THE LOTUS SUTRA

A CONTEMPORARY TRANSLATION OF A BUDDHIST CLASSIC

Simon and Schuster *The Lotus Sutra* is regarded as one of the world's great religious scriptures and most influential texts. It's a seminal work in the development of Buddhism throughout East Asia and, by extension, in the development of Mahayana Buddhism throughout the world. Taking place in a vast and fantastical cosmic setting, the Lotus Sutra places emphasis on skillfully doing whatever is needed to serve and compassionately care for others, on breaking down distinctions between the fully enlightened buddha and the bodhisattva who vows to postpone salvation until all beings may share it, and especially on each and every being's innate capacity to become a buddha. Gene Reeves's new translation appeals to readers with little or no familiarity with technical Buddhist vocabulary, as well as long-time practitioners and students. In addition, this remarkable volume includes the full "threefold" text of this classic.

WHY LOVE HURTS

A SOCIOLOGICAL EXPLANATION

John Wiley & Sons Few of us have been spared the agonies of intimate relationships. They come in many shapes: loving a man or a woman who will not commit to us, being heartbroken when we're abandoned by a lover, engaging in Sisyphean internet searches, coming back lonely from bars, parties, or blind dates, feeling bored in a relationship that is so much less than we had envisaged - these are only some of the ways in which the search for love is a difficult and often painful experience. Despite the widespread and almost collective character of these experiences, our culture insists they are the result of faulty or insufficiently mature psyches. For many, the Freudian idea that the family designs the pattern of an individual's erotic career has been the main explanation for why and how we fail to find or sustain love. Psychoanalysis and popular psychology have succeeded spectacularly in convincing us that individuals bear responsibility for the misery of their romantic and erotic lives. The purpose of this book is to change our way of thinking about what is wrong in modern relationships. The problem is not dysfunctional childhoods or insufficiently self-aware psyches, but rather the institutional forces shaping how we love. The argument of this book is that the modern romantic experience is shaped by a fundamental transformation in the ecology and architecture of romantic choice. The samples from which men and women choose a partner, the modes of evaluating prospective partners, the very importance of choice and autonomy and what people imagine to be the spectrum of their choices: all these aspects of choice have transformed the very core of the will, how we want a partner, the sense of worth bestowed by relationships, and the organization of desire. This book does to love what Marx did to commodities: it shows that it is shaped by social relations and institutions and that it circulates in a marketplace of unequal actors.

THE END OF GENDER

DEBUNKING THE MYTHS ABOUT SEX AND IDENTITY IN OUR SOCIETY

Threshold Editions International sex researcher, neuroscientist, and columnist Debra Soh debunks popular gender myths in this research-based, scientific examination of the many facets of gender identity. Is our gender something we're born with, or are we conditioned by society? In *The End of Gender*, neuroscientist and sexologist Dr. Debra Soh uses a research-based approach to address this hot-button topic, unmasking popular misconceptions about the nature vs. nurture debate and exploring what it means to be a woman or a man in today's society. Both scientific and objective, and drawing on original research and carefully conducted interviews, Soh tackles a wide range of issues, such as gender-neutral parenting, gender dysphoric children, and the neuroscience of being transgender. She debates today's accepted notion that gender is a social construct and a spectrum, and challenges the idea that there is no difference between how male and female brains operate. *The End of Gender* is a conversation-starting work that will challenge what you thought you knew about gender, identity, and everything in between. Timely, informative, and provocative, it will arm you with the facts you need to come to your own conclusions about gender identity and its place in the world today.

CLOSING OF THE AMERICAN MIND

Simon and Schuster *The brilliant, controversial, bestselling critique of American culture that "hits with the approximate force and effect of electroshock therapy" (The New York Times)—now featuring a new afterword by Andrew Ferguson in a twenty-fifth anniversary edition. In 1987, eminent political philosopher Allan Bloom published *The Closing of the American Mind*, an appraisal of contemporary America that "hits with the approximate force and effect of electroshock therapy" (The New York Times) and has not only been vindicated, but has also become more urgent today. In clear, spirited prose, Bloom argues that the social and political crises of contemporary America are part of a larger intellectual crisis: the result of a dangerous narrowing of curiosity and exploration by the university elites. Now, in this twenty-fifth anniversary edition, acclaimed author and journalist Andrew Ferguson contributes a new*

essay that describes why Bloom's argument caused such a furor at publication and why our culture so deeply resists its truths today.

