The Boy At the Back of the Class *Hachette UK* **A World Book Day 2020 Author WINNER OF THE BLUE PETER BOOK AWARD 2019 WINNER OF THE WATERSTONES CHILDREN'S BOOK PRIZE 2019 SHORTLISTED FOR THE JHALAK PRIZE 2019** Told with heart and humour, *The Boy at the Back of the Class* is a child's perspective on the refugee crisis, highlighting the importance of friendship and kindness in a world that doesn't always make sense. There used to be an empty chair at the back of my class, but now a new boy called Ahmet is sitting in it. He's nine years old (just like me), but he's very strange. He never talks and never smiles and doesn't like sweets - not even lemon sherbets, which are my favourite! But then I learned the truth: Ahmet really isn't very strange at all. He's a refugee who's run away from a War. A real one. With bombs and fires and bullies that hurt people. And the more I find out about him, the more I want to help. That's where my best friends Josie, Michael and Tom come in. Because you see, together we've come up with a plan. . . With beautiful illustrations by **Pippa Curnick** *The Metamorphoses of Tintin, Or, Tintin for Adults* *Stanford University Press* **The Metamorphoses of Tintin**, a pioneering book first published in French in 1984, offers a complete analysis of Hergé's legendary hero. Explorers on the Moon Adventures of Tintin *Paw Prints* Tintin and his friends are involved in the first manned flight to the moon which proves perilous. The Blue Lotus *Little, Brown Books for Young Readers* The classic graphic novel. A sequel to Cigars of the Pharaoh, Tintin follows a mysterious lead to China on the trail of a smuggling ring. Will Tintin find the criminal mastermind? Tintin - Tintin Co *Egmont Books (UK)* "Tintin & Co." is the perfect book to celebrate Herge's centenary. Michael Farr has written numerous books on Tintin and Herge as well as translating several others into English. His writing style is engaging and easy to read, with several moments of shared humour as readers will recall their favourite moments from the stories. Illustrations, facts and Herge's early sketches provide a remarkable insight into the fictional world of Tintin and into the real world time in which Herge was writing. As well as covering the main characters - Tintin, Snowy, Captain Haddock, Professor Calculus, Thomson and Thompson and Bianca Castafiore - this book also includes chapters on the Arab princeling Abdullah, chess-loving General Alcazar, the villainous Doctor Mueller, Tintin's mortal enemy Rastapopoulous, the insurance salesman Joylon Wagg who is always turning up at unexpected moments and the orphan Tchang. This title is guaranteed to be a success with fans of the quiff-headed journalist - definitely something to read in front of a warm fire, in a big comfortable settee. Alice in wonderland Tintin and Alph-art Presents the author's final, unfinished story, in a book that includes a series of unpublished documents recently discovered to shed light on the incomplete conclusion of the story. Polyptych: Adaptation, Television, and Comics *Vernon Press* Through each of its chapters, 'Polyptych: Adaptation, Television, and Comics' examines the complex dynamics of adapting serialized texts. The transmedial adaptation of collaborative and unstable texts does not lend itself to the same strategies as other, more static adaptations such as novels or plays. Building off the foundational work of Linda Hutcheon and Gérard Genette, Polyptych considers the analogy of adaptation as a palimpsest—a manuscript page that has been reused, leaving traces of the previous work behind—as needing to be reevaluated. A polyptych is a multi-panel artwork and provides a new model for analyzing how adaptation works when translating collaborative and unstable texts. Given that most television and comic books are episodic and serialized, and considering that both media are also the cumulative work of many artists, this book offers a series of distanced readings to reassess how adaptation works in this field. Comic book adaptations on television are plentiful and are nearly completely ignored in critical discussions of adaptation. This collection focuses on texts that fall outside the

most common subjects of study among the corpus and contributes to expanding the field of inquiry. The book features texts that are subjects of previous academic interest, as well as studies of texts that have never before been critically considered. It also includes an appendix that provides the first list of comic book adaptations on North American television. 'Polyptych' is a unique and timely contribution to dynamic and growing fields of study. The book will be of interest to scholars and researchers in the fields of Comic Studies, Adaptation Studies, and Critical Media Studies more broadly, as well as to students undertaking courses on these subjects. It will also appeal to comic book and pop culture fans who wish to expand their knowledge on the subject.

But a series of strange occurrences makes Tintin suspicious. Who is the mysterious "King Shark", and what does he want with Calculus' machine? Is there a connection with the recent theft of famous works of art from the world's leading museums? Tintin is determined to find out! Join the most iconic character in comics as he embarks on an extraordinary adventure spanning historical and political events, and thrilling mysteries. Still selling over 100,000 copies every year in the UK and having been adapted for the silver screen by Steven Spielberg and Peter Jackson in 2011. The Adventures of Tintin continue to charm more than 80 years after they first found their way into publication. Since then an estimated 230 million copies have been sold, proving that comic books have the same power to entertain children and adults in the 21st century as they did in the early 20th.

