THE HEATH ANTHOLOGY OF AMERICAN LITERATURE

ANTHOLOGIZING POE

EDITIONS, TRANSLATIONS, AND (TRANS)NATIONAL CANONS

Lehigh University Press This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize, revere, and critique today. In the spheres of literature and popular culture, Poe wields more global influence than any other U.S. author. This influence, however, cannot be attributed solely to the quality of Poe's texts or to his compellingly tragic biography. Rather, his continued prominence as a writer owes much to the ways that Poe has been interpreted, portrayed, and packaged by an extensive group of mediators ranging from anthologizers, editors, translators, and fellow writers to literary critics, filmmakers, musicians, and illustrators. In this volume, the work of presenting Poe's texts for public consumption becomes a fascinating object of study in its own right, one that highlights the powerful and often overlooked influence of those who have edited, anthologized, translated, and adapted the author's writing over the past 170 years.

THE YELLOW WALLPAPER

POPULAR BOOKS BY CHARLOTTE PERKINS GILMAN : ALL TIMES BESTSELLER DEMANDING BOOKS

[BEYOND BOOKS HUB](#) **The Yellow Wallpaper by Charlotte Perkins Gilman The Yellow Wallpaper is a 6,000-word short story by the American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine. It is regarded as an important early work of American feminist literature for its portrayal of how women's health (both physical and mental) were perceived in the 19th century. Written as a collection of journal entries, the story details the narrator's descent into madness. Her husband has rented a mansion for the summer. A physician, he has forbidden his wife from working or writing whilst she recovers from depression. The Yellow Wallpaper by Charlotte Perkins Gilman She offers up many suggestions that might help her, such as exercising and socialising, but she is dismissed as not able to offer ideas on her own condition. Alone in the upstairs nursery, our narrator becomes fixated on the wallpaper in the room, describing in detail its colour, smell, and pattern. Eventually, she begins to see a figure in the design, and comes to believe that there is a woman behind it; a woman who, like her, was confined there against her will. Charlotte Perkins Gilman said that the idea for the story came from her own experience as a patient who suffered years of depression. Like Jane in the book, she had been prescribed a 'rest' from work, and was only allowed 2 hours of mental stimulation a day.**

AMERICAN MYTHOLOGIES

ESSAYS ON CONTEMPORARY LITERATURE

Liverpool University Press In its more than three decades of existence, the discipline of American studies has been reliably unreliable, its boundaries and assumptions forever shifting as it continuously repositions itself to better address the changing character of American life, literature, and culture. *American Mythologies* is a challenging new look at the current reinvention of American studies, a reinvention that has questioned the whole notion of what "American"—let alone "American studies"—means. Essays in the collection range widely in considering these questions, from the effect of Muhammad Ali on Norman Mailer's writings about boxing to the interactions of myth and memory in the fictions of Jayne Anne Phillips to the conflicted portrayal of the American West in Cormac McCarthy's novels. Four essays in the collection focus on Native American authors, including Leslie Marmon Silko and Gerald Vizenor, while another considers Louise Erdrich's novels in the context of Ojibwa myth. By bringing together perspectives on American studies from both Europe and America, *American Mythologies* provides a clear picture of the current state of the discipline while pointing out fruitful directions for its future.

APPROACHES TO AMERICAN CULTURAL STUDIES

Routledge *Approaches to American Cultural Studies* provides an accessible yet comprehensive overview of the diverse range of subjects encompassed within American Studies, familiarising students with the history and shape of American Studies as an academic subject as well as its key theories, methods, and concepts. Written and edited by an international team of authors based primarily in Europe, the book is divided into four thematically-organised sections. The first part delineates the evolution of American Studies over the course of the twentieth century, the second elaborates on how American Studies as a field is positioned within the wider humanities, and the third inspects and deconstructs popular tropes such as myths of the West, the self-made man, Manifest Destiny, and representations of the President of the United States. The fourth part introduces theories of society such as structuralism and deconstruction, queer and transgender theories, border and hemispheric studies, and critical race theory that are particularly influential within American Studies. This book is supplemented by a companion website offering further material for study (www.routledge.com/cw/dallmann). Specifically designed for use on courses across Europe, it is a clear and engaging introductory text for students of American culture.

