The Warren Buffett CEO

Secrets from the Berkshire Hathaway Managers

John Wiley & Sons "Everyone knows Warren is the greatest investor of our time. . . .This book for the first time captures his genius as a manager." —Jack Welch The first book to reveal the investment and management strategies of the Berkshire Hathaway all-star management team. Much has been written about Warren Buffett and his investment philosophy; little has been made public about the inside management of Berkshire Hathaway. With a market cap exceeding 100 billion , Berkshire Hathaway has a market value surpassing many icons of American business such as Dell, AT&T, Disney, Ford, Gillette, American Express, and GM. Drawing on his personal experiences as well as those of Berkshire's chief executives, officers, and directors interviewed for this book, Berkshire insider Robert P. Miles provides a unique look at the Berkshire Hathaway culture and its management principles.

Warren Buffett's Management Secrets

Proven Tools for Personal and Business Success

Simon and Schuster The book is divided into several sections covering Warren Buffett's personal business management: . *Managing one's life* - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . *Managing One's Career* - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . *Managing Employees* - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . *Managing the Business* - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . *Managing of Personal Money* - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

Behind the Berkshire Hathaway Curtain

Lessons from Warren Buffett's Top Business Leaders

John Wiley & Sons Warren Buffett is a legend primarily for his investment philosophy. He isn't concerned about the intricacies of the market, but instead focuses on the quality of the companies Berkshire Hathaway stands behind. Yet we know little about the leaders of the companies that Buffett handpicks. In *Behind the Berkshire Hathaway Curtain: Lessons from Warren Buffett's Top Business Leaders*, author Ronald W. Chan — founder and CEO of Chartwell Capital — offers a behind-the-scenes look into the careers of Berkshire Hathaway executives who have both directly and indirectly contributed to the conglomerate's success. Drawing on exclusive interviews from Berkshire leaders, Chan vividly describes how an exceptional group of managers has built a culture of achievement. With a keen eye for detail, he shows how their lessons can be applied for career success and personal fulfillment. Brimming with practical advice, the book will appeal to both executives and employees wanting to improve their leadership skills and work performance. Covering the career and life decisions of David Sokol of MidAmerican Energy, Cathy Baron-Tamraz of Business Wire,

Dennis Knautz of Acme Brick, Randy Watson of Justin Brands, Stan Lipsey of Buffalo News, and many more, the book offers a wide range of business insights, philosophies, and strategies directly from leaders at the top of their fields.

Tao of Charlie Munger

A Compilation of Quotes from Berkshire Hathaway's Vice Chairman on Life, Business, and the Pursuit of Wealth With Commentary by David Clark

Simon and Schuster Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling Buffettology series. Born in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like The Tao of Warren Buffett and The Tao of Te Ching, The Tao of Charlie Munger is a compendium of pithy quotes including, "Knowing what you don't know is more useful than being brilliant" and "In my whole life, I have known no wise people who didn't read all the time—none, zero." This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger's amazing financial success and life philosophies. Described by Business Insider as "sharp in his wit and investing wisdom," Charlie Munger's investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

Financial Behavior

Players, Services, Products, and Markets

Oxford University Press Financial Behavior: Players, Services, Products, and Markets provides a synthesis of the theoretical and empirical literature on the financial behavior of major stakeholders, financial services, investment products, and financial markets. The book offers a different way of looking at financial and emotional well-being and processing beliefs, emotions, and behaviors related to money. The book provides important insights about cognitive and emotional biases that influence various financial decision-makers, services, products, and markets. With diverse concepts and topics, the book brings together noted scholars and practitioners so readers can gain an in-depth understanding about this topic from experts from around the world. In today's financial setting, the discipline of behavioral finance is an ever-changing area that continues to evolve at a rapid pace. This book takes readers through the core topics and issues as well as the latest trends, cutting-edge research developments, and real-world situations. Additionally, discussion of research on various cognitive and emotional issues is covered throughout the book. Thus, this volume covers a breadth of content from theoretical to practical, while attempting to offer a useful balance of detailed and user-friendly coverage. Those interested in a broad survey will benefit as will those searching for more in-depth presentations of specific areas within this field of study. As the seventh book in the Financial Markets and Investment Series, Financial Behavior: Players, Services, Products, and Markets offers a fresh look at the fascinating area of financial behavior.