Comics in French *The European Bande Dessinée in Context* *Berghahn Books* Whereas in English-speaking countries comics are for children or adults "who should know better," in France and Belgium the form is recognized as the "ninth art" and follows in the path of poetry, architecture, painting, and cinema. The bande dessinée [comic strip] has its own national institutions, regularly obtains front-page coverage, and has received the accolades of statesmen from De Gaulle onwards. On the way to providing a comprehensive introduction to the most francophone of cultural phenomena, this book will consider national specificity as relevant to an anglophone reader, whilst exploring related issues such as text/image expression, historical precedents, and sociological implication. To do so it will present and analyse priceless manuscripts, a Franco-American rodent, Nazi propaganda, a museum-piece urinal, intellectual gay porn and a prehistoric warrior who's really Zinedine Zidane.

Rin Tin Tin *The Life and the Legend* *Simon and Schuster* Chronicles the rise of the iconic German shepherd character while sharing the stories of the real WWI dog and the canine performer in the 1950s television show, and explores Rin Tin Tin's relevance in the military and popular culture.

Explorers on the Moon Tintin and his friends are involved in the first manned flight to the moon which proves perilous. **The Castle of**

Adventure *Hachette UK* Enid Blyton's much-loved classic series, packed full of adventure and mystery. Why are the locals so afraid of the deserted old castle on the hill? When lights are seen there in a distant tower, Philip, Dinah, Lucy-Ann and Jack decide to investigate - discovering a very sinister plot concealed in its gloomy rooms and secret passages. First published in 1946, this edition contains the original text and is unillustrated.

Comics in Translation *Routledge* Comics are a pervasive art form and an intrinsic part of the cultural fabric of most countries. And yet, relatively little has been written on the translation of comics. *Comics in Translation* attempts to address this gap in the literature and to offer the first and most comprehensive account of various aspects of a diverse range of social practices subsumed under the label 'comics'. Focusing on the role played by translation in shaping graphic narratives that appear in various formats, different contributors examine various aspects of this popular phenomenon. Topics covered include the impact of globalization and localization processes on the ways in which translated comics are embedded in cultures; the import of editorial and publishing practices; textual strategies adopted in translating comics, including the translation of culture- and language-specific features; and the interplay between visual and verbal messages. *Comics in translation* examines comics that originate in different cultures, belong to quite different genres, and are aimed at readers of different age groups and cultural backgrounds, from Disney comics to Art Spiegelman's *Maus*, from Katsuhiro Ōtomo's *Akira* to Goscinny and Uderzo's *Astérix*. The contributions are based on first-hand research and exemplify a wide range of approaches. Languages covered include English, Italian, Spanish, Arabic, French, German, Japanese and Inuit. The volume features illustrations from the works discussed and an extensive annotated bibliography. Contributors include: Raffaella Baccolini, Nadine Celotti, Adele D'Arcangelo, Catherine Delesse, Elena Di Giovanni, Heike Elisabeth Jüngst, Valerio Rota, Carmen Valero-Garcés, Federico Zanettin and Jehan Zitawi.

Tintin in the New World A Romance *Black Classic Press* Acclaimed author Frederic Tuten boldly revives the well-loved character Tintin -- the eternally youthful protagonist from Belgian artist Herge's popular comic book series, *The Adventures of Tintin* -- and leads him into an adventure like none he has experienced before. Once again joined by Captain Haddock and his little dog Snowy, the intrepid world traveler Tintin embarks on a mysterious journey to Machu Picchu in Peru. But where danger and intrigue have met him before, this voyage brings new perils and enchantments.

The Faces and Stakes of Brand Insertion *Vernon Press* With traditional forms of advertisement facing increasing challenges, brand placement - the integration of a product or brand in a work of art - has exploded. It has become a lucrative phenomenon whose goal is to produce a reaction of purchase in the mind of the receiver (reader, viewer or listener). This volume seeks to complement extant studies of product placement strategies by introducing a methodology more systematically related to the field of cultural studies, especially where the reception and impact of

