### A GUIDE FOR BEGINNERS. TOOLS WITH BAG STRATEGIES, MONEY MANAGEMENT, TRADE DISCIPLINE AND PSYCHOLOGY. TECHNICAL ANALYSIS, TACTICS FOR OPTIONS AND FOREX, TO CREATE PASSIVE INCOME

---

As with any other investment instrument, options trading should be in every investor's toolbox. Not everyone will see the results when it comes to working with options trading, but if you follow some of the tips in this guide and use the strategies and case studies that have been presented, you will be well equipped to see how each strategy works in real life and actually make some money. It can be a really exciting time to get into options trading, especially if you are a new investor who has never worked with other types of investments in the past. Most people will start with options trading and with a little help from a broker, they will use it to make some money to help with a retirement plan, pay some bills, or for some extra expenses. No matter why you choose to start with options trading, if you spend some time learning how options work, how their market works and what strategies are best, you will be able to make some profit in this game. Money management is an important part of any trading activity, but especially in Forex trading. Being able to understand how to do it properly will help you determine what risks you can afford to take and what risks you should stay away from. Taking the time to understand it now will help you much more in the future. You should always think about the future and this is an important part of it. Most people who start out in this field have goals for their money and what they want to achieve. We have also been able to give you concrete examples of how jobs are done. Seeing exactly what you are getting into will show you what you will be able to do once you are able to develop your skills. By understanding the process of becoming a Forex trader and using the tips we have outlined in this book, you will be able to become a success for yourself and ensure that your goals are achieved. This book is not an exhaustive description of forex trading. Understanding that the process of learning forex trading is a continuous learning effort with each successful or unsuccessful trade only gives you an idea of trading. An individual can start trading for only \$100. In this book you will learn more: Understanding Options Trading Introduction to Greek language and business jargon How to Start Options Trading Option Trading Brokers Risk management and consideration Psychology of trade and mentality Tools and technical analysis of revenues and expenses Pricing principles and quotations Options Trading Strategies Common mistakes to avoid What is forex trading Forex trading principles Forex market basics How to negotiate forex Advantages of Forex Trading Trading Platforms Risk management and trading psychology Trading strategies Your trading plan Choosing a broker Fundamental or technical analysis? ### SIMPLE & EASY MONEY MANAGEMENT GUIDE

---

Independently Published Forex Trading and Money Management Buying and selling in the foreign exchange marketplace, or actually foreign exchange, is one of the excellent, maximum interesting, and rapid-paced organizations you may do. Till the remaining decade, foreign exchange buying and selling changed into a hold of big financial institutions, hedge budget, corporations, and rich people. The internet has significantly changed this, making it possible for almost everyone to exchange inside the forex online. The day by day fluctuations inside the forex marketplace are very small, averaging approximately a 1 percent alternate within the cost of paired currencies. This makes foreign exchange trading much less risky but also affects the profit margins. Maximum foreign exchange traders rely upon huge leverages to increase their profitability. But, it is important to notice that extensive leverage can be very risky, specifically while the marketplace moves towards your position, although the extreme liquidity nature of economic markets makes it possible to manipulate dangers with excessive leverage. Forex trading offers a range of profit to the average capitalist. But, with a purpose to be profitable on this assignment, you need to grasp the basics of currency trading. In this book you will learn Basic Forex Concepts Foreign Exchange Buying and Selling Forex Trading Plan Forex Charting Trading System Technical Analysis Fundamental Analysis Psychology of Forex Trading Scroll to the top of the page and Click on the BUY NOW button.