Supervision: Concepts and Practices of Management

Cengage Learning Differentiate yourself in a competitive marketplace with SUPERVISION: CONCEPTS AND PRACTICES OF MANAGEMENT, 13E. A blend of traditional management concepts and emerging insights, the text draws from the authors' firsthand business experience to deliver the leadership skills hiring managers want but rarely find in new recruits. This comprehensive single source for supervisory management expertise addresses the most critical challenges in business today, including globalization, economic turbulence, transitional and temporary workers, virtual employees, technology, outsourcing, and downsizing. Hands-on and practical, the text complements chapter readings with skill-building techniques and captivating video cases from well-known organizations, letting you experience supervisory roles yourself. Special attention to diversity and ethics also helps you develop a

better sense of life beyond the classroom and enhances the text's extensive coverage of communication, decision making, conflict resolution, and other essential supervisory skills. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Invisible Handcuffs of Capitalism

How Market Tyranny Stifles the Economy by Stunting Workers

NYU Press Mainstream, or more formally, neoclassical, economics claims to be a science. But as Michael Perelman makes clear in his latest book, nothing could be further from the truth. While a science must be rooted in material reality, mainstream economics ignores or distorts the most fundamental aspect of this reality: that the vast majority of people must, out of necessity, labor on behalf of others, transformed into nothing but a means to the end of maximum profits for their employers. The nature of the work we do and the conditions under which we do it profoundly shape our lives. And yet, both of these factors are peripheral to mainstream economics. By sweeping labor under the rug, mainstream economists hide the nature of capitalism, making it appear to be a system based upon equal exchange rather than exploitation inside every workplace. Perelman describes this illusion as the "invisible handcuffs" of capitalism and traces its roots back to Adam Smith and his contemporaries and their disdain for working people. He argues that far from being a basically fair system of exchanges regulated by the "invisible hand" of the market, capitalism handcuffs working men and women (and children too) through the very labor process itself. Neoclassical economics attempts to rationalize these handcuffs and tells workers that they are responsible for their own conditions. What we need to do instead, Perelman suggests, is eliminate the handcuffs through collective actions and build a society that we direct ourselves.

Fintech and the Remaking of Financial Institutions

Academic Press FinTech and the Remaking of Financial Institutions explores the transformative potential of new entrants and innovations on business models. In its survey and analysis of FinTech, the book addresses current and future states of money and banking. It provides broad contexts for understanding financial services, products, technology, regulations and social considerations.

The book shows how FinTech has evolved and will drive the future of financial services, while other FinTech books concentrate on particular solutions and adopt perspectives of individual users, companies and investors. It sheds new light on disruption, innovation and opportunity by placing the financial technology revolution in larger contexts. Presents case studies that depict the problems, solutions and opportunities associated with FinTech Provides global coverage of FinTech ventures and regulatory guidelines Analyzes FinTech's social aspects and its potential for spreading to new areas in banking Sheds new light on disruption, innovation and opportunity by placing the financial technology revolution in larger contexts

The Essays of Warren Buffett

Lessons for Investors and Managers

Wiley As in previous editions of The Essays of Warren Buffett, this one retains the architecture and philosophy of the original edition but adds selections from Warren Buffett's most recent annual shareholder letters. All the letters are woven together into a fabric that reads as a complete and coherent narrative of a sound business and investment philosophy. As an aid to all readers, and to enable readers of the previous editions to see what is new in this one, a disposition table at the end of the book shows the various places in this collection where selections from each year's letter appear. Footnotes throughout indicate the year of the annual report from which essays are taken. To avoid interrupting the narrative flow, omissions of text within excerpts are not indicated by ellipses or other punctuation. This new edition is called for not because anything has changed about the fundamentals of Buffett's sound business and investment philosophy but because articulation of that philosophy is always delivered in the context of contemporary events and business conditions so periodic updating is warranted to maintain its currency

The Real Warren Buffett

Managing Capital, Leading People

Hachette UK The Real Warren Buffett unveils the secret of how Warren Buffett led Berkshire Hathaway to staggering success. Zeroing in on his original management style and leadership approach, author James O'Loughlin exposes the powerful and practical lessons of Buffett, demonstrating how he became the second richest man in America.

