finer attributes gave way to unapologetic ruthlessness. The story of that transformation is the stunning overture to John A. Farrell's magisterial biography of the president who came to embody postwar American resentment and division. Within four years of his first victory, Nixon was a U.S. senator; in six, the vice president of the United States of America. "Few came so far, so fast, and so alone," Farrell writes. Nixon's sins as a candidate were legion; and in one unlawful secret plot, as Farrell reveals here, Nixon acted to prolong the Vietnam War for his own political purposes. Finally elected president in 1969, Nixon packed his staff with bright young men who devised forward-thinking reforms addressing health care, welfare, civil rights, and protection of the environment. It was a fine legacy, but Nixon cared little for it. He aspired to make his mark on the world stage instead, and his 1972 opening to China was the first great crack in the Cold War. Nixon had another legacy, too: an America divided and polarized. He was elected to end the war in Vietnam, but his bombing of Cambodia and Laos enraged the antiwar movement. It was Nixon who launched the McCarthy era, who played white against black with a "southern strategy," and spurred the Silent Majority to despise and distrust the country's elites. Ever insecure and increasingly paranoid, he persuaded Americans to gnaw, as he did, on grievances—and to look at one another as enemies. Finally, in August 1974, after two years of the mesmerizing intrigue and scandal of Watergate, Nixon became the only president to resign in disgrace. Richard Nixon is a gripping and unsparing portrayal of our darkest president. Meticulously researched, brilliantly crafted, and offering fresh revelations, it will be hailed as a master work. [Mayday 1971 A White House at War, a Revolt in the Streets, and the Untold History of America's Biggest Mass Arrest Houghton Mifflin](#) "A cinematic history of the largest act of civil disobedience in US history, in Richard Nixon's Washington"-- [Richard M. Nixon A Life in Full Hachette UK](#) From the late 1940s to the mid-1970s, Richard Nixon was a polarizing figure in American politics, admired for his intelligence, savvy, and strategic skill, and reviled for his shady manner and cutthroat tactics. Conrad Black, whose epic biography of FDR was widely acclaimed as a masterpiece, now separates the good in Nixon -- his foreign initiatives, some of his domestic policies, and his firm political hand -- from the sinister, in a book likely to generate enormous attention and controversy. Black believes the hounding of Nixon from office was partly political retribution from a lifetime's worth of enemies and Nixon's misplaced loyalty to unworthy subordinates, and not clearly the consequence of crimes in which he participated. Conrad Black's own recent legal travails, though hardly comparable, have undoubtedly given him an unusual insight into the pressures faced by Nixon in his last two years as president and the first few years of his retirement. [After the Fall The Remarkable Comeback of Richard Nixon Simon and Schuster](#) [A Main Selection of the History Book Club! The Astonishing Comeback of Richard Nixon On August 9,](#)

1974, Richard Nixon became the first and only U.S. president to resign from office—to avoid almost certain impeachment. Utterly disgraced, he was forced to flee the White House with a small cadre of advisors and family. Richard Nixon was a completely defeated man. Yet only a decade later, Nixon was a trusted advisor to presidents, dispensing wisdom on campaign strategy and foreign policy, shaping the course of U.S.-Soviet summit meetings, and representing the U.S. at state funerals—the very model of an elder statesman. How did he do it? Nixon leveraged his still sharp mind, his peerless political instincts, his deep connections with foreign leaders—but, above all, his stubborn refusal to accept defeat—to achieve a political restoration as astonishing as the fall that preceded it. Kasey S. Pipes, advisor to President George W. Bush, tells the fascinating story of Nixon’s comeback. Using unprecedented access to the private post-presidential documents at the Nixon Library, Pipes reveals inside information that has never been reported about Nixon’s successful campaign to repair his reputation and resuscitate his career, including: The true story behind the supposed medical “hoax” to get Nixon out of testifying at the Watergate trials of his aides in Washington The strategy behind Nixon’s apparently accidental on-air “confession” of the Watergate coverup to interviewer David Frost How Nixon’s advice on the Strategic Defense Initiative (SDI) shaped Ronald Reagan’s negotiations with Gorbachev—and changed history How Nixon traveled to China after Tiananmen Square to help preserve the U.S.