KEY=MORTALS - AMIYA LEWIS

'THE MORTAL GOD'

IMAGINING THE SOVEREIGN IN COLONIAL INDIA

Cambridge University Press This work explores how colonial India imagined human and divine figures to battle the nature and locus of sovereignty.

THE BRITISH STUDY EDITION OF THE URANTIA PAPERS BOOK [EREADER PDF]

Tigran Aivazian The British Study Edition of the Urantia Papers is based on the standard SRT text, but uses the metric system and adds a critical apparatus of textual variants and study notes.

SOVEREIGN

FaithWords Nine years after Rom Sebastian was thrust into the most unlikely of circumstances as hero and bearer of an unimaginable secret, the alliance of his followers is in disarray. An epic battle with The Order has left them scattered and deeply divided both in strategy and resolve in their struggle to become truly alive and free. Only 49 truly alive followers remain loyal to Rom. This meager band must fight for survival as The Order is focused on their total annihilation. Misunderstood and despised, their journey will be one of desperation against a new, more intensely evil

Order. As the hand of this evil is raised to strike and destroy them they must rely on their faith in the abiding power of love to overcome all and lead them to sovereignty. SOVEREIGN wonderfully continues the new testament allegory that was introduced in FORBIDDEN and continued in MORTAL.

THE SOVEREIGN INDIVIDUAL

MASTERING THE TRANSITION TO THE INFORMATION AGE

Simon and Schuster Two renowned investment advisors and authors of the bestseller The Great Reckoning bring to light both currents of disaster and the potential for prosperity and renewal in the face of radical changes in human history as we move into the next century. The Sovereign Individual details strategies necessary for adapting financially to the next phase of Western civilization. Few observers of the late twentieth century have their fingers so presciently on the pulse of the global political and economic realignment ushering in the new millennium as do James Dale Davidson and Lord William Rees-Mogg. Their bold prediction of disaster on Wall Street in Blood in the Streets was borne out by Black Tuesday. In their ensuing bestseller, The Great Reckoning, published just weeks before the coup attempt against Gorbachev, they analyzed the pending collapse of the Soviet Union and foretold the civil war in Yugoslavia and other events that have proved to be among the most searing developments of the past few years. In The Sovereign Individual, Davidson and Rees-Mogg explore the greatest economic and political transition in centuries - the shift from an industrial to an information-based society. This transition, which they have termed "the fourth stage of human society," will liberate individuals as never before, irrevocably altering the power of government. This outstanding book will replace false hopes and fictions with new understanding and clarified values.

MEIN KAMPF

Diamond Pocket Books Pvt Ltd 'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was

written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

LIQUID LOVE

ON THE FRAILITY OF HUMAN BONDS

John Wiley & Sons This book is about the central figure of our contemporary, 'liquid modern' times - the man or woman with no bonds, and particularly with none of the fixed or durable bonds that would allow the effort of self-definition and self-assertion to come to a rest. Having no permanent bonds, the denizen of our liquid modern society must tie whatever bonds they can to engage with others, using their own wits, skill and dedication. But none of these bonds are guaranteed to last. Moreover, they must be tied loosely so that they can be untied again, quickly and as effortlessly as possible, when circumstances change - as they surely will in our liquid modern society, over and over again. The uncanny frailty of human bonds, the feeling of insecurity that frailty inspires, and the conflicting desires to tighten the bonds yet keep them loose, are the principal themes of this important new book by Zygmunt Bauman, one of the most original and influential social thinkers of our time. It will be of great interest to students and scholars in sociology and in the social sciences and humanities generally, and it will appeal to anyone interested in the changing nature of human relationships.

THE SOCIAL CONTRACT

AND DISCOURSES

New York : Dutton After an old university friend and fellow archeologist's murdered, forensic archeologist Ruth Galloway travels to Lancashire to examine the bones he found, which reveal a shocking fact about King Arthur, and discovers a campus living in fear of a sinister right-wing group called the White Hand.

FORBIDDEN

Hachette UK Almost 500 years have passed since civilization's brush with extinction. Perfect order reigns and humanity's greataest threats have been silenced by the ruling totalitarian government. There is no disease. No passion. No hate. No war. There is only peace. Until one man discovers the truth hidden in a secret journal: the human heart has been stripped of all that makes it human and exists only in a kind of living death. But when Rom exposed himself to the vial of blood contained in the journal he was filled with uncontrollable emotions. Only Rom is now truly alive, and only he has the knowledge that can reawaken humanity. But the way is dangerous and the cost staggering . . . the way is forbidden.

