Grammar and Dictionary of the Samoan Language

The Samoa Islands

An Outline of a Monograph With Particular Consideration of German Samoa : Constitution, Pedigrees and Traditions With 3 Plates, 4 Maps and 44 Illustrations

University of Hawaii Press Augustin Kramer's account of his sojourn in the Samoa Islands from 1897 to 1899. Of particular importance to Samoans are the original documents containing ceremonial greetings and genealogical pedigrees. All Samoan language texts have been retained in this edition.

O Tama a 'āiga

The Politics of Succession to Sāmoa's Paramount Titles

editorips@usp.ac.fj

A Grammar and Dictionary of the Samoan Language

Pālemia

A Memoir

Palemia tells the story of how a boy from an isolated village grew up to become Prime Minister of Samoa. It follows his journey from Lepa to Apia, Wellington, Brussels, Singapore, Beijing, Tokyo, London, New York and many other international destinations, always returning to Lepa and the Fa'asamoa that shaped him. Tuila'epa Sa'ilele Malielegaoi is Samoa's longest-serving Prime Minister. His premiership has been marked by political and economic crises, natural disasters, regional tensions and local challenges. Tuila'epa's political career started during turbulent times but has resulted in an unprecedented period of political stability and economic development through his leadership in modernising the economy, improving education and health and reducing poverty in Samoa. Palemia captures the voice, documents the life, and places in context a record of the most significant Samoan political leader of this generation, and contains many useful insights into the social, cultural and economic development of Samoa and the wider Pacific region. 'In collaboration with Peter Swain, a superb conveyer of information, Tuila'epa narrates his entry into politics and his rise to power. The book is a fascinating biography and provides a stimulating, thoughtful, original and authoritative perspective on Samoan political life - from the inside.' --Professor Stephen Levine.

O la Ta Gagana

Tamaitai Samoa

Their Stories

editorips@usp.ac.fj This is the story of Samoan women written in their own words. Sometimes sad, often exhilarating and always interesting, this is a fascinating insight into an ancient culture viewed from the perspective of women. In an often male dominated society the book tells us much that we may have already suspected. ... that even in overtly male societies women are powerful.

Bring the People Back to My Love

A Rosary for the Children of Light

Child of Light, Return to My Love. You are a Child of Light. A divine decree was established long ago for each Child of Light to personally experience the eternal love of the Lord. This Rosary is given to remind you of the eternal bond you share with the Lord. Say the Rosary and afterward, while in prayer and meditation, open your heart to receive a response to your prayers and guidance about your life.

Joseph Smith and the Beginnings of Mormonism

University of Illinois Press Focuses on the first twenty-five years of Smith's life, describes his visions, and recounts how he established the Church of the Latter-day Saints

Super-Diversity

'Super-diversity' is a term denoting a transformation of population patterns, especially arising from shifts in global mobility. Around the world over the past three decades, there have been increasing movements of people from more varied national, ethnic, linguistic and religious backgrounds; in addition, there has been a diversification of migration channels, legal statuses and conditions, gender and age ratios and forms of human capital. In light of complex new social formations, Super-diversity highlights the need for policymakers to recognize new conditions created by these changes and underlines the necessity for social scientists to rethink fundamental approaches to migration.

Englising My Samoan Selected Speeches and Letters Oceanic Encounters Exchange, Desire, Violence

ANU E Press This volume, the result of ongoing collaborations between Australian and French anthropologists, historians and linguists, explores encounters between Pacific peoples and foreigners during the longue durée of European exploration, colonisation and settlement from the sixteenth century to the twentieth century. It deploys the concept of `encounter; rather than the more common idea of `first contact; for several reasons. Encounters with Europeans occurred in the context of extensive prior encounters and exchanges between Pacific peoples, manifest in the distribution of languages and objects and in patterns of human settlement and movement. The concept of encounter highlights the mutuality in such meetings of bodies and minds, whereby preconceptions from both sides were brought into confrontation, dialogue, mutual influence and ultimately mutual transformation. It stresses not so much prior visions of `strangers; or `others; but the contingencies in events of encounter and how senses other than vision were crucial in shaping reciprocal appraisals. But a stress on mutual meanings and interdependent agencies in such cross-cultural encounters should not occlude the tumultuous misunderstandings, political contests and extreme violence which also characterised Indigenous-European interactions over this period.