-Chinese relations that he had opened up years earlier The Saturday morning presidential radio address: a Nixon idea Nixon’s surprising friendship with Bill Clinton After the Fall is the gripping and never-before-told story of one of the most remarkable reversals of fortune in American political history. Leaders Profiles and Reminiscences of Men Who Have Shaped the Modern World [Simon and Schuster](#) When Nikita Khrushchev shouted contempt for the United States in his famous “Kitchen Debate” with Vice President Richard Nixon, Americans gasped at the sudden glimpse of the Soviet leader’s character. At the time cameras and reporters were present. But how much more would we have learned if we could have traveled the globe with Richard Nixon and met privately with others who have shaped the modern world? Richard Nixon knew virtually every major foreign leader since World War II—some at the pinnacle of power, some during their “years in the wilderness” out of power, and still others toward the end of their lives. His was an unparalleled opportunity to gain insight into the nature of the powerful and qualities of leadership. In *Leaders*, Nixon shares these insights and experiences. He illustrates these leaders in private, assesses their careers, recalls words of wisdom, and brings to bear his own judgments. We meet the co-architects of the New Japan, Douglas MacArthur and Shigeru Yoshida. Encountering the legendary leaders of China—Mao Zedong, Zhou Enlai, and Chiang Kai-shek—we see the men behind the events. We see the intensely private Charles DeGaulle; explore the philosophies of Konrad Adenauer; confront Leonid Brezhnev; and delight in the company of Winston Churchill—not to

mention Nixon's analyses of interactions with dozens of other leaders. No one but Richard Nixon could have written this book. It is at once as personal as a handclasp and as objective as only so earnest a student of history could have made it. **New York Magazine** New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea. **Presidential Courage Brave Leaders and How They Changed America 1789-1989** [Simon and Schuster](#) Documents crucial historical moments in each of the first forty-three presidencies during which the future of the United States has been dramatically affected by a bold executive decision, in an account that offers insight into the factors that influenced the most difficult choices made by each president. Reprint. 100,000 first printing. **King Richard Nixon and Watergate--An American Tragedy** [Knopf](#) ONE OF USA TODAY'S BEST BOOKS OF THE YEAR • A riveting account of the crucial days, hours, and moments when the Watergate conspiracy consumed, and ultimately toppled, a president—from the best-selling author of *One Minute to Midnight*. In January 1973, Richard Nixon had just been inaugurated after winning re-election in a historic landslide. He enjoyed an almost 70 percent approval rating. But by April 1973, his presidency had fallen apart as the Watergate scandal metastasized into what White House counsel John Dean called “a full-blown cancer.” **King Richard** is the intimate, utterly absorbing narrative of the tension-packed hundred days when the Watergate conspiracy unraveled as the burglars and their handlers turned on one another, exposing the crimes of a vengeful president. Drawing on thousands of hours of newly-released taped recordings, **Michael Dobbs** takes us into the heart of the conspiracy, recreating these traumatic events in cinematic detail. He captures the growing paranoia of the principal players and their desperate attempts to deflect blame as the noose tightens around them. We eavesdrop on Nixon plotting with his aides, raging at his enemies, while also finding time for affectionate moments with his family. The result is an unprecedentedly vivid, close-up portrait of a president facing his greatest crisis. Central to the spellbinding drama is the tortured personality of Nixon himself, a man whose strengths, particularly his determination to win at all costs, become his fatal flaws. Rising from poverty to become the most powerful man in the world, he commits terrible errors of judgment that lead to his public disgrace. He makes himself—and then destroys himself. Structured like a classical tragedy with a uniquely American twist, **King Richard** is an epic, deeply human story of ambition, power, and betrayal. **Frost/Nixon Behind the Scenes of the Nixon Interviews** [Harper Collins](#) Following the resounding success of the eponymous West End and Broadway hit play, **Frost/Nixon** tells the extraordinary story of how Sir David Frost pursued and landed the biggest fish of his career—and how the series drew

larger audiences than any news interview ever had in the United States, before being shown all over the world. This is Frost's absorbing story of his pursuit of Richard Nixon, and is no less revealing of his own toughness and pertinacity than of the ex-President's elusiveness. Frost's encounters with such figures as Swifty Lazar, Ron Ziegler, potential sponsors, and Nixon as negotiator are nothing short of hilarious, and his insight into the taping of the programs themselves is fascinating. Frost/Nixon provides the authoritative account of the only public trial that Nixon would ever have, and a revelation of the man's character as it appeared in the stress of eleven grueling sessions before the cameras. Including historical perspective and transcripts of the edited interviews, this is the story of Sir David Frost's quest to produce one of the most dramatic pieces of television ever broadcast, described