SELF-SOVEREIGN IDENTITY

Manning Publications **In Self-Sovereign Identity: Decentralized digital identity and verifiable credentials, you'll learn how SSI empowers us to receive digitally-signed credentials, store them in private wallets, and securely prove our online identities.** Summary In a world of changing privacy regulations, identity theft, and online anonymity, identity is a precious and complex concept. Self-Sovereign Identity (SSI) is a set of technologies that move control of digital identity from third party "identity providers" directly to individuals, and it promises to be one of the most important trends for the coming decades. Personal data experts Drummond Reed and Alex Preukschat lay out a roadmap for a future of personal sovereignty powered by the Blockchain and cryptography. Cutting through technical jargon with dozens of practical cases, it presents a clear and compelling argument for why SSI is a paradigm shift, and how you can be ready to be prepared for it. About the technology Trust on the internet is at an all-time low. Large corporations and institutions control our personal data because we've never had a simple, safe, strong way to prove who we are online. Self-sovereign identity (SSI) changes all that. About the book **In Self-Sovereign Identity: Decentralized digital identity and verifiable credentials, you'll learn how SSI empowers us to receive digitally-signed credentials, store them in private wallets, and securely prove our online identities.** It combines a clear, jargon-free introduction to this blockchain-inspired paradigm shift with interesting essays written by its leading practitioners. Whether for property transfer, ebanking, frictionless travel, or personalized services, the SSI model for digital trust will reshape our collective future. What's inside The architecture of SSI software and services The technical, legal, and governance concepts behind SSI How SSI affects global business industry-by-industry Emerging standards for SSI About the reader For technology and business readers. No prior SSI, cryptography, or blockchain experience required. About the authors

Drummond Reed is the Chief Trust Officer at Evernym, a technology leader in SSI. Alex Preukschat is the co-founder of SSIMeetup.org and AlianzaBlockchain.org. EMPIRES AND COLONIES

John Wiley & Sons *Empires and Colonies* provides a thoroughgoing and lively exploration of the expansion of the seaborne empires of western Europe from the fifteenth century and how that process of expansion affected the world, including its successor, the United States. Whilst providing special attention to Europe, the book is careful to highlight the ambivalence and contradiction of that expansion. The book also illuminates connections between empires and colonies as a theme in history, concentrating on culture while also discussing the rich social, economic and political dimensions of the story. Furthermore, *Empires and Colonies* recognizes that whilst a study of the expansion of Europe is an important part of world history, it is not a history of the world per se. The focus on culture is used to assert that areas and peoples that lack great economic power at any given time also deserve attention. These alternative voices of slaves, indigenous peoples and critics of empire and colonization are an important and compelling element of the book. *Empires and Colonies* will be essential reading not only for students of imperial history, but also for anyone interested in the makings of our modern world.

CANDIDE

A flamboyant and controversial personality of enormous wit and intelligence, Voltaire remains one of the most influential figures of the eighteenth-century Enlightenment. *Candide*, his masterpiece, is a brilliant satire of the theory that our world is “the best of all possible worlds.” The book traces the picaresque adventures of the guileless Candide, who is forced into the army, flogged, shipwrecked, betrayed, robbed, separated from his beloved Cunegonde, tortured by the Inquisition, et cetera, all without losing his resilience and will to live and pursue a happy life. This Modern Library edition, published to celebrate the seventy-fifth anniversary of Random House, is a facsimile of the first book

ever released under the Random House colophon. It includes the timeless illustrations by Rockwell Kent, a twentieth-century artist whose wit and genius serve as a counterpart and compliment to Voltaire's.

THE RIGHT TO EQUALITY IN EUROPEAN HUMAN RIGHTS LAW

THE QUEST FOR SUBSTANCE IN THE JURISPRUDENCE OF THE EUROPEAN COURTS

Routledge A right to equality and non-discrimination is widely seen as fundamental in democratic legal systems. But failure to identify the human interest that equality aims to uphold reinforces the argument of those who attack it as morally empty or unsubstantiated and weakens its status as a fundamental human right. This book argues that an understanding of the human interest which equality aims to uphold is feasible within the jurisprudence of the European Court of Human Rights (ECtHR) and the European Court of Justice (ECJ). In comparing the evolution of the prohibition of discrimination in the case-law of both Courts, Charilaos Nikolaidis demonstrates that conceptual convergence within the European Convention on Human Rights (ECHR) and the EU on the issue of equality is not as far as it might appear initially. While the two bodies of equality law are extremely divergent as to the requirements they impose, their interpretation by the international judiciary might be properly analysed under a common light to emphasise the substantive dimension of equality in European Human Rights law. The book will be of great use and interest to scholars and students of human rights, discrimination law, and European politics.