Unperturbed by such a dramatic transformation, and losing none of his flamboyance and ambition, the newly female Orlando charges through life and English history so that by the end of this extraordinary biography she is a modern, 1920s woman.

THE KAMA SUTRA (ANNOTATED)

This is a great eBook. This is the Summarized Version of the Original Book. We had added almost 48000 words in our long summary and about 7400 words in our short summary of the book. the brief description is written as follows: -Kamasutra is the oldest surviving Hindu text on erotic love. It is a sutra-genre text with terse aphoristic verses that have survived into the modern era with different bhasya (exposition and commentaries). The text is a mix of prose and anustubh-meter poetry verses. The text acknowledges the Hindu concept of Purusharthas, and lists desire, sexuality, and emotional fulfillment as one of the proper goals of life. Its chapters discuss methods for courtship, training in the arts to be socially engaging, finding a partner, flirting, maintaining power in a married life, when and how to commit adultery, sexual positions, and other topics. The majority of the book is about the philosophy and theory of love, what triggers desire, what sustains it, and how and when it is good or bad. The text is one of many Indian texts on Kama Shastra. It is a much-translated work in Indian and non-Indian languages. The Kamasutra has influenced many secondary texts that followed after the 4th-century CE, as well as the Indian arts as exemplified by the pervasive presence Kama-related reliefs and sculpture in old Hindu temples. Of these, the Khajuraho in Madhya Pradesh is a UNESCO world heritage site. Among the surviving temples in north India, one in Rajasthan sculpts all the major chapters and sexual positions to illustrate the Kamasutra. According to Wendy Doniger, the Kamasutra became "one of the most pirated books in English language" soon after it was published in 1883 by Richard Burton. This first European edition by Burton does not faithfully reflect much in the Kamasutra because he revised the collaborative translation by Bhagavanlal Indrajit and Shivaram Parashuram Bhide with Forster Arbuthnot to suit 19th-century Victorian tastes. Vatsyayana Mallanaga is its widely accepted author because his name is embedded in the colophon verse, but little is known about him. Vatsyayana states that he wrote the text after much meditation. In the preface, Vatsyayana acknowledges that he is distilling many ancient texts, but these have not survived. He cites the work of others he calls "teachers" and "scholars", and the longer texts by Auddalaki, Babhravya, Dattaka, Suvarnanabha, Ghotakamukha, Gonardiya, Gonikaputra, Charayana, and Kuchumara. Vatsyayana's Kamasutra is mentioned and some verses quoted in the Brihatsamhita of Varahamihira, as well as the poems of Kalidasa. This suggests he lived before the 5th-century CE. Human relationships, sex and emotional fulfillment are a significant part of the post-Vedic Sanskrit literature such as the major Hindu epics: the Mahabharata and the Ramayana. The ancient Indian view has been, states Johann Meyer, that love and sex are a delightful necessity. Though she is reserved and selective, "a woman stands in very great need of surata (amorous or sexual pleasure)", and "the woman has a far stronger erotic disposition, her delight in the sexual act is greater than a man's"

"ON NE NAÎT PAS FEMME - ON LE DEVIENT..."

