To place your standing order, please call 800-755-1105 (in the U.S.) or 402-472-3581 (outside the U.S.). The most widely acclaimed reference series in education and psychology, the Mental Measurements Yearbooks are designed to assist professionals in selecting and using standardized tests. The series,

initiated in 1938, provides factual information, critical reviews, and comprehensive bibliographic references on the construction, use, and validity of all tests published in English. The objectives of the Mental Measurements Yearbooks have remained essentially the same since the publication of the series. These objectives include provision to test users of: factual information on all known tests published as separates in the English-speaking countries of the world candidly critical test reviews written for the MMYs by qualified professional people representing a variety of viewpoints excerpts of the critical portions of test reviews which have been published in professional journals comprehensive bibliographies, for specific tests, of references which have been examined for their relevance to the particular tests listing of books on measurements and closely related fields, as well as excerpts of evaluative statements from reviews of these books in professional journals. Each yearbook is a unique publication, supplementing rather than supplanting the previous volumes. The Seventh Mental Measurements Yearbook is a two-volume reference work presenting: Information on 1,157 tests 181 excerpted journal reviews 798 original reviews by 439 specialists 12,539 references on the construction, use and validity of specific tests A bibliography of 664 books on testing with 554 reviews they received A directory of 443 test and book publishers Comprehensive author, title, and scanning index The ... Mental Measurements Yearbook South African national bibliography Classified list with author and title index. Science Tests and Reviews A Monograph Consisting of the Science Sections of the Seven Mental Measurements Yearbooks (1938-72) and Tests in Print II (1974) Buros Inst of Mental Science Tests and Reviews, consisting of science sections of the first seven MMYs and Tests in Print II, includes 217 original test reviews written by 81 specialists, 18 excerpted test reviews, 270 references on the construction, use, and validity of specific tests, a bibliography on in-print science tests, references for specific tests, cumulative name indexes for specific tests with references, a publishers directory, title index, name index, and a scanning index.