MORTAL

FaithWords Centuries have passed since civilization's brush with apocalypse. The world's greatest threats have all been silenced. There is no anger, no hatred, no war. There is only perfect peace...and fear. A terrible secret was closely guarded for centuries: every single soul walking the earth, though in appearance totally normal, is actually dead, long ago genetically stripped of true humanity. Nine years have gone by since an unlikely hero named Rom Sebastian first discovered a secret and consumed an ancient potion of blood to bring himself back to life in Forbidden. Surviving against impossible odds, Rom has gathered a secret faction of followers who have also taken the blood-the first Mortals in a world that is dead. But The Order has raised an elite army to hunt and crush the living. Division and betrayal threaten to destroy the Mortals from within. The final surviving hope for humanity teeters on the brink of annihilation and no one knows the path to survival. On the heels of Forbidden comes MORTAL, the second novel in The Books of Mortals saga penned by Ted Dekker and Tosca Lee. Set in a terrifying, medieval future, where grim pageantry

masks death, this tale of dark desires and staggering stakes peels back the layers of the heart for all who dare take the journey. The Books of Mortals are three novels, each of which stands on its own, yet all are seamlessly woven into one epic thriller.

LEVIATHAN

Strelbytskyy Multimedia Publishing Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil is a book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. Leviathan is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a powerful state (“God of the death”). He starts with a postulate about a natural human state (“the war of all against all”) and develops the idea “man is a wolf to a man”. When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights - to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The book was banned several times in England and Russia.

SOVEREIGN

FaithWords Nine years after Rom Sebastian was thrust into the most unlikely of circumstances as hero and bearer of an unimaginable secret, the alliance of his followers is in disarray. An epic battle with The Order has left them scattered and deeply divided both in strategy and resolve in their struggle to become truly alive and free. Only 49 truly alive followers remain loyal to Rom. This meager band must fight for survival as The Order is focused on their total annihilation. Misunderstood and despised, their journey will be one of desperation against a new, more intensely evil Order. As the hand of this evil is raised to strike and destroy them they must rely on their faith in the abiding power of love to overcome all and lead them to sovereignty. SOVEREIGN wonderfully continues the new testament allegory that was introduced in FORBIDDEN and continued in MORTAL.

SOVEREIGN ATTACHMENTS

MASCULINITY, MUSLIMNESS, AND AFFECTIVE POLITICS IN PAKISTAN

Univ of California Press **Sovereign Attachments** rethinks sovereignty by moving it out of the exclusive domain of geopolitics and legality and into cultural, religious, and gender studies. Through a close reading of a stunning array of cultural texts produced by the Pakistani state and the Pakistan-based Taliban, Shenila Khoja-Moolji theorizes sovereignty as an ongoing attachment that is negotiated in public culture. Both the state and the Taliban recruit publics into relationships of trust, protection, and fraternity by summoning models of Islamic masculinity, mobilizing kinship metaphors, and marshalling affect. In particular, masculinity and Muslimness emerge as salient performances through which sovereign attachments are harnessed. The book shifts the discussion of sovereignty away from questions about absolute dominance to ones about shared repertoires, entanglements, and co-constitution.

THE ANIMAL THAT THEREFORE I AM

Fordham Univ Press The translated, complete text of Derrida's 1997 ten-hour address, "The Autobiographical Animal," focusing on the industrialized treatment of animals. **The Animal That Therefore I Am** is at once an affectionate look back over the multiple roles played by animals in Derrida's work and a profound philosophical investigation and critique of the relegation of animal life that takes place as a result of the distinction?dating from Descartes?between man as thinking animal and every other living species. That starts with the very fact of the line of separation drawn between the human and the millions of other species that are reduced to a single "the animal." Derrida finds that distinction, or versions of it, surfacing in thinkers as far apart as Descartes, Kant, Heidegger, Lacan, and Levinas, and he dedicates extended analyses to the question in the work of each of them. The book's autobiographical theme intersects with its philosophical analysis through the figures of looking and nakedness, staged in terms of Derrida's experience when his cat follows him into the bathroom in the morning. In a classic deconstructive reversal, Derrida asks what this animal sees and thinks when it sees this naked man. Yet the experiences of nakedness and shame also lead all the way back into the mythologies of "man's dominion over the beasts" and trace a history of how man has systematically displaced onto the animal his own failings or *bêtises*. **The Animal That Therefore I Am** is at times a militant plea and indictment regarding, especially, the modern industrialized treatment of animals. However, Derrida cannot subscribe to a simplistic version of animal rights that fails to follow through, in all its implications, the questions and definitions of "life" to which he returned in much of his later work.