by commentators at the time as "a catharsis" for the American people. **The Man to See** [Simon and Schuster](#) This bestselling biography of legendary trial lawyer Edward Bennett Williams is "a skillful and lively portrait of a larger-than-life lawyer" (Kirkus Reviews). Legendary attorney Edward Bennet Williams was arguably the best trial lawyer ever to practice. Now, for the first time, bestselling author Evan Thomas takes us into the courtrooms of Williams's greatest performances as he defends "Godfather" Frank Costello, Jimmy Hoffa, Frank Sinatra, The Washington Post, and others, as well as behind the scenes where the witnesses are coached, the traps set, and the deals cut. In addition to being a lawyer of unprecedented influence, Williams was also an important Washington insider, privy to the secrets of America's most powerful men. Thomas tells the truth behind the stories that made Williams one of the most talked about public figures of his time, including Williams's role in the publication of the Pentagon Papers and the possibility that Williams may have been Watergate's Deep Throat. Based on Thomas's exclusive access to Williams's papers, **The Man to See** is an unprecedented look at the strategies and influence of this exceptional man. **Kennedy & Nixon The Rivalry that Shaped Postwar America** [Simon and Schuster](#) In this compelling, smart, and well-researched dual biography, Chris Matthews shows how the contest between the charismatic John F. Kennedy and the talented yet haunted Richard Nixon propelled America toward Vietnam and Watergate. John F. Kennedy and Richard Nixon each dreamed of becoming the great young leader of their age. First as friends, then as bitter enemies, they were linked by a historic rivalry that changed both them and their country. Fresh, entertaining, and revealing, **Kennedy & Nixon** reveals that the early fondness between the two men—Kennedy, for example, told a trusted friend that if he didn't receive the Democratic nomination in 1960, he would vote for Nixon—degenerated into distrust and bitterness. Using White House tapes, this book exposes Richard Nixon's dread of a Kennedy "restoration" in 1972 drove the dark deeds of Watergate. "Matthews tells his stories well, and Americans have a seemingly bottomless need to have these stories retold" (The New York Times Book Review). **Sea of Thunder Four Commanders and the Last Great Naval Campaign 1941-1945** [Simon and Schuster](#) **A**

suspenseful account of the Battle of Leyte Gulf in October 1944 is told through the commands of four naval leaders, including two American commanders and two Japanese admirals, and offers insight into how the war reflected profound cultural differences. Reprint. 75,000 first printing. *Safire Before Fall* [Da Capo Press, Incorporated](#) The Pulitzer Prize-winning author presents a portrait of the Nixon White House prior to the Watergate affair *The Fall of Richard Nixon A Reporter Remembers Watergate* [Random House](#) Bestselling author Tom Brokaw brings readers inside the White House press corps in this up-close and personal account of the fall of an American president. In August 1974, after his involvement in the Watergate scandal could no longer be denied, Richard Nixon became the first and only president to resign from office in anticipation of certain impeachment. The year preceding that moment was filled with shocking revelations and bizarre events, full of power politics, legal jujitsu, and high-stakes showdowns, and with head-shaking surprises every day. As the country's top reporters worked to discover the truth, the public was overwhelmed by the confusing and almost unbelievable stories about activities in the Oval Office. Tom Brokaw, who was then the young NBC News White House correspondent, gives us a nuanced and thoughtful chronicle, recalling the players, the strategies, and the scandal that brought down a president. He takes readers from crowds of shouting protesters to shocking press conferences, from meetings with Attorney General Elliot Richardson and White House Chief of Staff Alexander Haig, to overseas missions alongside Henry Kissinger. He recounts Nixon's claims of executive privilege to withhold White House tape recordings of Oval Office conversations; the bribery scandal that led to the resignation of Vice President Spiro Agnew and his replacement by Gerald Ford; the firing of Special Prosecutor Archibald Cox; how in the midst of Watergate Nixon organized emergency military relief for Israel during the Yom Kippur War; the unanimous decision of the Supreme Court that required Nixon to turn over the tapes; and other insider moments from this important and dramatic period. *The Fall of Richard Nixon* allows readers to experience this American epic from the perspective of a journalist on the ground and at the center of it all. Praise for *The Fall of Richard Nixon* "A divided nation. A deeply controversial president. Powerful passions. No, it's not what you're thinking, but Tom Brokaw knows that the past can be prologue, and he's given us an absorbing and illuminating firsthand account of how Richard Nixon fell from power. Part history, part memoir, Brokaw's book reminds us of the importance of journalism, the significance of facts, and the inherent complexity of power in America."—Jon Meacham, Pulitzer Prize-winning author of *The Soul of America One of Us* *Richard Nixon and the American Dream* From his seemingly "poor boy makes good" childhood to his college years, this piercing, perceptive examination of the people, places, and events that shaped the character of Richard Nixon gives the reader a rare and a fair glimpse of the forces that shaped him. "From the Trade Paperback edition. *Political Power: Richard Nixon* [Bluewater Productions](#) He was considered by some to be the most qualified man to