Nature of Investing

Resilient Investment Strategies Through Biomimicry

Routledge We are all investors. We invest our time, our energy, our money. We invest every single day, as citizens, as consumers, as businesspeople. At its core, investing involves connection, exchange, and mutual benefit. Lately, however, the primary, beneficial function of investing has been overshadowed by ever-more mechanized iterations of finance. We have created funds of funds, securitizations of securitizations, and entire firms whose business is based on harvesting the advantage of microseconds of trading speed. The Nature of Investing calls for a transformation of the investment process from the roots up. Drawing on the author's twenty-plus years of leadership experience in top investment firms, the book connects real-world finance with the field of biomimicry. Citing real-life examples and discussing principles from the natural world, The Nature of Investing shows how we can create an investment framework that is different from the mechanized one currently employed. Readers will discover an approach that re-aligns investing with the world it was originally meant to serve. An approach that values resiliency over rigidity and elegant simplicity over synthetic complexity. This is the true nature of investing.

Investindo em valor social: gerando valor social com investimentos

Editora FGV A visão tradicional de como as sociedades gerenciam a si mesmas está mudando. O governo, por si, não tem conseguido cuidar das responsabilidades e dos custos crescentes dos problemas que enfrenta no mundo moderno: segurança pública, bem-estar social, relações internacionais, geração de empregos, moradias, energia, proteção ambiental, transportes, exploração espacial, pesquisa científica, justiça, e daí por diante. Além disso, a maioria dos indivíduos e das comunidades locais não quer que esses problemas importantes sejam tratados sem que eles sejam ouvidos, por mais bem-intencionado que seja o governo. Publicado em boa hora no Brasil, o livro pretende ajudar na reflexão que governo, setor privado, setor filantrópico e entidades da sociedade civil podem sim somar forças para lidar com problemas que parecem ser insuperáveis, tais como saúde, segurança, pobreza rural e infraestrutura, através de parcerias público-privadas.

Buffettology

*Simon and Schuster In the world of investing, the name Warren Buffett is synonymous with success and prosperity. Learn how Warren Buffett did it—and how you can too. Building from the ground up, Buffett chose wisely and picked his stocks with care, in turn amassing the huge fortune for which he is now famous. Mary Buffett, former daughter-in-law of this legendary financial genius and a successful businesswoman in her own right, has teamed up with noted Buffettologist David Clark to create Buffettology, a one-of-a-kind investment guide that explains the winning strategies of the master. * Learn how to approach investing the way Buffett does, based on the authors' firsthand knowledge of the secrets that have made Buffett the world's second wealthiest man * Use Buffett's proven method of investing in stocks that will continue to grow over time * Master the straightforward mathematical equipments that assist Buffett in making investments * Examine the kinds of companies that capture Buffett's interest, and learn how you can use this*

information to make your own investment choices of the future Complete with profiles of fifty-four "Buffett companies" -- companies in which Buffett has invested and which the authors believe he continues to follow -- Buffettology can show any investor, from beginner to savvy pro, how to create a profitable portfolio.