The Book of Mormon

The Earliest Text

Now in paperback, this corrected text is based on the earliest sources and represents the most accurate and readable edition of the Book of Mormon ever published "The product of over two decades of painstaking labor by Royal Skousen . . . this Yale edition aims to take us back to the text Smith envisioned as he translated, according to the faithful, from golden plates that he unearthed in upstate New York."--Stephen Prothero, Wall Street Journal "Will forever change the way Latter-day Saints approach modern scripture. Two hundred years from now... students of the Book of Mormon will still be poring over Skousen's work. What he has accomplished is nothing short of phenomenal."--Grant Hardy, Journal of Book of Mormon Studies First published in 1830, the Book of Mormon is the authoritative scripture of the Church of Jesus Christ of Latter-day Saints. Over the past thirty years, editor Royal Skousen has pored over Joseph Smith's original manuscripts and earliest editions and identified about 2,250 textual errors, although many of these discrepancies stem from inadvertent errors in copying and typesetting the text. The first edition of The Book of Mormon: The Earliest Text, published in 2009 to critical acclaim, contained over 600 corrections that had never before appeared in any standard edition of the Book of Mormon, with about 250 of them affecting the text's meaning. This revised, second edition, issued in paperback, includes additional corrections as well as an illuminating new introduction by Royal Skousen. It will provide a portable, accessible version of this important text.

Practice Makes Perfect: Complete Italian All-in-One

McGraw Hill Professional Get six times the language-learning expertise for the price of one book! More than two million students have turned to the Practice Makes Perfect series for a trusted guide to help build their language-learning skills. And, now this bestselling brand offers you all of the tools you need to improve your Italian in one value-packed workbook. Featuring six titles in one volume, Practice Makes Perfect: Complete Italian All-in-One provides a solid foundation of verbs, vocabulary and grammar, and conversational structures. This one-stop resource includes thorough explanations that are reinforced by hundreds of hands-on practice exercises to help you build the skills you communicate in Italian with confidence. A comprehensive index makes it easy to reference all grammar explanations throughout the book. This comprehensive program also offers you extensive support through McGraw-Hill Education's unique Language Lab app. You'll find flashcards sets for all vocabulary lists throughout the book as well as audio recordings for conversation practice. Practice Makes Perfect: Complete Italian All-in-One features:

- Six titles in one convenient volume: Complete Italian Grammar; Italian Conversation; Italian Verb Tenses; Italian Sentence Builder; Italian Pronouns and Prepositions; and Italian Vocabulary
- An integrated approach that allows you to study at your own level and develop language skills at your own pace
- Extensive digital support available via the McGraw-Hill Education Language Lab app
- Digital flashcards for all vocabulary lists throughout the book
- Streaming audio recordings for conversation practice

Book of Mormon Authorship Revisited

The Evidence for Ancient Origins

Foundation for Ancient Research & Members of the Church of Jesus Christ of Latter-day Saints view the Book of Mormon as scripture written by ancient prophets, while critics believe that it is a 19th-century fraud. The 15 essays in Book of Mormon Authorship Revisited present the latest research by LDS scholars on the question in an effort to demonstrate that the weight of scholarly evidence is on the side of authenticity. Part 1 contains essays dealing with accounts of how the book was produced in 1829 and 1830, with emphasis on the translation process and the witnesses who saw the plates. Part 2 takes a look at the logical structure of the authorship debate and reviews the history of alternative theories and criticisms of the Book of Mormon. Part 3 presents textual studies that demonstrate the plausibility of the Book of Mormon as an ancient book, and part 4 updates scholars' attempts to understand the ancient cultural and

geographic setting of the book in both the Old and New Worlds.