ever hold the office of President of the United States, yet he is the one who wound up tainting it the most. Bluewater examines the life of Richard Milhous Nixon, and what melded a man so capable world leaders solicited his advice until his death yet remains one of the most contradictory and controversial figures in all of American history, a man who divided a nation yet eventually helped it heal and whose legacy affected every President who came afterward and continues to be felt today. **The Most Dangerous Man in America Timothy Leary, Richard Nixon and the Hunt for the Fugitive King of LSD** [Twelve](#) From Bill Minutaglio and Steven L. Davis, authors of the PEN Center USA award-winning **Dallas 1963**, comes a madcap narrative about Timothy Leary's daring prison escape and run from the law. On the moonlit evening of September 12, 1970, an ex-Harvard professor with a genius I.Q. studies a twelve-foot high fence topped with barbed wire. A few months earlier, Dr. Timothy Leary, the High Priest of LSD, had been running a gleeful campaign for California governor against Ronald Reagan. Now, Leary is six months into a ten-year prison sentence for the crime of possessing two marijuana cigarettes. Aided by the radical Weather Underground, Leary's escape from prison is the counterculture's union of "dope and dynamite," aimed at sparking a revolution and overthrowing the government. Inside the Oval Office, President Richard Nixon drinks his way through sleepless nights as he expands the war in Vietnam and plots to unleash the United States government against his ever-expanding list of domestic enemies. Antiwar demonstrators are massing by the tens of thousands; homemade bombs are exploding everywhere; Black Panther leaders are threatening to burn down the White House; and all the while Nixon obsesses over tracking down Timothy Leary, whom he has branded "the most dangerous man in America." Based on freshly uncovered primary sources and new firsthand interviews, **THE MOST DANGEROUS MAN IN AMERICA** is an American thriller that takes readers along for the gonzo ride of a lifetime. Spanning twenty-eight months, President Nixon's careening, global manhunt for Dr. Timothy Leary winds its way among homegrown radicals, European aristocrats, a Black Panther outpost in Algeria, an international arms dealer, hash-smuggling hippies from the Brotherhood of Eternal Love, and secret agents on four continents, culminating in one of the trippiest journeys through the American counterculture. **A River Divided The Story & Biography of ' Chief ' Coppa Hembo The Success and Triumph of the Maidu and Washoe people under Coppa Hembo's Leadership in EL Dorado County California** [Xlibris Corporation](#) Coppa Hembo was a fascinating historical figure. Born of a Maidu father and Washoe mother he would rise to become the primary Huuk (Chief) for nearly 50 years over the Hill Nisenan band of the Southern Maidu, with authority over the Maidu and Washoe people living on the Divide between the forks of the Natoman (American) River. As a young man he had been attacked by a grizzly bear which he managed to kill, permanently disfigured by the mauling he was given the name Coppa Hembo (Grizzly Bear Killer). He would lead his people in battles against slave raiders but managed to keep his

people out of both the First and Second Indian Wars of El Dorado County continuing to live in peace with the horde of invading miners. Coppa Hembo's leadership included arranging for his people to be vaccinated against small pox in 1852. His reputation for wisdom and impartiality found him serving as both a judge and keeper of the peace for both Indians and non-Indians. A staunch proponent of education he arranged to help the local school system during conflicts arising from the American Civil War. He would guide his people into full integration into the American society thus saving them from being rounded up and herded onto reservations. His is not a story of tragedy but instead one of triumph for a true American Hero. **The Greatest Comeback How Richard Nixon Rose from Defeat to Create the New Majority** [Crown Forum](#) Patrick J. Buchanan, bestselling author and senior advisor to Richard Nixon, tells the definitive story of Nixon's resurrection from the political graveyard and his rise to the presidency. After suffering stinging defeats in the 1960 presidential election against John F. Kennedy, and in the 1962 California gubernatorial election, Nixon's career was declared dead by Washington press and politicians alike. Yet on January 20, 1969, just six years after he had said