The MAGNET Method of Investing

Find, Trade, and Profit from Exceptional Stocks

John Wiley & Sons Praise for The Magnet® Method of Investing "Rather than encouraging the scatter shot approach of broad diversification, Jordan focuses on the rifle-shot Magnet® method of identifying a limited number of quality stocks to improve your chances of beating the market." —Sam Stovall, Chief Investment Strategist, Standard & Poor's Equity Research "Jordan Kimmel is one of the brightest market observers out there, and he is certainly a rising star that will be an important person to follow marketwise for many years." —Michael Burke, Coeditor, Investors Intelligence, Inc. "Jordan Kimmel's The Magnet® Method of Investing is an amazing, detailed, and intuitive book. I especially enjoyed Jordan's insights into diversification, the inefficient market, and identifying stocks that are in their 'sweet spot.' Jordan's writing style is also very straightforward and refreshing. He succeeds in taking complicated subjects and explaining them in an insightful way. This is simply an incredible book that is a must-read for both beginning and serious investors." —Louis G. Navellier, Chairman and founder, Navellier & Associates, Inc. "The Magnet® Method of Investing examines investing from a different perspective than many investors often see, offering a unique alternative to diversification. Jordan Kimmel has analyzed the methods of the best investors through time and introduces his robust stock selection process." —David M. Darst, CFA, Managing Director and Chief Investment Strategist, Morgan Stanley Global Wealth Management Group "We welcome Jordan's book as a valuable perspective on investing. The Wall Street Transcript applauds money managers like Jordan who explain their philosophies clearly, support them with research, and back them up with performance data. This is a great addition to any investing reading list." —Andrew Pickup, Publisher and CEO, The Wall Street Transcript "The Magnet® Method of Investing takes on the important issue of diversification, which has been oversold to Main Street. This is yet another example of the need to 'go against conventional thinking' if you want to achieve superior results." —Stan Weinstein, Editor and Publisher, Global Trend Alert

Concentrated Investing

Strategies of the World's Greatest Concentrated Value Investors

John Wiley & Sons Discover the secrets of the world's top concentrated value investors Concentrated Investing: Strategies of the World's Greatest Concentrated Value Investors chronicles the virtually unknown—but wildly successful—value investors who have regularly and spectacularly blown away the results of even the world's top fund managers. Sharing the insights of these top value investors, expert authors Allen Benello, Michael van Biema, and Tobias Carlisle unveil the strategies that make concentrated value investing incredibly profitable, while at the same time showing how to mitigate risk over time. Highlighting the history and approaches of four top value investors, the authors tell the fascinating story of the investors who dare to tread where few others have, and the wildly-successful track records that have resulted. Turning the notion of diversification on its head, concentrated value investors pick a small group of undervalued stocks and hold onto them through even the lean years. The approach has been championed by Warren Buffett, the best known value investor of our time, but a small group of lesser-known investors has also used this approach to achieve outstanding returns. Discover the success of Lou Simpson, a former GEICO investment manager and eventual successor to Warren Buffett at Berkshire Hathaway Read about Kristian Siem, described as "Norway's Warren Buffett," and the success he has had at Siem Industries Concentrated Investing will quickly have you re-thinking the conventional wisdom related to diversification and learning from the top concentrated value investors the world has never heard of.

Damn Right!

Behind the Scenes with Berkshire Hathaway Billionaire

Charlie Munger

John Wiley & Sons Praise for Damn Right! From the author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of The Essays of Warren Buffett: Lessons for Corporate America "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of The Warren Buffett Way "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful."-TIMOTHY P. VICK, Money Manager and Author of How to Pick Stocks Like Warren Buffett

The Outsiders

Eight Unconventional CEOs and Their Radically Rational Blueprint for Success

Harvard Business Press "An outstanding book about CEOs who excelled at capital allocation." — Warren Buffett #1 on Warren Buffett's Recommended Reading List, Berkshire Hathaway Annual Shareholder Letter, 2012 Named one of "19 Books Billionaire

Charlie Munger Thinks You Should Read” in Business Insider. “A book that details the extraordinary success of CEOs who took a radically different approach to corporate management.” — Charlie Munger, Vice-Chairman of Berkshire Hathaway Corporation

“Thorndike explores the importance of thoughtful capital allocation through the stories of eight successful CEOs. A good read for any business leader but especially those willing to chart their own course.” — Michael Dell, chairman of the board of directors and chief executive officer of Dell