THE LIFE OF A SENTENCE

Oxford University Press This collection of essays takes up the most famous feminist sentence ever written, Simone de Beauvoir's "On ne nait pas femme: on le devient," finding in it a flashpoint that galvanizes feminist thinking and action in multiple dimensions. Since its publication, the sentence has inspired feminist thinking and action in many different cultural and linguistic contexts. Two entangled controversies emerge in the life of this sentence: a controversy over the practice of translation and a controversy over the nature and status of sexual difference. Various translations into English as "One is not born, but rather becomes a woman" (Parshley, 1953), "one is not born but rather becomes woman" (Borde and Malovany-Chevallier, 2010), and "women are made, not born" (in popular parlance), the conflict over the translation crystallizes the feminist debate over the possibilities and limitations of social construction as a theory of sexual difference. When Sheila Malovany-Chevallier and Constance Borde (contributors to this volume), translated *Le Deuxieme Sexe* into English in 2010, their decision to alter the translation of the famous sentence by omitting the "a" ignited debate that has not yet exhausted itself. The controversy over the English translation has opened a conversation about translation practices and their relation to meaning more generally, and broadens, in this volume, into an examination of the life of Beauvoir's key sentence in other languages and political and cultural contexts as well. The philosophers, translators, literary scholars and historians who author these essays take decidedly different positions on the meaning of the sentence in French, and thus on its correct translation in a variety of languages--but also on the meaning and salience of the question of sexual difference as it travels between languages, cultures, and political worlds.

CULTURAL TECHNIQUES

GRIDS, FILTERS, DOORS, AND OTHER ARTICULATIONS OF THE REAL

Fordham Univ Press In a crucial shift within posthumanistic media studies, Bernhard Siegert dissolves the concept of media into a network of operations that reproduce, displace, process, and reflect the distinctions fundamental for a given culture. *Cultural Techniques* aims to forget our traditional understanding of media so as to redefine the concept through something more fundamental than the empiricist study of a medium's individual or collective uses or of its cultural semantics or aesthetics. Rather, Siegert seeks to relocate media and culture on a level where the distinctions between object and performance, matter and form, human and nonhuman, sign and channel, the symbolic and the real are still in the process of becoming. The result is to turn ontology into a domain of all that is meant in German by the word *Kultur*. Cultural techniques comprise not only self-referential symbolic practices like reading, writing, counting, or image-making. The analysis of artifacts as cultural techniques emphasizes their ontological status as "in-between," shifting from first-order to second-order techniques, from the technical to the artistic, from object to sign, from the natural to the cultural, from the operational to the representational. *Cultural Techniques* ranges from seafaring, drafting, and eating to the production of the sign-signal distinction in old and new media, to the reproduction of anthropological difference, to the study of *trompe-l'oeils*, grids, registers, and doors. Throughout, Siegert addresses fundamental questions of how ontological distinctions can be replaced by chains of operations that process those alleged ontological distinctions within the ontic. Grounding posthumanist theory both historically and technically, this book opens up a crucial dialogue between new German media theory and American postcybernetic discourses.

BODIES THAT MATTER

ON THE DISCURSIVE LIMITS OF "SEX"

Routledge In *Bodies That Matter*, Judith Butler further develops her distinctive theory of gender by examining the workings of power at the most "material" dimensions of sex and sexuality. Deepening the inquiries she began in *Gender Trouble*, Butler offers an original reformulation of the materiality of bodies, examining how the power of heterosexual hegemony forms the "matter" of bodies, sex, and gender. Butler argues that power operates to constrain "sex" from the start, delimiting what counts as a viable sex. She offers a clarification of the notion of "performativity" introduced in *Gender Trouble* and explores the meaning of a citational politics. The text includes readings of Plato, Irigaray, Lacan, and Freud on the formation of materiality and bodily boundaries; "Paris is Burning," Nella Larsen's "Passing," and short stories by Willa Cather; along with a reconsideration of "performativity" and politics in feminist, queer, and radical democratic theory.

THE PHENOMENOLOGY OF SEX, LOVE, AND INTIMACY

Routledge *The Phenomenology of Sex, Love, and Intimacy* presents a phenomenological exploration of love as it manifests itself through sexual desires and intimate relationships. Setting up a unique dialogue between psychology and philosophy, Susi Ferrarello offers a perspective through which clinicians can inform their practice on diverse issues of human sexuality. Drawing on Husserl's phenomenology, Ferrarello's analysis of love spans a range of disciplines including psychology, theology, biology, epistemology, and axiology, as well as areas related to gender, consent, and political control. Combining Husserlian perspectives on ethics with a focus on lived-experience, this text will deepen therapists' understanding of love as the subject of interdisciplinary inquiry and enable them to locate questions of sexuality and intimacy within an academic framework. With key theoretical principles included to allow clinicians to think through and clarify their practice, this book will be a valuable tool for sex therapists, marriage and family therapists, and counselors, as well as psychology and philosophy students alike.