THE HEATH ANTHOLOGY OF AMERICAN LITERATURE: LATE NINETEENTH CENTURY, 1865-1910, MODERN PERIOD, 1910-1945, CONTEMPORARY PERIOD, 1945 TO PRESENT

THE OXFORD HANDBOOK OF EMILY DICKINSON

Oxford University Press The **Oxford Handbook of Emily Dickinson** is designed to engage, inform, interest, and delight students and scholars of Emily Dickinson, of nineteenth-century US literature and cultural studies, of American poetry, and of the lyric. It also establishes potential agendas for future work in the field of Dickinson studies. This is the first collection on Dickinson to foreground the material and social culture of her time while opening new windows to interpretive possibility in ours. The volume strives to balance Dickinson's own center of gravity in the material culture and historical context of nineteenth-century Amherst with the significance of important critical conversations of our present, thus understanding her poetry with the broadest "Latitude of Home"—as she puts it in her poem "Forever-is composed of Nows." Debates about the lyric, about Dickinson's manuscripts and practices of composition, about the viability of translation across language, media, and culture, and about the politics of class, gender, place, and race circulate through this volume. These debates matter to our moment but also to our understanding of hers. Although rooted in the evolving history of Dickinson criticism, the chapters foreground truly new original research and a wide range of innovative critical methodologies, including artistic responses to her poetry by musicians, visual artists, and other poets. The suppleness and daring of Dickinson's thought and uses of language remain open to new possibilities and meanings, even while they are grounded in contexts from over 150 years ago, and this collection expresses and celebrates the breadth of her accomplishments and relevance.

IDENTITY IN EDUCATION

Springer This volume explores the impact of social identity on teaching and learning. The contributors argue, from the perspective of diverse disciplinary and educational contexts, that mobilizing identities in the classroom is a necessary part of progressive educators' efforts to transform knowledge-making and to create a more just and democratic society.

THE GODDESS MYTH IN CONTEMPORARY LITERATURE AND POPULAR CULTURE

A FEMINIST CRITIQUE

Univ. Press of Mississippi **Goddess characters are revered as feminist heroes in the popular media of many cultures. However, these goddess characters often prove to be less promising and more regressive than most people initially perceive. Goddesses in film, television, and fiction project worldviews and messages that reflect mostly patriarchal culture (included essentialized gender assumptions), in contrast to the feminist, empowering levels many fans and critics observe. Building on critiques of other skeptical scholars, this feminist, folkloristic approach deepens how our remythologizing of the ancient past reflects a contemporary worldview and rhetoric. Structures of contemporary goddess myths often fit typical extremes as either vilified, destructive, dark, and chaotic (typical in film or television); or romanticized, positive, even utopian (typical in women's speculative fiction). This goddess spectrum persistently essentializes gender, stereotyping women as emotional, intuitive, sexual, motherly beings (good or bad), precluded from complex potential and fuller natures. Within apparent good-over-evil, pop-culture narrative frames, these goddesses all suffer significantly. However, a few recent intersectional writers, like N. K. Jemisin, break through these dark reflections of contemporary power dynamics to offer complex characters who evince "hopepunk." They resist typical simplified, reductionist absolutes to offer messages that resonate with potential for today's world. Mythic narratives featuring goddesses often do, but need not, serve merely as ideological mirrors of our culture's still problematically reductionist approach to women and all humanity.**

LOOKING FORWARD, LOOKING BACK

IMAGES OF EASTERN EUROPEAN JEWISH MIGRATION TO AMERICA IN CONTEMPORARY AMERICAN CHILDREN'S LITERATURE

Rodopi How is the life-altering event of migration narrated for children, especially if it was caused by Anti-Semitism and poverty? What of the country of origin is remembered and what is forgotten, and what of the target country when the migration is imagined there a century later? *Looking Forward, Looking Back* examines today's representation of Jewish mass migration from Eastern Europe to America around the turn of the last century. It explores the collective story that emerges when American authors look back at this exodus from an Eastern European home to a new one to be established in America. Focusing on children's literature, it investigates a wide range of texts including young adult literature as well as picture books and hence sheds light on the dynamics of the verbal and the visual in generating images of the self and other, the familiar and the strange. This book is of interest to scholars in the field of imagology, children's literature, cultural studies, American studies, Slavic studies, and Jewish studies.

NEW AMERICAN STORIES

[Granta Books](#) The short story is a barometer for the state and shape of literature. **New American Stories** presents the boldest, most innovative and most resonant fiction coming out of the American literary scene. Ben Marcus, author of *The Flame Alphabet* and *Leaving the Sea*, has here curated an anthology that gives the lay of the literary land. From established masters of the form like Don DeLillo and Lydia Davis to neoteric trailblazers such as Rebecca Curtis and Rachel B. Glaser, this collection sees Marcus trying to 'prove that the distinctions we erect between styles and approaches to fiction can be essentially meaningless'. The result is a must-read, must-own volume for readers of literary fiction.
