From the early stages of Swazi occupation of the present-day kingdom to the accession of Sobhuza II as king in 1921, this book traces problems in consolidating leadership under the Dlamini chieftaincy and examines the influence of Boer and British settlers, and of mining and commercial interests, on Swazi culture and governance. It recounts the story of a thriving small nation that sought to maintain traditional customs and institutions in the face of a powerful European presence. Each of the sixteen chapters concentrates on an aspect of political history that has influenced the character of the present-day kingdom, and much of the material, especially after 1900, has not been utilized in previous studies. The introduction looks at Swazi experience in a contemporary context, evaluating historic forces that have made for stability in a rapidly changing world. Other sections detail the Swazi reaction to European-controlled neighboring states (the Transvaal, Natal, and Mozambique), the tensions introduced by successive Boer and British policies, the Swazi detachment during two external wars (1899-1902 and 1914-1918), and widespread concerns about colonialism and self-governance following World War I. History The Teaching of Writing *National Society for the Study of* **The Search for Quality Education in Post-apartheid South Africa Interventions to Improve Learning and Teaching** *HSRC Publishers* "This book considers these issues by reviewing selected large-scale interventions to improve education quality in South African schools. These interventions include the District Development Support Programme (DDSP), the Education Quality Improvement Partnership Programme (EQUIP), the IMBEWU programme, the Integrated Education Program (IEP), the Khanyisa School Programme, the Learning for Living (LFL) Project, and the Quality Learning Project (QLP). It locates these interventions by providing a chronology of education policy development in South Africa since 1994 as well as engaging with key debates about the notion of education quality. Furthermore, it invites policy-makers to critically review and reflect on the changes to improve education quality in South Africa since 1994. By bringing together academics, policy-makers and practitioners to reflect on education development the book sheds light on the continuous but elusive search for quality education for all. In so doing, the book provides a basis for a critical conversation about the history of education change in post-apartheid South Africa, and the implications for interventions aimed at improving education quality."--Publisher's note

Iziganeko zesizwe occasional poems (1900-1943) *University of Kwazulu Natal Press* Samuel Edward Krune Mqhayi (1875-1945) was the most prominent South African imbongi of his day, a Xhosa oral poet who declaimed his impromptu poetry on occasions of significance to his people. The author of numerous works of poetry, fiction and non-fiction, biography, autobiography, and translation, Mqhayi's contributions to Xhosa-language newspapers remains unparalleled in scope and volume. This book reclaims and assembles a chronological sequence of Mqhayi's occasional poems, for the most part now unknown. Sixty poems celebrate significant events in the calendar, on occasions of national or international importance. They constitute *Iziganeko zesizwe*, a chronicle of the nation, between 1900 and 1943: poetic responses to events from the perspective of the greatest figure in Xhosa literature. Wars feature prominently in these occasional poems-the Boer War, the First World War, the invasion of Abyssinia, and the Second World War-as do political deputations to England, visits from British princes and the death of British kings, the appearance of Halley's Comet, and meetings with Ministers of State. Running through the collection is Mqhayi's proud and fierce determination to maintain an identity rooted in custom and history in the face of territorial dispossession, the loss of title deeds and the vote, and the steady erosion of human rights. Throughout these years, Mqhayi remained

constant in offering praise and encouragement to his people, in celebrating their achievements, and in expressing Christian consolation and an unflinching faith in the future liberation of South Africa's black population from foreign control.