*What makes a successful CEO? Most people call to mind a familiar definition: “a seasoned manager with deep industry expertise.” Others might point to the qualities of today’s so-called celebrity CEOs—charisma, virtuoso communication skills, and a confident management style. But what really matters when you run an organization? What is the hallmark of exceptional CEO performance? Quite simply, it is the returns for the shareholders of that company over the long term. In this refreshing, counterintuitive book, author Will Thorndike brings to bear the analytical wisdom of a successful career in investing, closely evaluating the performance of companies and their leaders. You will meet eight individualistic CEOs whose firms’ average returns outperformed the S&P 500 by a factor of twenty—in other words, an investment of \$10,000 with each of these CEOs, on average, would have been worth over \$1.5 million twenty-five years later. You may not know all their names, but you will recognize their companies: General Cinema, Ralston Purina, The Washington Post Company, Berkshire Hathaway, General Dynamics, Capital Cities Broadcasting, TCI, and Teledyne. In *The Outsiders*, you’ll learn the traits and methods—striking for their consistency and relentless rationality—that helped these unique leaders achieve such exceptional performance. Humble, unassuming, and often frugal, these “outsiders” shunned Wall Street and the press, and shied away from the hottest new management trends. Instead, they shared specific traits that put them and the companies they led on winning trajectories: a laser-sharp focus on per share value as opposed to earnings or sales growth; an exceptional talent for allocating capital and human resources; and the belief that cash flow, not reported earnings, determines a company’s long-term value. Drawing on years of research and experience, Thorndike tells eye-opening stories, extracting lessons and revealing a compelling alternative model for anyone interested in leading a company or investing in one—and reaping extraordinary returns.*

Pilgrimage to Warren Buffett's Omaha: A Hedge Fund Manager's Dispatches from Inside the Berkshire

Hathaway Annual Meeting

McGraw Hill Professional They come to Omaha by the tens of thousands, flocking to an annual meeting that has become legendary for investors, businesspeople, and fans of one of the most savvy capitalists on the planet. They come to eat steak, buy furniture at a discount, and bask in the brilliance of value investor extraordinaire, Warren Buffet. Hedge fund founder, financial blogger, and professional skeptic Jeff Matthews got his own highly-coveted ticket to the Berkshire Hathaway meeting held only for shareholders and their guests--and proceeded to post reports on his blog, offering tempting glimpses into the much-discussed meeting. Now Matthews delivers a full-length account of his adventures at this infamous financial hoedown. In addition to offering a thoroughly entertaining first-hand account of Berkshire Hathaway's meeting, he answers questions investor's are asking, including: Does Buffett's famed penny-pinching cripple his companies? Why does Buffet--a bridge partner and best friend of Bill Gates--not own any technology stocks? How does the extremely rational Buffett square his well-known social progressiveness with his lily-white audience of investors? Is Buffet really an "Oracle"? What information, insights, and ideas do the meeting's attendees pick up-and how do they put this information to use in their own investments? Will Berkshire-Hathaway survive his death? Matthews also applies his financial acumen to harvesting potent lessons from his experiences that you can use as you survey the investment field, from finding how the world's greatest investor evaluates not only businesses but the people who run them, to the importance of "just reading and thinking" and the value of having a smart, cynical partner. With the dispatches from this exclusive financial carnival, Pilgrimage to Warren Buffett's Omaha puts you at the forefront of an investor's dream come true. "There are very few secrets to be revealed about a man who really doesn't have many secrets. But this book does take you inside that secret place - the Mecca of the Midwest. It's very easy to read and full of classic Buffett-isms - well worth the pilgrimage for those of us who don't own any Berkshire Hathaway shares or for anyone who wants to learn more about investing from the man who says the first rule of investing it to, 'read everything.'" --CNBC.COM

What I Learned Before I Sold to Warren Buffett

An Entrepreneur's Guide to Developing a Highly

Successful Company

John Wiley & Sons Expert advice for those who want to create a solid company Through hard work and determination Barnett Helzberg built his small family owned business-Helzberg Diamonds-into a successful company that caught the attention of Warren Buffett. Buffett was so impressed with the business that in 1995 he decided to purchase Helzberg Diamonds through his holding company Berkshire Hathaway. Helzberg shares his thirty years of experience in running a successful business and outlines the steps needed to prosper within a challenging business environment. Through "helpful hints" and words of wisdom, Helzberg offers a proven road map for entrepreneurs and business owners looking to build a solid company that will stand the test of time. What I Learned Before I Sold to Warren Buffett is a comprehensive guide that will help readers get their businesses on the right track. Barnett C. Helzberg Jr. (Kansas City, MO) was President of Helzberg Diamonds, Inc. from 1962 to 1995, a period during which he expanded his family-owned business to 143 stores in twenty-three states. His business practices have been a key ingredient to the success of Helzberg Diamonds.