## 7 WINNING STRATEGIES FOR TRADING FOREX

---

### REAL AND ACTIONABLE TECHNIQUES FOR PROFITING FROM THE CURRENCY MARKETS

---

Harriman House Limited Many traders go around searching for that one perfect trading strategy that works all the time in the global FOREX (foreign exchange/currency) market. Frequently, they will complain that a strategy doesn't work. Few people understand that successful trading of the FOREX market entails the application of the right strategy for the right market condition. 7 Winning Strategies For Trading Forex covers: - Why people should be paying attention to the FOREX market, which is the world's largest and most liquid financial market - How understanding the structure of this market can be beneficial to the independent trader - How to overcome the odds and become a successful trader - How you can select high-probability trades with good entries and exits. Grace Cheng highlights seven trading strategies, each of which is to be applied in a unique way and is designed for differing market conditions. She shows how traders can use the various market conditions to their advantage by tailoring the strategy to suit each one. This revealing book also sheds light on how the FOREX market works, how you can incorporate sentiment analysis into your trading, and how trading in the direction of institutional activity can give you a competitive edge in the trading arena. This invaluable book is ideal for new and current traders wanting to improve their trading performance. Filled with practical advice, this book is a must-read for traders who want to know exactly how they can make money in the FOREX market.

## FOREX TRADING: AN INVESTING GUIDE FOR BEGINNERS WITH STRATEGIES AND ANALYSIS TO INCREASE YOUR FINANCIAL LEVERAGE, IMPROVE YOUR INVEST

---

Trading Are you looking for a guide for learning how to use forex trading to make money? Then keep reading... In the past, the forex market was only reserved and exclusive to financial firms, big companies, billionaires, central banks, and hedge funds. But through the emergence of digital banking and the rise of smartphones, anyone can now participate in this volatile, highly liquid, and exciting financial market. Successful forex traders are now making big bucks every day, thanks to the availability of forex platforms. But in my years of experience in the forex world, I also encountered people who have lost a lot of money within minutes. Certainly, the forex market can make you rich, but not overnight. It still takes knowledge, skills, and discipline in following the most suitable strategies before you can become profitable in the forex market. The forex market has boomed and it is now considered as one of the hottest financial markets today. It has been around for decades now, but the recent rise of trading technologies has made it accessible to private traders on a scale that is unprecedented. At its core, forex trading is all about speculating the value of one currency against another. The key words in the preceding sentence are "currency" and "speculating". It is important to look at forex trading in these two dimensions. First, forex trading is speculative similar to trading stocks or other financial instruments with the hope that it will increase its value and you as a trader will make a profit. Second, the financial securities that you are speculating with are the currencies of different countries. Written as a beginner's guide for people who are enticed to join the forex market, this book can help you learn the following: ● The fundamental theories and mechanisms behind the forex market ● The essential skills you need to learn to become

successful in forex trading ● The top fundamental and technical strategies that seasoned forex traders are using ● The common mistakes that you must avoid so you will not lose money The forex world can become a fertile ground for day traders. But this can only be possible if you really understand the basic concepts that influence the biggest financial market in the world. In this book, we will see forex trading using perspectives, viewing them separately and integrating them to provide you the insights you need in order to trade successfully in the forex market. This book covers the following topics: - What is forex trading - Why you should invest in forex trading - Platforms and tools for forex trading - Risk management and financial leverage - Technical analysis indicator tools and charting basics - Fundamental analysis - Importance of the trading plan - Forex trading strategies - The power of economics calendar - The basics of trading step-by-step - Common mistakes to avoid - Operational terms you should know - How does forex work and how to choose the right broker - Setting up your own trading account ....And Much More! Let's get started.

## FOREX CONQUERED

---

### HIGH PROBABILITY SYSTEMS AND STRATEGIES FOR ACTIVE TRADERS

John Wiley & Sons Praise for FOREX CONQUERED "In this amazing book, John covers it all. From trading systems to money management to emotions, he explains easily how to pull money consistently from the most complicated financial market in the world. John packs more new, innovative information into this book than I have ever seen in a trading book before." —Rob Booker, independent currency trader "John Person is one of the few rare talents that are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much-needed tools of forex trading. This clear and well-organized publication is a major step forward in helping traders gain an edge. I would highly recommend Forex Conquered as a valuable handbook for both aspiring and experienced traders alike." —Sandy Jadeja, Chief Market Analyst and Editor London Stock Exchange, London, England "Forex Conquered is a bold title, but this book delivers the tools needed for successful forex trading. There is no fluff here, just the wisdom of a trading veteran that I have always respected and followed." —Michael Kahn, Editor, Quick Takes Pro market letter and Columnist, Barron's Online "This is a wonderful, in-depth view into the explanation of technical analysis and prudent money management guidelines in the forex market." —Blake Morrow, President, 4XMadeEasy "Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read!" —Abe Cofnas, President, Learn4x.com Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