Choose Higher Ground

The Seven Deadly Sins Today

University of Notre Dame Pess Sin, like death, is an unassailable fact of life. It is also one of the last great taboos for public debate. In this compelling book, the Henry Fairlie shows that it is possible and necessary to talk about sin in ways that enrich our societies and our personal lives. Fairlie relates these ancient sins to the central issues of contemporary life: liberal vs. conservative politics, discrimination, pornography, abortion, the vistas of modern science, and especially the pop-psychologies that confirm the narcissism of our age.

People of the Great Ocean

Aspects of Human Biology of the Early Pacific

Cambridge University Press Human settlement of the western fringes of the Pacific occurred at least 40,000 years ago. Long, hazardous sea voyages were the only way of reaching the tiny islands scattered through this vast expanse of ocean. Food and shelter were hard to come by, even on land. This book documents how these settlers adapted culturally and biologically to the Pacific environment, and how this can explain the patterns seen today in New Zealand, Polynesia, Micronesia, and Melanesia. The book discusses the distinctive Pacific environment and how its inhabitants have evolved into large-bodied, muscular people to meet the particular demands of the region. People of the Great Ocean is a uniquely original work based on extensive research and careful analysis. Houghton's text presents detailed technical information, but remains highly readable and persuasive.

I Will Lead You Along

The Life of Henry B. Eyring

Deseret Book

A History of Amerika Samoa

An Annotated Timeline

Island Ministers

Indigenous Leadership in Nineteenth Century Pacific Islands Christianity

Pandanus Books "Presented in narrative form and moving across the Pacific from east to west, the history follows the chronological movement of Christianity across Polynesia, Micronesia and Melanesia". ... "The author explores the extent to which the role of minister in this almost universally Christian region is rooted in traditional Pacific culture and society".--BOOKJACKET.

Woodbury, N.Y. : Barron's Educational Series, Incorporated Designed Especially for all law students, excellent review for all bar applicants, valuable reference for lawyers and others who professionally deal with legal terminology.

Historical Dictionary of Methodism

Scarecrow Press In 2003, Methodists celebrated the 300th anniversary of the birth of their founder, John Wesley. Today, there are more than 300 Methodist denominations in 140 nations. Covering the activities of this group that plays an important role in the ecumenical movement through its many social and charitable activities in world affairs, this book offers more than 400 entries that describe important events, doctrines, and the church founders, leaders, and other prominent figures who have made notable contributions. It also includes: a list of commonly used acronyms, chronology of historical events, introductory essay on the history of Methodism, 15-page black-and-white photo spread, bibliography, listing of important libraries and depositories of Methodist materials. The impressive list of contributors includes more than 60 specialists who are academics, administrators, pastors, and theologians.

Marginality

The Key to Multicultural Theology

Fortress Press Marginality proposes a framework that justifies and undergirds development of contextual theologies without becoming itself dominating. Jung Young Lee aims to address the dilemmas of contextual theology, not by moving one or another group from the margin to the center, but by redefining marginality itself as central.

Evolving Identities of Pacific Peoples in Aotearoa/New

Zealand

Well-documented and comprehensive study of the Pacific peoples now resident in New Zealand and the evolution and emergence of new forms of identity and community within these populations. It also discusses some of the contributions these communities are making to the wider institutions of this country.

