About the Author After attending his first year at the University of Costa Rica, in the early 80s, Mynor was infected with the beautiful traveler's disease, with results so far incurable. His first big trip started in Nicaragua, a country torn by war. He then crossed the border to El Salvador, another country plagued by guerrilla warfare. After surviving the crossing of Central America and the Mexican desert, Mynor came to the USA, before finally settling in Canada. Since then, he has accumulated thousands of miles, traveling around the Americas and other continents. He has worked and lived in Mexico, Colombia, Paraguay, Costa Rica, and many U.S. cities. Today, his home is in a suitcase, usually in a country or place between Brazil and Costa Rica. Most recently, Mynor has spent over a year traveling the world, mainly in South America, navigating several rivers in Colombia and Venezuela. It was there that he finally decided to achieve one of his most cherished dreams: to navigate the mighty Amazon River from its inception in Peru to its flows into the beautiful Atlantic coast of Brazil. After traveling in more than 60 countries, some of his favorite places are Thailand, Costa Rica, and China; but he lists Colombia and Sweden as countries on the list of places that everyone should visit before they die. In

his own country, his favorite sights include visiting the active Arenal Volcano and lying on the Manuel Antonio beaches. Currently he is busy writing his upcoming books "Walking from Costa Rica to the Amazon" and Amazon: Wisdom and Life Lessons. One of his most memorable travel experiences occurred when a herd of monkeys stole his camera and lunch, while Mynor was enjoying the sea in Costa Rica's Pacific beaches. Setkání s metafyzickými medicínami Jižní Ameriky

Noos Uprostřed všech možných restrikcí a omezování cestování v tomto roce, se nám s manželkou přesto naskytla možnost strávit výzkumný čas v Peru, kam jsme se vydali za účelem osobního zkoumání působení tradičních posvátných medicín v rámci kultivace vědomí. Následující "noetický" cestopis tak zachycuje naše poznatky s posvátnými medicínami, které tvoří národní bohatství této země a jejich tradičním použitím. Setkali jsme se jak se známou Ayahuascou, tak posvátným kaktusem San Pedro a dalšími ryze přírodními medicínami zde se přirozeně vyskytujícími, mající vliv na zintenzivnění našeho vědomí. Naše osobní zkušenosti a vyvstalá pochopení jsme zachytili v tomto metafyzickém cestopisu.

Artefactos

Colombian Crafts from the Andes to

the Amazon

Villegas Asociados "This book presents artifacts - or artefactos - from everyday life, objects that have accompanied Colombian people through the centuries, both in their earthly and spiritual activities. In both English and Spanish, the word artifact means, literally, "made with skill or art." Although all worthy of museums and galleries, these are not just exhibition pieces, nor are their makers all members of a separate artisan class. There is no Colombian home, however humble, that does not have a handmade broom, stool, basket, textile, or rustic furniture; nor is there a single Amazon Indian who cannot quickly piece together a basket from leaves found in the jungle."--BOOK JACKET.