## THE ART OF CURRENCY TRADING

---

### A PROFESSIONAL'S GUIDE TO THE FOREIGN EXCHANGE MARKET

John Wiley & Sons Now you can master the art of foreign exchange trading While most currency trading and foreign exchange books focus on international finance theory or simplistic chart-based strategies, The Art of Currency Trading is a comprehensive guide that will teach you how to profitably trade currencies in the real world. Author Brent Donnelly has been a successful interbank FX trader for more than 20 years and in this book, he shares the specific strategies and tactics he has used to profit in the forex marketplace. The book helps investors understand and master foreign exchange trading in order to achieve sustainable long-term financial success. The book builds in intensity and depth one topic at a time, starting with the basics and moving on to intermediate then advanced setups and strategies. Whether you are new to currency trading or have years of experience, The Art of Currency Trading provides the information you need to learn to trade like an expert. This much-needed guide provides: an insider's view of what drives currency price movements; a clear explanation of how to combine macro fundamentals, technical analysis, behavioral finance and diligent risk management to trade successfully; specific techniques and setups you can use to make money trading foreign exchange; and steps you can take to better understand yourself and improve your trading psychology and discipline. Written for currency traders of all skill levels, international stock and bond investors, corporate treasurers, commodity traders, and asset managers, The Art of Currency Trading offers a comprehensive guide to foreign exchange trading written by a noted expert in the field.

First, forex trading is speculative similar to trading stocks or other financial instruments with the hope that it will increase its value and you as a trader will make a profit. Second, the financial securities that you are speculating with are the currencies of different countries. ● The fundamental theories and mechanisms behind the forex market ● The essential skills you need to learn to become successful in forex trading ● The top fundamental and technical strategies that seasoned forex traders are using ● The common mistakes that you must avoid so you will not lose money The forex world can become a fertile ground for day traders. But this can only be possible if you really understand the basic concepts that influence the biggest financial market in the world. In this book, we will see forex trading using perspectives, viewing them separately and integrating them to provide you the insights you need in order to trade successfully in the forex market. This book covers the following topics: - What is forex trading - Why you should invest in forex trading - Platforms and tools for forex trading - Risk management and financial leverage - Technical analysis indicator tools and charting basics - Fundamental analysis - Importance of the trading plan - Forex trading strategies - The power of economics calendar - The basics of trading step-by-step - Common mistakes to avoid - Operational terms you should know - How does forex work and how to choose the right broker - Setting up your own trading account ....And Much More! The objective in writing this beginner's guide is to help you develop a good understanding of the forex market before you even start trading. Let's get started.