John Wesley

A Theological Journey

Abingdon Press John Wesley: A Theological Journey has been nominated for a Wesleyan Theological Society Book Award. Abingdon Press would like to congratulate Kenneth Collins on this honor. John Wesley remains a seminal figure, not only for the people called Methodist, but also within the larger Protestant tradition. Understanding his theology is a requirement for understanding the development of the Western Christian tradition in the modern period. In recent years much work has been done to grasp the intricacies of Wesley's theology. However, most of this work has been thematic in organization, studying Wesley's thought according to a topical or systematic outline. The weakness of this approach, argues Kenneth J. Collins, is that it fails to demonstrate the evolution and changes of Wesley's theology. What is called for is a historical presentation--one that examines the development of Wesley's theology across the span of his long and eventful theological career. Collins thus provides a chronological presentation of the development of Wesley's theology. Drawing on an extensive examination of the primary sources, and demonstrating an intimate knowledge of the different contexts and social locations in which Wesley's theology took place, John Wesley: A Theological Journey will be necessary reading for anyone wishing to understand the broad scope of the Methodist leader's theological development and contribution.

NNAT2(r) Practice Test (Kindergarten and Grade 1)

(Colored Print)

Createspace Independent Pub This books is a great resource for students who are planning to appear for the NNAT2 test for getting into Kindergarten and Grade 1. This book include one full length practice test and has 48 problems in full color.This book also has bubble answer sheet and answers to the questions are also included in the book. This book also includes useful tips for preparing for the NNAT2 test. This test has been authored by experienced professional, verified by educators and administered to students. Each practice test has 4 types of problems 1. Pattern completion. 2. Pictorial analogies. 3. Pictorial series. 4. Spatial visualization.

Samoan Women

Widening Choices

editorips@usp.ac.fj

Religions of New Zealanders

A factual, across-the-board introduction to the many faiths and spiritual paths in Aotearoa/New Zealand.

The Oxford Handbook of Methodist Studies

OUP Oxford With the decision to provide of a scholarly edition of the Works of John Wesley in the 1950s, Methodist Studies emerged as a fresh academic venture. Building on the foundation laid by Frank Baker, Albert Outler, and other pioneers of the discipline, this handbook provides an overview of the best current scholarship in the field. The forty-two included essays are representative of the voices of a new generation of international scholars, summarising and expanding on topical research, and considering where their work may lead Methodist Studies in the future. Thematically ordered, the handbook provides new insights into the founders, history, structures, and theology of Methodism, and into ongoing developments in the practice and experience of the contemporary movement. Key themes explored include worship forms, mission, ecumenism, and engagement with contemporary ethical and political debate.

The Scripture Way of Salvation

The Heart of John Wesley's Theology

Abingdon Press Taking its title from one of John Wesley's most important sermons, *The Scripture Way of Salvation* explores the soteriological content of Wesley's entire literary corpus (sermons, letters, theological treatises, journals, and the notes on the Old and New Testaments). Fundamentally a doctrinal study, it is historically sensitive to the subtle shifts and nuances of Wesley's continuing reflections about the processes of salvation and the nature of Christian life. Collins provides a clear discussion of Wesley's emerging views about the development and maturation of Christian life, and in so doing highlights the essential structure that undergirds and provides the framework for Wesley's way of thinking about the processes of salvation.

Wesley and the People Called Methodists

2nd Edition

Abingdon Press The practical and theological development of eighteenth-century Methodism.

The Theology of John Wesley

Holy Love and the Shape of Grace

Abingdon Press A rich articulation of John Wesley's theology that is appreciative of the old and mindful of the new, faithful to the past and attentive to the present. This work carefully displays John Wesley's eighteenth century theology in its own distinct historical and social location, but then transitions to the twenty-first century through the introduction of contemporary issues. So conceived, the book is both historical and constructive demonstrating that the theology of Wesley represents a vibrant tradition. Cognizant of Wesley's own preferred vocabulary, Collins introduces Wesley's theological method beginning with a discussion of the doctrine of God.