INVESTING IN CULTURAL DIVERSITY AND INTERCULTURAL DIALOGUE

UNESCO This report analyses all aspects of cultural diversity, which has emerged as a key concern of the international community in recent decades, and maps out new approaches to monitoring and shaping the changes that are taking place. It highlights, in particular, the interrelated challenges of cultural diversity and intercultural dialogue and the way in which strong homogenizing forces are matched by persistent diversifying trends. The report proposes a series of ten policy-oriented recommendations, to the attention of States, intergovernmental and non-governmental organizations, international and regional bodies, national institutions and the private sector on how to invest in cultural diversity. Emphasizing the importance of cultural diversity in different areas (languages, education, communication and new media development, and creativity and the marketplace) based on data and examples collected from around the world, the report is also intended for the general public. It proposes a coherent vision of cultural diversity and clarifies how, far from being a threat, it can become beneficial to the action of the international community.

THE FEMININE MYSTIQUE

Penguin Classics When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' *New York Times* 'Feminism began with the work of a single person: Friedan.' Nicholas Lemann With a new Introduction by Lionel Shriver

SPERM WARS

INFIDELITY, SEXUAL CONFLICT, AND OTHER BEDROOM BATTLES

Hachette UK This classic work on the rules of sex -- updated for a new generation -- is still as provocative as the day it was published, providing simple explanations for any and all questions about what happens in the bedroom. Sex isn't as complicated as we make it. In *Sperm Wars*, evolutionary biologist Robin Baker argues that every question about human sexuality can be explained by one simple thing: sperm warfare. In the interest of promoting competition between sperm to fertilize the same egg, evolution has built men to conquer and monopolize women while women are built to seek the best genetic input on offer from potential sexual partners. Baker reveals, through a series of provocative fictional scene, the far-reaching implications of sperm competition. 10% of children are not fathered by their "fathers;" over 99% of a man's sperm exists simply to fight off all other men's sperm; and a woman is far more likely to conceive through a casual fling than through sex with her regular partner. From infidelity, to homosexuality, to the female orgasm, *Sperm Wars* turns on every light in the bedroom. Now with new material reflecting the latest research on sperm warfare, this milestone of popular science will still surprise, entertain, and even shock.

CHILDREN'S NEEDS - PARENTING CAPACITY

CHILD ABUSE, PARENTAL MENTAL ILLNESS, LEARNING DISABILITY, SUBSTANCE MISUSE, AND DOMESTIC VIOLENCE

The Stationery Office This second edition of "Children's needs - parenting capacity" updates the original exploration of the research literature in the light of legal and policy changes in England and findings from more recent national and international research. The edition has also been expanded to cover parental learning disabilities and how it may impact on parenting and children's health and development. The findings show that these parenting issues affect children differently depending on their age and individual circumstances. While some children grow up apparently unscathed, others exhibit emotional and behavioural disorders. This knowledge can inform practitioners undertaking assessments of the needs of children and their families and effective service responses. This publication is essential reading for practitioners, managers and policy makers concerned with improving the outcomes for children and families who are experiencing such problems.

THE ART OF LOVE

BIMILLENNIAL ESSAYS ON OVID'S ARS AMATORIA AND REMEDIA AMORIS

OUP Oxford The Art of Love celebrates the bi-millennium of Ovid's cycle of sophisticated and subversive didactic poems on love, traditionally assumed to have been brought to completion around AD 2. *Ars Amatoria* (The Art of Love) and *Remedia Amoris* (Cures for Love), which purport to teach young Roman men and women how to be good lovers, were partly responsible for the poet's exile from Rome under the emperor Augustus. None the less they exerted great influence over ancient and later love poetry. This is the first collection in English devoted to the poems, and brings together many of the leading figures in the field of Latin literature and Ovidian studies from the British Isles, Germany, Italy, and the United States. It offers a range of perspectives on the poetics, politics, and erotics of the poems, beginning with a critical survey of recent research, and concluding with papers on the ancient, medieval, and modern reception of the poems.