Createspace Independent Publishing Platform 2 Books in 1: Forex: for Beginners: The Forex Guide for Making Money with Currency Trading Forex Trading: Strategies for Beginners and Experts: Making Money with Currency Trading Book 1: Forex For Beginners Learn How to Make Money With Forex Trading Within the investment world today are many options where people can or should invest their hard-earned money. Most of these investment options do their best to guarantee growth and profitability. From binary to forex to shares to property to retirement annuities, the list is endless. Forex is fine art. Attention is paid to detail. Time is spent fine tuning strategies. In this book, you are going to learn what you need to understand and practice financial fine art. In this book, you will find everything you need to know to begin as a new forex trader. I have skipped the financial jargon where possible to give you a guide to forex that is easy to understand, practical and full of examples. So what makes forex worthwhile? Is it possible to be successful in forex trading? Those are excellent questions. Ones that I hope to answer and more throughout this book. Within this book's pages, you'll find the answers to these questions and more. Just some of the questions and topics covered include Understanding Forex Types of Orders The Importance of Analysis Trading Strategies for Beginners Risk Management Trading Psychology Do's and Don'ts to Forex Trading Tips and Secrets to Success Getting Started And more! Book 2: Forex Strategies Consider a handyman with a toolbox. Within the toolbox are all the tools a handyman needs to complete a job successfully. The toolbox contains common tools such as screwdrivers, a hammer, cutters, pliers, etc. Almost anyone knows how to use these basic tools or finds them easy to learn. The experienced handyman will also find within the toolbox more specific tools to be used for specific tasks such as wrenches, power tools, or multimeters. Similarly, this book can be seen as a toolbox with both general and more specific tools to help you with your forex trading. I hope to increase your chances of becoming a successful trader regardless of whether you are a beginner or an expert. When it comes to forex trading, information is king. This book contains a brief overview of forex trading while taking a deeper look at risk management, technical analysis and forex strategies. Although brief, this book is packed with information relevant to both beginner and expert traders. Within this book's pages, you'll find the answers to these questions and more. Just some of the questions and topics covered include Overview of Forex More on Risk Management Technical Analysis - From Beginner to Expert Forex Strategies - Going Further Personality and Trading Styles Within this book, I have used of examples to help illustrate the topic being discussed. ### THE BASICS OF FOREX TRADING TO EARN EVERY DAY WITH SIMPLE STRATEGIES TIPS AND TRICKS EXPLOITING ALSO THE MARKET SWING USING THE RIGHT PSYCHOLOGY, DISCIPLINE AND MONEY MANAGEMENT

---

Would you like to learn how to earn your first dollar with forex trading? If yes, keep reading After all, is said and done, Forex has become the most luxurious type of investment everyone else, including me, is highly likely to indulge in one way or the other. In Forex, one can be a broker, provide a platform for others to trade or, as normally as you guessed it, be a trader. It is not anything mystical that people have flourished in this business with others earning a fortune from it while others tend to just trade in it with the least they can grasp. Unlike in the 19th century where Forex was mostly for banks and the elite, the 21st century has brought Forex right into our homes with the introduction of the numerous brokers, platforms, and the internet. Actually, Forex trading is right into our own bedrooms as put by one of the most successful traders, "I trade well in the night in my bed." But then success, as always stated, does not have to come that easy, especially for the armatures. You have to put in the work and above all have tips and a reliable source of information providing you with tips on the best trading strategies one could be able to imagine of to earn as much as you probably can and at the shortest time of learning. This is where I come in with the Forex for Beginners' book. This book will talk or touch on several topics that cover the forex trade. It introduces you as the reader into the forex life. It also gives you the reasons why one should choose forex. Also, it covers the advantages and disadvantages of forex trade. The book also dwells on principles of currencies. This actually a good for people who do or want to dwell in investments. One may ask why we trade forex. This book gives everything about that and more. It gives tips on how to choose a broker. It also looks at strategies such as fundamental analysis and technical analysis. It analyses the differences between these two and the pros and cons of each of the analysis. It also looks at the mechanics of trading. This playing with the numbers to see what the risk, profits are and even loses. Another important thing is learning the discipline in trading. One learns what it is important, and also the psychological and money discipline is learned. The other thing is trading psychology which explains deeply on how forex works. Money management and a trading plan is another thing that is discussed, and finally, one is taken step by step on what to do on the first operation. What does someone learn or gain from this book? One learns on the secrets of the trade. Another thing learned is how to choose a broker. One learns the strategies which he or she can use to trade in the forex market. Life investments are put as a major priority. So, want to know more? Are you intrigued by the topic above? Then buy and read this book now!

