THE WRITER AND THE CROSS

INTERVIEWS WITH AUTHORS OF CHRISTIAN HISTORICAL FICTION

McFarland Spiritually engaged readers commonly look toward fiction to better understand the depth of a faithful life, and Christians are no exception. Many followers of Jesus value beautifully written, deftly characterized and pulse-quickening literary art that seems more satisfying than dry, tedious doctrinal textbooks. This book surveys 12 pieces of historical fiction that feature notable Christian thinkers. They include an illustrated children's book about St. Irenaeus of Lyons, a novel about Martin Luther's Reformation, a screenplay focusing on Dietrich Bonhoeffer and even a story about Pope Francis narrated in popular manga style. Rather than arcane literary analyses, this book provides thoughtful and sometimes painful interviews with the authors of the covered works. Most interviewees are little known or emerging writers. Some have published their work with a church or denominational press, others with a major publishing empire or popular print-on-demand platforms. Storytellers reflect on their literary choices and the contexts of their writing, sharing what modern Christians can learn from historical religious fiction.

RAISING YOUR KIDS RIGHT

CHILDREN'S LITERATURE AND AMERICAN POLITICAL CONSERVATISM

Rutgers University Press Dr. Seuss's classic character the Lorax has delighted children for decades while passing along a powerful message about environmental responsibility. The book's young readers, and their parents, would likely be surprised by the emergence of a new character, Truax, a kindly logger created by a longtime employee of the wood products industry, who, not surprisingly, has a far different viewpoint to share. Yet the Truax character, and the book of the same name, is just one example of a growing genre of conservative-themed narratives for young readers spawned by the continuing strength of the American political right. Highlighting the works of William Bennett, Lynne Cheney, Bill O'Reilly, and others, Michelle Ann Abate brings together such diverse fields as cultural studies, literary criticism, political science, childhood studies, brand marketing, and the cult of celebrity. Raising Your Kids Right dispels lingering societal attitudes that narratives for young readers are unworthy of serious political study by examining a variety of texts that offer information, ideology, and even instructions on how to raise kids right, not just figuratively but politically.

MY LITTLE GOLDEN BOOK ABOUT THE WHITE HOUSE

Golden Books Now the littlest readers can learn about the White House--how it came to be, and what it's like to live there! In this engaging Little Golden Book, preschoolers will enjoy fascinating stories about the White House and some of the presidents, First Families, and even First Pets who have lived there. Simple words and bright artwork bring to life the story of how the White House came to be, and how it has changed over time. Little ones will learn that George Washington himself chose the building site, and that nearly every president has left his mark--from Thomas Jefferson's introduction of "water closets"--early toilets!--to Michelle Obama's vegetable garden. And kids will gain a clear understanding of the role the White House plays in American life and culture. Fun anecdotes about the rowdy Roosevelt children riding metal trays down the staircase, the annual Easter Egg Roll, and how the White House once kept cows for milk complete this charming nonfiction Little Golden Book.

THE BOOKLIST AND SUBSCRIPTION BOOKS BULLETIN

THE EARLY READER IN CHILDREN'S LITERATURE AND CULTURE

THEORIZING BOOKS FOR BEGINNING READERS

Routledge This is the first volume to consider the popular literary category of Early Readers - books written and designed for children who are just beginning to read independently. It

argues that Early Readers deserve more scholarly attention and careful thought because they are, for many younger readers, their first opportunity to engage with a work of literature on their own, to feel a sense of mastery over a text, and to experience pleasure from the act of reading independently. Using interdisciplinary approaches that draw upon and synthesize research being done in education, child psychology, sociology, cultural studies, and children's literature, the volume visits Early Readers from a variety of angles: as teaching tools; as cultural artifacts that shape cultural and individual subjectivity; as mass produced products sold to a niche market of parents, educators, and young children; and as aesthetic objects, works of literature and art with specific conventions. Examining the reasons such books are so popular with young readers, as well as the reasons that some adults challenge and censor them, the volume considers the ways Early Readers contribute to the construction of younger children as readers, thinkers, consumers, and as gendered, raced, classed subjects. It also addresses children's texts that have been translated and sold around the globe, examining them as part of an increasingly transnational children's media culture that may add to or supplant regional, ethnic, and national children's literatures and cultures. While this collection focuses mostly on books written in English and often aimed at children living in the US, it is important to acknowledge that these Early Readers are a major US cultural export, influencing the reading habits and development of children across the globe.

UNDERSTANDING NELSON ALGREN

Univ of South Carolina Press Brooke Horvath surveys the literary contributions of a writer known as the voice of America's dispossessed. Horvath offers an introduction to the life and work of the Chicagoan who wrote about the underclass in the Windy City and beyond, bringing to the fore their humanity and aspirations. Examining Algren's eleven major works, Horvath sets Algren's evolution as a writer against the backdrop of the nation's shifting social, political, and economic landscape.

THE WRITINGS OF ABRAHAM LINCOLN

Yale University Press Abraham Lincoln never wrote a book: his ideas are contained in speeches, letters, and occasional writings. By bringing these works together into a single anthology, this book shows that Lincoln deserves to be counted among the great political philosophers. In addition to many examples of Lincoln's writings, this volume includes four interpretive essays that will provide an intellectual feast for any reader exploring his complex legacy. Danilo Petranovich looks at Lincoln's conception of the Union and its radically new focus on purging the nation of the problem of slavery. Ralph Lerner reconsiders Lincoln's relation to the American framers and in particular his effort to put the Declaration of Independence on a new foundation. Benjamin Kleinerman examines Lincoln's always controversial views on the scope of executive power during war. And Steven Smith considers the place of religion in Lincoln's political thought through a close reading of his Second Inaugural Address.

BAFANA BAFANA

A STORY OF SOCCER, MAGIC AND MANDELA

Open Road Media One boy's journey to see his favorite soccer player in action becomes an uplifting song to the South African spirit A modern-day folktale set in the heart of South Africa, Bafana Bafana is the story of Pelé, an eleven-year-old village boy whose dream is to see his soccer team play. Such a dream is considered crazy for a boy from the distant outback, but Pelé is far from ordinary; determined to see his favorite player, Sibusiso Zuma, play live, Pelé treks hundreds of kilometers to the jostling, jiving Cape Town. From the dangers of townships, the incredible story of Nelson Mandela, and the magic of a local medicine man, Bafana Bafana is a joyous and lively tale about following your dreams, even in the face of daunting hurdles.