"In this insightful exposition the leitmotif of holy love arises out of Wesley's reflection on the nature of the divine being as well as other major doctrines." (Douglas Meeks)

Traveling While Married

Algonquin Books Ah travel! New scenery, exciting adventures, time alone with a loved one. Truth is, travel can make or break a relationship. Just negotiating when to leave for the airport can be tricky: she insists on arriving hours ahead of flight time, he likes the excitement of a photo finish. But as Mary-Lou Weisman sees it, "The inevitable rage with which we begin each trip only helps us to better appreciate the good times that lie ahead." Or maybe not. When people have jet lag, can't speak the language, figure out the money, or maintain intestinal regularity, they get cranky. And since they don't know anybody else in Kyoto to take it out on, they take it out on each other. Alas, couples therapy is rarely available on vacation, which is why we need this hilarious and truthful take on travel and togetherness. Using her own misadventures--from honeymoon through Elderhostel--Weisman exposes all the gender landmines: Destinations: He wants to outrun molten lava down a volcano, she prefers raking gravel in a Buddhist monastery. Motivations: She longs for a change of scenery, he hopes for a change of self. Preparations: She keeps a file of required sights, he won't be bullied by travel guides. Accommodations: She divides every hotel room in half so he'll know on which side of the bed to throw his wet towel. Inclinations: She shops a country, he eats it. This is the real skinny on what happens when Mars and Venus hit the road. With a sly wink, a comic nod, and just the right amount of optimism, Weisman shows us that despite the shortcomings of one's beloved, harmonious travel is possible.

Spirit Possession, Theology, and Identity

A Pacific Exploration

Atf Press The growing contemporary interest in spirit possession prompted eleven past and present faculty members of The University of Auckland's School of Theology along with two of the School's recent post-graduate students to offer essays that in some way explored the reality of spirit possession in Oceania today. Authors were chosen because of their particular research teaching or ministry competencies, and this explains the division of the book into three sections. The first section draws on the experiences of those engaged in pastoral ministry with people who believe they are possessed or those whose particular research interests are the

relationship of faith culture and praxis. In the second section, the function and place of spirit language in the biblical texts is examined, while the last section's focus is somewhat broader, addressing some of the historical responses to spirit possession, as well as emerging pneumatologies of good and bad spirits and their impact on the human condition. The George Sainsbury Foundation was established in 1989, 'for research into and treatment of spirit possession as it relates to mental illness for the benefit of those persons suffering from such sickness.' In 2006, a legal representative for the Foundation approached the School of Theology at the University of Auckland, asking if the School could conduct research into spirit possession. The research project undertaken in response to the grant of funds from the George Sainsbury Foundation was conducted in Aotearoa New Zealand for the 'benefit of those suffering' from spirit possession in this particular context.

Foundations of Sensation and Perception

Psychology Press Do you wonder how movies – sequences of static frames – appear to move, or why 3-D films look different from traditional movies? Why does ventriloquism work, and why can airliner flights make you feel disoriented? The answers to these and other questions about the human senses can be found within the pages of Foundations of Sensation and Perception. This third edition maintains the standard for clarity and accessibility combined with rigor which was set in previous editions, making it suitable for a wide range of students. As in the previous editions, the early chapters allow students to grasp fundamental principles in relation to the relatively simple sensory systems (smell, taste, touch and balance) before moving on to more complex material in hearing and vision. The text has been extensively updated, and this new edition includes: a new chapter devoted to attention and perception over 200 new references over 30 new figures and improved, more colorful, visual presentation a new companion website with a range of resources for students and lecturers The book contains a range of pedagogical features, including tutorial sections at the end of each chapter. This distinctive feature introduces areas of the subject which are rarely included in student texts, but are crucial for establishing a firm foundation of knowledge. Some tutorials are devoted to more advanced and technical topics (optics, light measurement, Bayesian inference), but treated in an accessible manner, while others cover topics a little outside of the mainstream (music perception, consciousness, visual art). Foundations of Sensation and Perception will enable the reader to achieve a firm grasp of current knowledge concerning the processes that underlie our perception of the world and will be an invaluable resource for those studying psychology, neuroscience, and related disciplines.