## FOREX TRADING MONEY MANAGEMENT SYSTEM

---

---

### CRUSH THE FOREX MARKET WITH BIGGER PROFITS AND SMALLER LOSSES!

---

Createspace Independent Publishing Platform I'm going to show you how to CRUSH financial markets using a simple Money Management System that reduces your risk while maximizing profits! While this system may focus on FOREX trading and the casino game Roulette, it can be applied to trading ANY financial market, including stocks, commodities, and binary options. I was inspired to develop this system after a horrible night in Las Vegas where I lost \$2000 playing Roulette with a betting system that I thought was unbeatable. I spent the following 12 years reverse engineering everything that went wrong that dreadful night and developed what I discovered into a simple and powerful Money Management system that makes it easy for anyone to CRUSH financial markets like a professional gambler! After developing this system, I returned to Las Vegas and turned \$20 into \$500 in about 1 hour at the roulette table, and that was down from a high of \$750. The \$500 profit that I walked away with was locked in from the profit-locking mechanism, like a gear that spins freely in one direction but quickly locks in the opposite direction. In January 2015, I had this system programmed into an MT4 Forex Trading Robot so I could automate the entire system (signals, trade execution, and money management). After a few weeks of little activity, the market sprang to life and so did my system! My account doubled in about 48 hours and that's when I knew I had developed something very special. But my trading robots are NOT required to use this system. It can be applied manually to virtually ANY trading system in ANY market and even on casino games like Roulette, although you will get much better results in financial markets where you can have far better statistics than a casino game. So come join me and I'll open a whole new dimension of trading and opportunities for BIG PROFITS that you have never noticed before!

---

## ESSENTIALS OF FOREIGN EXCHANGE TRADING

---

John Wiley & Sons This currency trading book provides readers with real, practical information on how to trade the foreign exchange market effectively. It begins by covering introductory information on the forex market, including basic trading mechanics and the benefits of forex trading, and then goes on to describe specific currency trading methods and skills in step-by-step detail. This includes highly practical information on technical and fundamental analysis, risk and money management, and powerful forex trading strategies. These strategies have proven extremely effective in helping traders play the forex game to win. JAMES CHEN, CTA, CMT (Montville, NJ) is Chief Technical Strategist at FX Solutions, a leading foreign exchange broker. An expert on forex trading and technical analysis, he is also a registered Commodity Trading Advisor (CTA) and a Chartered Market Technician (CMT). Mr. Chen writes daily currency analysis, leads forex trading seminars, and has authored numerous articles on currency trading strategy and technical analysis for major financial publications. These include Forbes.com, Futures Magazine, Technical Analysis of Stocks and Commodities Magazine, and Stocks, Futures and Options (SFO) Magazine.

---

## TECHNICAL ANALYSIS

---

---

### FOREX ANALYSIS & TECHNICAL TRADING BASICS

---

Access Financial Learn The Power of Using Simple Technical Analysis Techniques Although the phrase "technical analysis" may sound complex it really doesn't have to be. Technical analysis is a market analysis technique used by successful individual traders and financial institutions the world over to analyze markets to find opportunities to profit. "Technical Analysis: Forex Analysis & Technical Trading Basics" Learn The Basics of Technical Analysis - Learn what technical analysis is as well as the basics of technical analysis. See examples of how technical analysis is used to create simple trading strategies. Trading Strategies - Learn the basics of trading strategies as we explore a variety of illustrated examples. Trading Strategy Optimization - Learn the basics of exploring the best inputs for your trading strategy to create the most stable strategy possible. Included are illustrated examples of evaluating and selecting from a variety of optimization results. Money Management - Learn the basics of one of the most underutilized, most powerful of all trading concepts, money management. Learn how money management can grow your account size larger and faster all without increasing your level of risk. Trading Strategy Evaluation - One of the most important things you will learn in this book is how to evaluate the performance of a strategy. Most beginning traders "get married on the first date". In other words, they commit to a relationship without knowing nearly enough about the "other party". In this case the other party is a trading strategy. Included is an introduction to a variety of performance metrics as well as techniques to analyze those metrics to evaluate a trading strategy. This skill is essential whether you intend to build your own strategy or buy a commercially-available strategy. Learning a few simple strategy evaluation techniques can save you a lot of time, money, and grief. Risk Control - No technical trading book would be complete without exploring risk control. Learn about using technical analysis to evaluate and control your risk. Learn From Illustrated Trading Examples Throughout this book you will see a variety of examples trades showing entry and exit points. The logic behind the example trades is explained and illustrations are included to enhance your learning experience. Though the examples in this book focus on Forex trading, the concepts and principles can be applied to a wide variety of financial instruments in virtually every market such as stock, futures, etc. If you are an experienced and successful trader then you are already putting into practice the information found inside this book. If you are new to trading or haven't been trading successfully, however, you will find information designed to take your trading to the next level. You Can Read this book on your PC, Mac, Tablet, and even your SmartPhone! Download this informative book now and start to improve your Forex trading today!