Warren Buffett and the Art of Stock Arbitrage

Proven Strategies for Arbitrage and Other Special Investment Situations

Simon and Schuster Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime' Warren Buffett Warren Buffett and the Art of the Stock Arbitrage is the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. They offer detailed analysis and explanations of Buffett's arbitrage and special situations

operations and techniques for the first time ever.

Six Key Communication Skills for Records and Information Managers

Chandos Publishing Excellent business communication skills are especially important for information management professionals, particularly records managers, who have to communicate a complex idea: how an effective program can help the organization be better prepared for litigation, and do it in a way that is persuasive in order to win records program support and budget. Six Key Communication Skills for Records and Information Managers explores those skills that enable records and information to have a better chance of advancing their programs and their careers. Following an introduction from the author, this book will focus on six key communication skills: be brief, be clear, be receptive, be strategic, be credible and be persuasive. Honing these skills will enable readers to more effectively obtain support for strategic programs, communicate more effectively with senior management, IT personnel and staff, and master key forms of business communication including written, verbal and formal presentations. The final chapter will highlight one of the most practical applications of applying the skills for records and information managers: the business case. Based on real events, the business cases spotlighted involve executives who persuaded organizations to adopt new programs. These case histories bring to life many of the six keys to effective communication. addresses communication skills specifically for records and information managers while clarifying how these skills can also benefit professionals in any discipline includes case history examples of how communications skills made a difference in business and/or personal success focuses on written, verbal and presentation skills, where many books emphasize only one of these areas

The Healthy Mind Toolkit

These behaviors can manifest in seemingly innocuous ways, but if left unchecked can create stress and cause problems in all areas of your life. In The Healthy Mind Toolkit, Dr. Alice Boyes provides easy, practical solutions that will help you identify how you're holding yourself back and how to reverse your self-sabotaging behaviors. Blending scientific research with techniques from cognitive behavioral therapy, this engaging book will take you through the steps to address this overarching problem, including how to:*

- Identify the specific ways you're hurting your success in all aspects of your life
- Capitalize on the positive aspects of your extreme traits instead of the negatives
- Find creative solutions to curb your self-defeating patterns
- Practice self-care as a problem-solving strategy

Filled with quizzes and insightful exercises to personalize your journey from harmful behaviors to healthy habits, The Healthy Mind Toolkit is the essential guide to get out of your own way and get on the path to success.

Rule #1

The Simple Strategy for Successful Investing in Only 15 Minutes a Week

Random House *Who's going to provide for your future? There's a crisis looming in pensions. Investing in property is time-consuming and risky. Savings accounts yield very little return. If you're not careful, you could be looking at a very uncomfortable retirement. But surely the alternative - investing in the stock market - is risky, complicated and best left to the professionals? Phil Town doesn't think so. He made a fortune, and in Rule #1 he'll show you how he did it. Rule #1: - Sets out the five key numbers that really count when you're buying stocks and shares - Explains how to use new Internet tools to simplify research - Shows how to exploit the advantages of being an individual investor - Demonstrates how to pay fifty pence for every pound's worth of business This simple and straightforward method will guide you to 15% or better annual returns - in only 15 minutes a week. It's money in the bank!*

The Complete Financial History of Berkshire Hathaway A Chronological Analysis of Warren Buffett and Charlie Munger's Conglomerate Masterpiece

