## DESIGNING GAMES

---

### A GUIDE TO ENGINEERING EXPERIENCES

---

**"O'Reilly Media, Inc."** Ready to give your design skills a real boost? This eye-opening book helps you explore the design structure behind most of today's hit video games. You'll learn principles and practices for crafting games that generate emotionally charged experiences—a combination of elegant game mechanics, compelling fiction, and pace that fully immerses players. In clear and approachable prose, design pro Tynan Sylvester also looks at the day-to-day process necessary to keep your project on track, including how to work with a team, and how to avoid creative dead ends. Packed with examples, this book will change your perception of game design. Create game mechanics to trigger a range of emotions and provide a variety of play Explore several options for

combining narrative with interactivity Build interactions that let multiplayer gamers get into each other's heads Motivate players through rewards that align with the rest of the game Establish a metaphor vocabulary to help players learn which design aspects are game mechanics Plan, test, and analyze your design through iteration rather than deciding everything up front Learn how your game's market positioning will affect your design

There are suggested combinations of activities to suit different topics such as PSHE, Successful Revision/Learning, SEAL.

---

## FABLE: THE BALVERINE ORDER

---

**Hachette UK** The tie-in novel to the new edition of the multi-million bestselling Fantasy computer game Fable is a first person role-playing game set in the city realm of Albion. The city is full of riches and poverty, magic works but industry is coming. The royal family who run the city have a dark past and its secrets rule the present. Past versions of the game have been set in, loosely, medieval and renaissance times. The new version, launched to coincide with the book, takes the city into the industrial revolution, launching a war between industry and magic. The game is unique for the richness of the created universe and for the way the actions of the character are reflected in its appearance and the responses of NPCs to it: if you eat a lot you become fat, if you get into a lot of fights you get scarred and people become wary of you. The interaction of player and game, the richness of the world, makes the franchise unusually appropriate for a tie-in novel and the novel includes an interactive element.

---

## LIBRARIAN'S GUIDE TO GAMES AND GAMERS: FROM COLLECTION DEVELOPMENT TO ADVISORY SERVICES

---

**ABC-CLIO** As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill-prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board, roleplaying, digital, and virtual reality—providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format/platform), but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals.

---

---

## LORD OF SOULS

---

**Titan Books** Forty years after the Oblivion crisis, the empire of Tamriel is threatened by a mysterious floating city, Umbriel, whose shadow spawns a terrifying undead army. Reeling from a devastating discovery, Prince Attrebus continues on his seemingly doomed quest to obtain a magic sword that holds the key to destroying the deadly invaders. Meanwhile, in the Imperial City, the spy Colin finds evidence of betrayal at the heart of the empire—though his own heart may betray him first. And Annag, trapped in Umbriel itself, has become a slave to its dark lord and his insatiable hunger for souls. How can these three unlikely heroes save Tamriel when they cannot even save themselves? Based on the award-winning Elder Scrolls® series, Lord of Souls is the second of two exhilarating novels that continue the story from The Elder Scrolls IV: Oblivion, named 2006 Game of the Year by numerous outlets, including Spike TV, the Golden Joystick Awards, and the Associated Press.

---

This special edition Game of the Year guide is a collectible for all Red Dead Redemption fans and not to be missed.

---

## THE MACHINIMA READER

---

**MIT Press** The first critical overview of an emerging field, with contributions from both scholars and artist-practitioners. Over the last decade, machinima—the use of computer game engines to create movies—has emerged as a vibrant area in digital culture. Machinima as a filmmaking tool grew from the bottom up, driven by enthusiasts who taught themselves to deploy technologies from computer games to create animated films quickly and cheaply. The Machinima Reader is the first critical overview of this rapidly developing field. The contributors include both academics and artist-practitioners. They explore machinima from multiple perspectives, ranging from technical aspects of machinima, from real-time production to machinima as a performative and cinematic medium, while paying close attention to the legal, cultural, and pedagogical contexts for machinima. The Machinima Reader extends critical debates originating within the machinima community to a wider audience and provides a foundation for scholarly work from a variety of disciplines. This is the first book to chart the emergence of machinima as a game-based cultural production that spans technologies and media, forming new communities of practice on its way to a history, an aesthetic, and a market.

---

## PARATEXTUALIZING GAMES

---

### INVESTIGATIONS ON THE PARAPHERNALIA AND PERIPHERIES OF PLAY

---

**transcript Verlag** Gaming no longer only takes place as a ›closed interactive experience‹ in front of TV screens, but also as broadcast on streaming platforms or as cultural events in exhibition centers and e-sport arenas. The popularization of new technologies, forms of expression, and online services has had a considerable influence on the academic and journalistic discourse about games. This anthology examines which paratexts gaming cultures have produced - i.e., in which forms and formats and through which channels we talk (and write) about games - as well as the way in which paratexts influence the development of games. How is knowledge about games generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur? In short: How does the paratext change the text?

---

## ELDER SCROLLS V: SKYRIM SPECIAL EDITION

A must have book for the many fans of the genre-defining *Resident Evil* series, and its extensive and intricate history.

---

#### SNUFF

---

---

### A NOVEL OF DISCWORLD

---

**Harper Collins** "Pratchett . . . has a satirist's instinct for the absurd and a cartoonist's eye for the telling detail." —Daily Telegraph (London) "The purely funniest English writer since Wodehouse." —Washington Post Book World Sam Vimes, watch commander of Ankh-Morpork, is at long last taking a much-needed (and well deserved) vacation. But, of course, this is Discworld®, where nothing goes as planned—and before Vimes can even change his cardboard-soled boots for vacationer's slippers, the gruff watch commander soon finds himself enmeshed in a fresh fiasco fraught with magic, cunning, daring, and (for the reader more than for poor Vimes) endless hilarity. Did he really expect time off? As Vimes himself says in *Feet of Clay*, "there's some magical creature called 'overtime,' only no one's even seen its footprints." Following the New York Times bestselling *Unseen Academichals*, Terry Pratchett delivers an

enthraling new tale from a place of insuperable adventure: Discworld. Discworld® is a registered trademark.