---

---

## FOREX TRADING FOR BEGINNERS

---

### THE COMPLETE GUIDE ON FOREX TRADING FOR BEGINNERS WITH MATH SECRETS AND PASSIVE INCOME IDEA FOR A DAILY LIVING AND A STRATEGY TO AVOID SWINGS

---

Charlie Creative Lab Are you looking for a complete guide on forex trading? Then keep reading... If you've ever travelled abroad, then you've already conducted a basic forex transaction by trading some of your home currency with the currency of the country you're visiting. In a nutshell, this is what forex traders basically do - they make money by first exchanging their home currency with those of another countries, and then making. There are hundreds of specific methods for trading in Forex and in markets. There are as many effective, tested and successfully tested methods. Why is the majority of traders not getting results? In the present world, investors mainly invest in real estate, financial management, funds and stocks, and some invest in futures, while few invest in foreign exchange. This is related to the late start and small scale of international foreign exchange market and the failure to establish a complete foreign exchange trading system, but drawback is more because investors are not familiar with this market. Forex is a monetary market that is utilized by numerous individuals everywhere throughout the world in an everyday life. At the end of the day, it is a social affair of individuals where buyers and sellers are included. It enables individuals to make a benefit consistently. Forex isn't a stage to get wealthy in a solitary day. It requires some investment and needs top to bottom information about exchanging. The worldwide forex industry exchanges over \$6.6 trillion in normal day by day exchanging volume, making it the greatest money related market on earth. How would you take advantage of it? This Book Covers: Forex Trading The Principle Currencies The Currency Quote Forces That Drive the FOREX Markets Trading Approaches The Power of Volume Price Analysis The Mathematics of Trading Risk and Money Management Trading Plan The Psychology of Trading Choosing the Broker Choosing Your Currency Pairs Getting Started With MT4 Trading Platfor And much more! Forex's notoriety charms remote trade dealers over all levels, from amateurs who are simply finding the open doors in the forex market to solid and steady specialists. Regardless of the fact that it is so normal to engage in forex, with constant sessions, access to basic use and for the most part low expenses, it is in like manners incredibly simple to lose money trading forex. Being afraid of losses can make beginning traders increase their level of risk in order to get back to breakeven quicker. It can also cause beginning traders to stop trading a perfectly good trading system. This, of course, leads to losses and frustration as these traders often see that their trading system would've gone on to be very profitable for them. So, the moral of the story here is quite clear, do not trade with money that you cannot afford to lose. If you do not have the money required by your chosen Forex trading strategy, then use a Forex demo account to sharpen your skills until you save enough to have adequate working capital. Prepare Yourself for Trading Success - Beginning traders should keep the famous Boy Scout saying, Be Prepared in mind. The most successful traders in the world became that way by being prepared so there's no reason you shouldn't follow their example.