Harriman House Limited For the first time the complete financial history of Berkshire Hathaway is available under one cover in chronological format. Beginning at the origins of the predecessor companies in the textile industry, the reader can examine the development of the modern-day conglomerate year-by-year and decade-by-decade, watching as the struggling textile company morphs into what it has become today. This comprehensive analysis distils over 10,000 pages of research material, including Buffett's Chairman's letters, Berkshire Hathaway annual reports and SEC filings, annual meeting transcripts, subsidiary financials, and more. The analysis of each year is supplemented with Buffett's own commentary where relevant, and examines all important acquisitions, investments, and other capital allocation decisions. The appendices contain balance sheets, income statements, statements of cash flows, and key ratios dating back to the 1930s, materials brought together for the first time. The structure of the book allows the new student to follow the logic, reasoning, and capital allocation decisions made by Warren Buffett and Charlie Munger from the very beginning. Existing Berkshire shareholders and long-time observers will find new information and refreshing analysis, and a convenient reference guide to the decades of financial moves that built the modern-day respected enterprise that is Berkshire Hathaway.

Why Warren Buffett Looks to Growth and Management

When Investing

John Wiley & Sons A detailed look at how Warren Buffett really invests In this engaging new book, author Prem Jain extracts Warren Buffett's wisdom from his writings, Berkshire Hathaway financial statements, and his letters to shareholders and partners in his partnership firms-thousands of pages written over the last fifty years. Jain uncovers the key elements of Buffett's approach that every investor should be aware of. With Buffett Beyond Value, you'll learn that, contrary to popular belief, Warren Buffett is not a pure value investor, but a unique thinker who combines the principles of both value and growth investing strategies. You'll also discover why understanding CEOs is more important than studying financial metrics; and why you need an appropriate psychological temperament to be a successful investor. Reveals Buffett's multifaceted investment principles Discusses how Buffett thinks differently from others about portfolio diversification, market efficiency, and corporate governance Highlights how you can build a diverse and profitable investment portfolio With this book as your guide, you'll learn how to successfully invest like Warren Buffett.

The Investment Checklist

The Art of In-Depth Research

John Wiley & Sons A practical guide to making more informed investment decisions Investors often buy or sell stocks too quickly. When you base your purchase decisions on isolated facts and don't take the time to thoroughly understand the businesses you are buying, stock prices swing and third-party opinion can lead to costly investment mistakes. Your decision making at this point becomes dangerous because it is dominated by emotions. The Investment Checklist has been designed to help you develop an in-depth research process, from generating and researching investment ideas to assessing the quality of a business and its management team. The purpose of The Investment Checklist is to help you implement a principled investing strategy through a series of checklists. In it, a thorough and comprehensive research process is made simpler through the use of straightforward checklists that will allow you to identify quality investment opportunities. Each chapter contains detailed demonstrations of how and where to find the information necessary to answer fundamental questions about investment opportunities. Real-world examples of how investment managers and CEOs apply these universal principles are also included and help bring the concepts to life. These checklists will help you consider a fuller range of possibilities in your investment strategy, enhance your ability to value your investments by giving you a holistic view of

the business and each of its moving parts, identify the risks you are taking, and much more. Offers valuable insights into one of the most important aspects of successful investing, in-depth research. Written in an accessible style that allows aspiring investors to easily understand and apply the concepts covered. Discusses how to think through your investment decisions more carefully. With The Investment Checklist, you'll quickly be able to ascertain how well you understand your investments by the questions you are able to answer, or not answer, without making the costly mistakes that usually hinder other investors.

Warren Buffett Wealth

Principles and Practical Methods Used by the World's Greatest Investor

John Wiley & Sons The strategies and techniques of THE investment legend Warren Buffett Wealth follows the world's greatest investor from the beginning of his career, as he takes a 100-dollar investment and turns it into one of the most successful multibillion-dollar companies in the world. By carefully detailing how Buffett began his career and discussing what he learned from Benjamin Graham, this book reveals the true secrets to Buffett's success. Readers will see how Buffett reached the pinnacle of his profession by following certain key principles such as investing in old-style traditional American companies, holding the companies forever, and hiring and keeping the same managers. Robert P. Miles (Tampa, FL) is a writer, speaker, and consultant. He is also the author of *The Warren Buffett CEO* (0-471-44259-3) and *101 Reasons to Own the World's Greatest Investment: Warren Buffett's Berkshire Hathaway* (0-471-41123-X).