product placement are concerned. It explores the many iterations of brand placement in popular culture, with a consideration of the crossover between advertisement and art in everything from Wes Anderson, "Blade Runner" and the "Fast and Furious" franchise, to music videos, late night shows and plastic art. The book considers the impact of brand placement in TV series on teenagers, as well as the evolution of such placement in literature. The originality of this volume is that, when the impact of the placement is mentioned, it is to be understood as an intended aesthetic impact at least as much as a prompt to buy a product. Consequently, the placement of consumer goods in a cultural production, the book suggests, may both increase the sales of specific products and positively impact the production's ratings. This book is perfect for researchers and students interested in marketing, brand placement, mass media, art, film, and cultural studies. *The Making of Tintin in the World of the Inca Methuen Childrens Books The Comic Book Film Adaptation Exploring Modern Hollywood's Leading Genre Univ. Press of Mississippi* "There is no better, smarter examination of the relationship between comics and film." --Mark Waid, Eisner Award-winning writer of Kingdom Come and Daredevil In the summer of 2000 X-Men surpassed all box office expectations and ushered in an era of unprecedented production of comic book film adaptations. This trend, now in its second decade, has blossomed into Hollywood's leading genre. From superheroes to Spartan warriors, *The Comic Book Film Adaptation* offers the first dedicated study to examine how comic books moved from the fringes of popular culture to the center of mainstream film production. Through in-depth analysis, industry interviews, and audience research, this book charts the cause-and-effect of this influential trend. It considers the cultural traumas, business demands, and digital possibilities that Hollywood faced at the dawn of the twenty-first century. The industry managed to meet these challenges by exploiting comics and their existing audiences. However, studios were caught off-guard when these comic book fans, empowered by digital media, began to influence the success of these adaptations. Nonetheless, filmmakers soon developed strategies to take advantage of this intense fanbase, while codifying the trend into a more lucrative genre, the comic book movie, which appealed to an even wider audience. Central to this vibrant trend is a comic aesthetic in which filmmakers utilize digital filmmaking technologies to engage with the language and conventions of comics like never before. *The Comic Book Film Adaptation* explores this unique moment in which cinema is stimulated, challenged, and enriched by the once-dismissed medium of comics. *Tintin The Complete Companion Last Gasp of San Francisco* Explores the sources in real life of all the Tintin adventures, from the characters to the scenery. *Tintin in America* The world's most famous travelling reporter heads for America. Gangsters, Cowboys, Indians and the Big Apple await Tintin when he travels across the Atlantic to America. He soon finds himself in terrible danger - but with Snowy to help him, he faces it head on . . . Join the most iconic character in comics as he embarks on an extraordinary adventure spanning

Meticulously researched, with references to many of the Tintin albums and complete with a bibliography and

mini-bios for each of the main "characters," the biography is appropriately drawn in Hergé's iconic clear line style as an homage to the Tintin adventures that have commanded the attention of readers across the world and of many generations. Seven-year-old Hergé first discovered his love of drawing in 1914 when his mother gave him some crayons to stay out of trouble. He continued drawing in school when he fatefully met the editor of *XXe Siècle* magazine, where Tintin first appeared. His popularity skyrocketed from the 1930s through post-World War Two. Hergé was perceived by some to have aided the Nazi government in Belgium by continuing to publish Tintin in a government-sanctioned magazine, and he was briefly imprisoned in the aftermath of the war and narrowly escaped execution. Also covered are his marriage troubles in the 1950s and subsequent affair with Fanny Vlamynck, who went on to become his lifelong partner; his late career in the 1960s, as his interest in Tintin waned and he occasionally "disappeared" for weeks at a time as he contemplated giving up his career to become a fine-arts painter; and a recounting of a humorous encounter with Andy Warhol. *The Thirty-Nine Steps Large Print Famous* as the basis for several films, including the brilliant 1935 version directed by Alfred Hitchcock, *The Thirty-Nine Steps* is a classic of early twentieth-century popular literature. Richard Hannay has just returned to England after years in South Africa and is thoroughly bored with his life in London. But then a murder is committed in his flat, just days after a chance encounter with an American who had told him about an assassination plot that could have dire international consequences. An obvious suspect for the police and an easy target for the killers, Hannay goes on the run in his native Scotland where he will need all his courage and ingenuity to stay one step ahead of his pursuers. *The Secret Ray Blistering Barnacles: an A-Z of the Rants, Rambles and Rages of Captain Haddock* *Farshore* A sparkingly funny celebration of Hergé's most beloved character via his legendary exclamations! Captain Haddock made his first appearance alongside Tintin in 1941, and in the course of the 80 years that followed, has gone on to become one of Hergé most loved characters. Clumsy, accident-prone, frequently intoxicated and almost always enraged, the Captain is perhaps best known for his colourful exclamations. 'Blistering barnacles' and 'thundering typhoons' have passed effortlessly from the pages of Hergés comics into the public consciousness. This brand-new book explores in joyful detail the Captain's legendary tirades - and is the perfect way to discover, or rediscover, this extraordinary character and his unforgettable adventures. *How Comics Travel Publication, Translation, Radical Literacies Engages with comics as sites of struggle over representation by developing a new methodology of reading for difference in transnational contexts.* *There May Be a Castle* *Hachette UK* A remarkable story about love, loss and the power of the imagination, from an award-winning, celebrated writer for children. On a frozen Christmas Eve, Mouse Mallory and his family set off across a snow-white valley to visit his grandparents. They never arrive. As the wheels skid off the icy road, Mouse is thrown from the car. When he wakes, he finds himself in a magical

landscape, with only a talkative sheep and a very bossy horse for company. And they tell him: this is your story now. So begins Mouse's extraordinary quest through a world of wonder. A world of monsters, minstrels, dangerous knights and mysterious wizards; a world of terrifying danger but also more excitement than Mouse has ever known. All to find a castle, somewhere, beyond. But why is Mouse looking for a castle? As thoughts of his family back at the car begin to surface, Mouse realises this might be the most important journey he will ever make ... This is a novel about love and death. It's about the power of stories to change the way we view the world - and it's about the power of a child to change their own world. Emotionally arresting but ultimately uplifting, this is a remarkable novel for our times.