his political life was over, Nixon would stand taking the oath of office as 37th President of the United States. How did Richard Nixon resurrect a ruined career and reunite a shattered and fractured Republican Party to capture the White House? In **The Greatest Comeback**, Patrick J. Buchanan--who, beginning in January 1966, served as one of two staff members to Nixon, and would become a senior advisor in the White House after 1968--gives a firsthand account of those crucial years in which Nixon reversed his political fortunes during a decade marked by civil rights protests, social revolution, The Vietnam War, the assassinations of JFK, RFK, and Martin Luther King, urban riots, campus anarchy, and the rise of the New Left. Using over 1,000 of his own personal memos to Nixon, with Nixon's scribbled replies back, Buchanan gives readers an insider's view as Nixon gathers the warring factions of the Republican party--from the conservative base of Barry Goldwater to the liberal wing of Nelson Rockefeller and George Romney, to the New Right legions of an ascendant Ronald Reagan--into the victorious coalition that won him the White House. How Richard Nixon united the party behind him may offer insights into how the Republican Party today can bring together its warring factions. **The Greatest Comeback** is an intimate portrayal of the 37th President and a fascinating fly on-the-wall account of one of the most remarkable American political stories of the 20th century. **The Very Best Men Four Who Dared: The Early Years of the CIA** [Simon and Schuster](#) Tells the story of the CIA from the end of World War II to Vietnam through the careers of four extraordinary men whose fall from favor had enormous consequences for Cold War policy **Nixon Reconsidered** A revealing look at a president and his role in history argues that Watergate and foreign policy successes overshadowed Nixon's domestic accomplishments, including reforms in welfare, civil rights, economic and environmental policy, and reorganization of federal bureaucracy. **Captive A full**

length STANDALONE book. She's his captive. He's her captor. Their relationship is a volatile push and pull. He plays the villain, and she plays the victim; each play their roles to a tee. One buries the past to forget, the other fights to remind the other how they began. She is desperate to escape. He is desperate to keep her. One thing is clear: Only one will be left standing at the end. In *Search Of Deep Throat The Greatest Political Mystery Of Our Time* [Basic Books](#) More than a quarter century after Bob Woodward introduced his Scotch-drinking, cigarette-smoking, garage-skulking friend and source in *All the President's Men*, the public remains enduringly engrossed by the mystery of Deep Throat's identity. Leonard Garment became fascinated himself and began his own search for Deep Throat. This is the story of that hunt and its successful outcome, a hunt conducted in quintessential Washington fashion: at lunches, dinners, and parties, through the examination of secret, classified documents and testimony, and assisted by liberal doses of political gossip and insider tips from Woodward himself. *New York Magazine* *New York* magazine was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea. *The War Lovers* Roosevelt, Lodge, Hearst, and the Rush to Empire, 1898 [Hachette UK](#) On February 15, 1898, the American ship USS Maine mysteriously exploded in the Havana Harbor. News of the blast quickly reached U.S. shores, where it was met by some not with alarm but great enthusiasm. A powerful group of war lovers agitated that the United States exert its muscle across the seas. Theodore Roosevelt and Henry Cabot Lodge were influential politicians dismayed by the "closing" of the Western frontier. William Randolph Hearst's *New York Journal* falsely heralded that Spain's "secret infernal machine" had destroyed the battleship as Hearst himself saw great potential in whipping Americans into a frenzy. The Maine would provide the excuse they'd been waiting for. On the other side were Roosevelt's former teacher, philosopher William James, and his friend and political ally, Thomas Reed, the powerful Speaker of the House. Both foresaw a disaster. At stake was not only sending troops to Cuba and the Philippines, Spain's sprawling colony on the other side of the world-but the friendships between these men. Now, bestselling historian Evan Thomas brings us the full story of this monumental turning point in American history. Epic in scope and revelatory in detail, *The War Lovers* takes us from Boston mansions to the halls of Congress to the beaches of Cuba and the jungles of the Philippines. It is landmark work with an unforgettable cast of characters-and provocative relevance to today. *Nixon* [Simon and Schuster](#) Volume one of Nixon's biography. *Nixon: The triumph of a politician, 1962-1972* This is volume one of a biography of one of the most elusive and intriguing American political figures, Richard M. Nixon, covering his life from birth through 1962. *Divided America*

on the World Stage Broken Government and Foreign Policy Potomac Books, Inc. **How America's political divisions influence our foreign policy.**