THE AGE OF SURVEILLANCE CAPITALISM

THE FIGHT FOR A HUMAN FUTURE AT THE NEW FRONTIER OF POWER

Profile Books **THE TOP 10 SUNDAY TIMES BESTSELLER** Shortlisted for the FT Business Book of the Year Award 2019 'Easily the most important book to be published this century. I find it hard to take any young activist seriously who hasn't at least familiarised themselves with Zuboff's central ideas.' - Zadie Smith, *The Guardian* The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control us. The heady optimism of the Internet's early days is gone. Technologies that were meant to liberate us have deepened inequality and stoked divisions. Tech companies gather our information online and sell it to the highest bidder, whether government or retailer. Profits now depend not only on predicting our behaviour but modifying it too. How will this fusion of capitalism and the digital shape our values and define our future? Shoshana Zuboff shows that we are at a crossroads. We still have the power to decide what kind of world we want to live in, and what we decide now will shape the rest of the century. Our choices: allow technology to enrich the few and impoverish the many, or harness it and distribute its benefits. *The Age of Surveillance Capitalism* is a deeply-reasoned examination of the threat of unprecedented power free from democratic oversight. As it explores this new capitalism's impact on society, politics, business, and technology, it exposes the struggles that will decide both the next chapter of capitalism and the meaning of information civilization. Most critically, it shows how we can protect ourselves and our communities and ensure we are the masters of the digital rather than its slaves.

CAPITALISM AND DESIRE

THE PSYCHIC COST OF FREE MARKETS

Columbia University Press Despite creating vast inequalities and propping up reactionary world regimes, capitalism has many passionate defenders—but not because of what it withholds from some and gives to others. Capitalism dominates, Todd McGowan argues, because it mimics the structure of our desire while hiding the trauma that the system inflicts upon it. People from all backgrounds enjoy what capitalism provides, but at the same time are told more and better is yet to come. Capitalism traps us through an incomplete satisfaction that compels us after the new, the better, and the more. Capitalism's parasitic relationship to our desires gives it the illusion of corresponding to our natural impulses, which is how capitalism's defenders characterize it. By understanding this psychic strategy, McGowan hopes to divest us of our addiction to capitalist enrichment and help us rediscover enjoyment as we actually experienced it. By locating it in the present, McGowan frees us from our attachment to a better future and the belief that capitalism is an essential outgrowth of human nature. From this perspective, our economic, social, and political worlds open up to real political change. Eloquent and enlivened by examples from film, television, consumer culture, and everyday life, *Capitalism and Desire* brings a new, psychoanalytically grounded approach to political and social theory.

The Lotus Sutra is regarded as one of the world's great religious scriptures and most influential texts. It's a seminal work in the development of Buddhism throughout East Asia and, by extension, in the development of Mahayana Buddhism throughout the world. Taking place in a vast and fantastical cosmic setting, the Lotus Sutra places emphasis on skillfully doing whatever is needed to serve and compassionately care for others, on breaking down distinctions between the fully enlightened buddha and the bodhisattva who vows to postpone salvation until all beings may share it, and especially on each and every being's innate capacity to become a buddha. This illustrated edition features more than 110 full-page and two-page illustrations by a world-renowned and award-winning artist, and brings the fantastical and image-filled world of the Lotus Sutra vividly to life. Demi's illustrations are both classical and contemporary in feel, perfectly complementing Reeves's masterful and modern translation.

A TREATISE IN THE SOCIOLOGY OF KNOWLEDGE

Open Road Media The classic work that redefined the sociology of knowledge and has inspired a generation of philosophers and thinkers In this seminal book, Peter L. Berger and Thomas Luckmann examine how knowledge forms and how it is preserved and altered within a society. Unlike earlier theorists and philosophers, Berger and Luckmann go beyond intellectual history and focus on commonsense, everyday knowledge—the proverbs, morals, values, and beliefs shared among ordinary people. When first published in 1966, this systematic, theoretical treatise introduced the term social construction, effectively creating a new thought and transforming Western philosophy.