## **FUNDAMENTALS OF CURRENCY TRADING**

---

---

### **MASTERING TECHNICAL ANALYSIS, FUNDAMENTAL ANALYSIS, TRADING PSYCHOLOGY AND RISK MANAGEMENT**

---

Coming from a family of investors and graduating with a finance degree from Singapore, I've read tons of books on trading and also spent over \$60,000 just to learn about the financial markets. Applying what I've learned over the years, I've managed to clinch the #1 grand prize at a Singapore nationwide forex trading championship. Since I have a finance background, I want to write a book from a professional trader's perspective rather than a retail trader's perspective. Most retail traders focus too much on technical analysis. However, this is not a sufficient trading tool if one wants to succeed as a trader. A lot of the educational content that you see online is also too focused on technical analysis alone. This is a tool that you'll need as a currency trader, but it is not the most important tool. In fact, bank traders and hedge fund traders don't even use a lot of indicators. Their charts are often very clean since they are using other tools to analyse the markets. To become a successful forex trader, you'll need to have the whole package. That is why in this currency trading book, I'll teach you the various tools you'll need to succeed as a forex trader. You'll learn: Basic terms and principles of currency trading Fundamental analysis (economic indicators, central banks, monetary policies, currency fundamentals) Sentiment analysis (high yield and low yield currencies, fear index) Introduction to Brokers (types, criteria for picking, action plan) Price action strategies (candlestick patterns, support & resistance, trendlines, moving averages, and momentum indicators) Risk management tools and application Trading psychology hacks Trading plan (template included) Trading journal (template included) How to sustain your trading business BONUS: Useful websites for traders So much more..... Add these tools to your trading plan and you'll be able to increase the probability of your trades. Most forex traders trade in a bubble relying too much on indicators alone, that is why they lose. Most retail forex traders also do not bother to look at other markets and use the power of correlations to their advantage. I'll share with you in this currency trading book on how you can conduct intermarket analysis as well. Experienced currency traders can also pick up some new trading hacks or even use this book as a refresher. Non-trading professionals will also be able to learn how the various economic indicators can affect their lives and the overall economy. At the end of this trading book, I'll share with you tips and tricks on how you can sustain your trading account and trading business. This is so that you can last long term as a currency trader since most traders quit just after a few months. At the end of the day, it is your decision whether you wanna buy this book or not. If you don't want to spend money on a forex trading book, then you can always head to my Youtube channel (Karen Foo) for free courses. You decide. Happy learning!

## **CURRENCY TRADING FOR DUMMIES**

---

John Wiley & Sons

---

## **WINNING THE TRADING GAME**

---

---

### **WHY 95% OF TRADERS LOSE AND WHAT YOU MUST DO TO WIN**

---

John Wiley & Sons With Winning the Trading Game, investment expert Noble DraKoln helps you develop and refine the mental discipline and practical skills needed to ensure trading success. This detailed guide will put you in a better position to use technical analysis to identify profitable trades and exit losing trades; maximize the leverage available in futures and Forex, without endangering your capital base; and control risk by utilizing appropriate strategies for each type of opportunity and time frame.

---

## **FOREX ESSENTIALS IN 15 TRADES**

---

---

### **THE GLOBAL-VIEW.COM GUIDE TO SUCCESSFUL CURRENCY TRADING**

---

John Wiley & Sons Traders are constantly learning their craft. Those who do not share information, discuss tactics and review prior trades are doomed for failure. Global-View.com knows this. It is the leading destination for Forex traders looking to learn and discuss

trading. With over 33,000 registered users from 125 countries, Global-View.com exposes its users to an incredible base of knowledge. In this book, the authors dissect each of 15 chosen trades, using the material to expose some of the best (and worst) practices of a Forex trader. The book weaves a plethora of Global-View.com information into the detailed dissection. Each description will include how the trade was selected and why it was made, as well as money management and psychological aspects of the trade. Entertaining anecdotal stories are interspersed throughout each trade story.

#### **MARBER ON MARKETS**

---

#### **HOW TO MAKE MONEY FROM CHARTS**

---

Harriman House Limited This is not your average book on technical analysis. Why? Because the author is not your average technical analyst; Brian Marber is unique -and so, as a result, is this book. Here, Marber sets out to write about his approach, in a language readers can understand and enjoy, telling them why he does what he does, and how he came to do it, including details of market pitfalls and the occasional Marber pratfall. The book does not claim to be comprehensive, but instead aims to be honest and to present the reader with the techniques and indicators that Marber himself uses, and has used successfully in his fifty-one years in the business. Although when you make money you can learn something about making it, you learn far more by losing it, then finding out how to stop doing so. This book tells you his methods; when positions have gone wrong, and what you do about it.

---

#### **FOREX TRADING FOR BEGINNERS**

---

#### **STRATEGIES, RISK MANAGEMENT METHODS, AND FUNDAMENTAL ANALYSIS FOR FOREIGN EXCHANGE TRADING (2022 CRASH COURSE FOR NEWBIES)**

---

Magnus McGee Have you heard about the solid and profitable foreign exchange market and want to learn how to profit from it? Not sure where to begin, or concerned about losing money?