The Joys of Compounding

The Passionate Pursuit of Lifelong Learning, Revised and

Updated

Columbia University Press Value investing is not just a system for success in the market. It is also an intellectual toolkit for achieving a deeper understanding of the world. In The Joys of Compounding, the value investor Gautam Baid builds a holistic approach to value investing and philosophy from his wide-ranging reading, combining practical approaches, self-cultivation, and business wisdom. Distilling investment and life lessons into a comprehensive guide, Baid integrates the strategies and wisdom of preeminent figures whose teachings have stood the test of time. Drawing on the work of investing greats like Warren Buffett, Charlie Munger, and Ben Graham, as well as philosophers and scholars, he artfully interweaves the lessons learned from his many teachers. Baid demonstrates their practical applications in the areas of business, investing, and decision making and also shows that these ideas can be applied to one's own life with just as much reward. A celebration of the value investing discipline, this book also recounts Baid's personal experiences, testifying to his belief that the best investment you can make is an investment in yourself. The Joys of Compounding offers curated reflections on life and learning for all investors, investment enthusiasts, and readers seeking a dose of practical wisdom. This revised and updated edition highlights Baid's distinctive voice.

University of Berkshire Hathaway

30 Years of Lessons Learned from Warren Buffett & Charlie Munger at the Annual Shareholders Meeting

Daniel Pecaut Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best lessons from that year. This book compiles those thirty years of wisdom for the first time.

50 Berkshire Hathaway Letters to Shareholders 1965-2014

The Warren Buffett Portfolio

Mastering the Power of the Focus Investment Strategy

John Wiley & Sons *The Warren Buffett Way* provided the first look into the strategies that the master uses to pick stocks. A *New York Times* bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. *THE WARREN BUFFETT PORTFOLIO* will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. *THE WARREN BUFFETT PORTFOLIO* introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

The Financial Crisis Inquiry Report

The Final Report of the National Commission on the Causes of the Financial and Economic Crisis in the United States Including Dissenting Views

Cosimo, Inc. The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to "examine the causes, domestic and global, of the current financial and economic crisis in the United States." It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on "the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government." News Dissector DANNY SCHECHTER is a journalist, blogger and filmmaker. He has been reporting on economic crises since the 1980's when he was with ABC News. His film In Debt We Trust warned of the economic meltdown in 2006. He has since written three books on the subject including Plunder: Investigating Our Economic Calamity (Cosimo Books, 2008), and The Crime Of Our Time: Why Wall Street Is Not Too Big to Jail (Disinfo Books, 2011), a companion to his latest film Plunder The Crime Of Our Time. He can be reached online at www.newsdissector.com.

Quality Shareholders

How the Best Managers Attract and Keep Them

Columbia University Press Anyone can buy stock in a public company, but not all shareholders are equally committed to a company's long-term success. In an increasingly fragmented financial world, shareholders' attitudes toward the companies in which they invest vary widely, from time horizon to conviction. Faced with indexers, short-term traders, and activists, it is more important than ever for

businesses to ensure that their shareholders are dedicated to their missions. Today's companies need "quality shareholders," as Warren Buffett called those who "load up and stick around," or buy large stakes and hold for long periods. Lawrence A. Cunningham offers an expert guide to the benefits of attracting and keeping quality shareholders. He demonstrates that a high density of dedicated long-term shareholders results in numerous comparative and competitive advantages for companies and their managers, including a longer runway to execute business strategy and a loyal cohort against adversity. Cunningham explores dozens of corporate practices and policies—such as rational capital allocation, long-term performance metrics, and a shareholder orientation—that can help shape the shareholder base and bring in committed owners. Focusing on the benefits for corporations and their investors, he reveals what draws quality shareholders to certain companies and what it means to have them in an investor base. This book is vital reading for investors, executives, and directors seeking to understand and attract the kind of shareholders that their companies need.
