### FROM THE MIXED-UP FILES OF MRS. BASIL E. FRANKWEILER

---

**Pushkin Press** *New York City girl Claudia, a mere month shy of being a twelve-year-old, has resolved to run away from home with her younger brother, Jamie. She knows that she could never pull off the classic spur-of-the-moment departure without a destination (inevitably involving having to eat outside with the insects, and cupcakes melting in the sun); so she plans everything to perfection, including their destination: the grand, elegant, beautiful, all-encompassing Metropolitan Museum of Art. However, no sooner have Claudia and Jamie settled into their new home, than they are caught up in the mystery of an angel statue bought by the museum for the bargain price of \$225. Is it in fact an as yet undiscovered work by Michelangelo, worth millions? Claudia is determined to find out, and her quest leads her to the remarkable, secretive Mrs. Frankweiler, who sold the statue to the museum - and to some equally remarkable discoveries about herself. Since its first appearance nearly 50 years ago, The Mixed-up Files of Mrs. Basil E. Frankweiler has gained a place in the hearts of generations of readers - and has rightly become one of the most celebrated and beloved children's books of all time.*

### THE SECOND LAW OF DYING

---

**iUniverse** *Long ago his mother had routinely cleaned the windows of the family home to invisibility. But the glass had shut him away nevertheless, a fading print of a boy, a creature as flat and boneless as the paper animals taped on the plaster. The symptoms of chronic disease had excluded him from the world outside-and the world inside, created from books piled high in the sickroom provided small compensation for his expected death. Only the vast histories of human conflict were a consolation. His reading and rereading of them intensified the enmity that nourished his remaining strength. Or that's what he chose to remember as he looked down on the quiet street below. In The Second Law of Dying, the ghostly presence of Nobel laureate Dr. Albert Schweitzer lays out the map of moral choices for Dr. Hugo Haultain as he grinds his way through the abyss of degradation that poisons his life. Across several continents and ending in Schweitzer's remote African hospital, varying and inevitable circumstances give the notorious and depleted Dr. Haultain the daily option of turning violently on the world-or not.*

**Down & Out Books** *It's the kind of offer only Henry Malone would get: Local strip club owner Wallace "Bada" Bingham wants Henry to run for sheriff of Parker County, West Virginia, and he's willing to back the candidacy. But while Henry considers the proposal, Bingham's got an additional job offer: Investigate the robbery of a money-counting room at a washed-up country musician's concert. Indecent proposals, semi-pro wrestlers, and a dead body soon follow, and Henry, along with his well-armed A.A. sponsor Woody, soon discover Bingham's not telling him everything. To find the answers, catch the killer, and retrieve the money, Henry and Woody must put everything at risk and confront the forces who want control of Parker County—no matter what the costs, or who has to die. Praise for Books in the Henry Malone Series: "James D.F. Hannah is the real deal... (He) shows with this book he has no trouble holding his own against Robert B. Parker and Lawrence Sanders." —Dave Zeltserman, author of Small Crimes and Pariah, for She Talks to Angels "Friend of the Devil is a blisteringly paced tour-de-force of the American underbelly, packed with crackling dialogue and pulse-pounding violence." —Nick Kolakowski, author of Boise Longpig Hunting Club and Absolute Unit*

**ROOT BEER FLOATS**

---

---

**STORY OF A BOY, A TIME, A TOWN**

---

**Createspace Independent Pub** *Root Beer Floats is a true story about growing up in small-town America during the 1950's. It captures the essence of the author's relationship to the beloved town of his youth during one of America's most exciting decades. From the day his father comes home after WWII, to the day he leaves the town in search of his future, he shares with us a colorful collection of his childhood memories. Brought up in a family that counted every penny, life was simple and sweet. We learn that at a young age, his love of root beer floats not only satisfies his overactive sweet tooth, but also leads him into a battle with temptation, a battle he loses all too easily. A few years later, he finds two warm beers on a hot summer night every bit as tempting. From the fine art of car-hopping on a snowy winter's day, to having his eye nearly "put out" in a walnut fight, his story portrays a childhood filled with delight and optimism, a dose of which should brighten the hearts of all who partake.*

**IT CAN'T BE YOU**

---

**Pustak Mahal** *It can't be you.. When Colonel Belliappa, Indian Army (Retd), a highly decorated war hero is found dying one night frothing at the mouth in anguish, there is no one else at home. Other than his immediate family. His wife, his daughter and his son. Did he, who killed so many, kill himself to bury something dreadful from his past? Or, was he killed? His death sets the clock back to his life as a career officer in the Indian Army. He fights with great valour in the 1971 war against Pakistan which leaves him physically and psychologically scarred for life. Years later, his aggression and maniacal bravery leads to a secret assignment. He is handpicked to command a crack team of Indian Army snipers as an irregular force to fight intruders and militants in the Kashmir Valley from 1989. Today, he is a partner in a flourishing and successful armaments firm. The Colonel finds himself in a series of conflicts with his family, amongst others. Standing to gain from his death, they plan to kill him for their own reasons, quite unknown to each other. Do Colonel Belliappa and his family pay the ultimate price? For the spiral of vengeance he himself triggered some decades ago.*