LEGAL EMBLEMS AND THE ART OF LAW

OBITER DEPICTA AS THE VISION OF GOVERNANCE

Cambridge University Press The emblem book was invented by the humanist lawyer Andrea Alciato in 1531. The preponderance of juridical and normative themes, of images of rule and infraction, of obedience and error in the emblem books is critical to their purpose and interest. This book outlines the history of the emblem tradition as a juridical genre, along with the concept of, and training in, obiter depicta, in things seen along the way to judgment. It argues that these books depict norms and abuses in classically derived forms that become the visual standards of governance. Despite the plethora of vivid figures and virtual symbols that define and transmit law, contemporary lawyers are not trained in the critical apprehension of the visible. This book is the first to reconstruct the history of the emblem tradition, evidencing the extent to which a gallery of images of law already exists and structuring how the public realm is displayed, made present and viewed.

A FRAMEWORK FOR MACROPRUDENTIAL BANK SOLVENCY STRESS TESTING

APPLICATION TO S-25 AND OTHER G-20 COUNTRY FSAPS

International Monetary Fund The global financial crisis has placed the spotlight squarely on bank stress tests. Stress tests conducted in the lead-up to the crisis, including those by IMF staff, were not always able to identify the right risks and vulnerabilities. Since then, IMF staff has developed more robust stress testing methods and models and adopted a more coherent and consistent approach. This paper articulates the solvency stress testing framework that is being applied in the IMF's surveillance of member countries' banking systems, and discusses examples of its actual implementation in FSAPs to 18 countries which are in the group comprising the 25 most systemically important financial systems ("S-25") plus other G-20 countries. In doing so, the paper also offers useful guidance for readers seeking to develop their own stress testing frameworks and country authorities preparing for FSAPs. A detailed Stress Test Matrix (STeM) comparing the stress test parameters applied in each of these major country FSAPs is provided, together with our stress test output templates.

THE KEEPER

A SHORT STORY PREQUEL TO FORBIDDEN

Hachette UK In the Russian wasteland, a man named Talus bears a secret so terrible that it will cost him no less than his life to share it. . . a secret so terrible that he must share it in order to find those who will help him protect the knowledge that will one day save humanity. He has chosen two brothers, both hermit monks, to join him in his quest. But time is short... and no man is ready to receive the news that Talus must now share with them both: That they are both already dead. The Keeper is the short story prequel to Forbidden, the first novel in The Books of Mortals series. First there was the Circle Trilogy. Now a new stunning epic begins.

COMMENTARIES ON THE LAWS OF ENGLAND

CRIER'S WAR

HarperCollins From debut author Nina Varela comes the first book in a richly imagined epic fantasy duology about an impossible love between two girls—one human, one Made—whose romance could be the beginning of a revolution. Perfect for fans of Marie Rutkoski's *The Winner's Curse* as well as *Game of Thrones* and *Westworld*. After the War of Kinds ravaged the kingdom of Rabu, the Automae, designed to be the playthings of royals, usurped their owners' estates and bent the human race to their will. Now Ayla, a human servant rising in the ranks at the House of the Sovereign, dreams of avenging her family's death...by killing the sovereign's daughter, Lady Crier. Crier was Made to be beautiful, flawless, and to carry on her father's legacy. But that was before her betrothal to the enigmatic Scyre Kinok, before she discovered her father isn't the benevolent king she once admired, and most importantly, before she met Ayla. Now, with growing human unrest across the land, pressures from a foreign queen, and an evil new leader on the rise, Crier and Ayla find there may be only one path to love: war.

BOY

TALES OF CHILDHOOD

Random House Presents humorous anecdotes from the author's childhood which includes summer vacations in Norway

and an English boarding school.

THE 1928 BOOK OF COMMON PRAYER

Oxford University Press The 1928 Book of Common Prayer is a treasured resource for traditional Anglicans and others who appreciate the majesty of King James-style language. This classic edition features a Presentation section containing certificates for the rites of Baptism, Confirmation, and Marriage. The elegant burgundy hardcover binding is embossed with a simple gold cross, making it an ideal choice for both personal study and gift-giving. The 1928 Book of Common Prayer combines Oxford's reputation for quality construction and scholarship with a modest price - a beautiful prayer book and an excellent value.

DISCIPLINE AND PUNISH

THE BIRTH OF THE PRISON

Penguin UK 'Imaginative, illuminating and innovative' The New York Times Book Review The grisly spectacle of public executions and torture of centuries ago has been replaced by the penal system in western society - but has anything really changed? In his revolutionary work on control and power relations in our public institutions, Michel Foucault argues that the development of prisons, police organizations and legal hierarchies has merely changed the focus of domination from our bodies to our souls. Even schools, factories, barracks and hospitals, in which an individual's time is controlled hour by hour, are part of a disciplinary society. 'Foucault's genius is called forth into the eloquent clarity of his passions ... his best book' Washington Post

RELIGION, IDENTITY AND HUMAN SECURITY

Routledge Religion, Identity and Human Security seeks to demonstrate that a major source of human insecurity comes from the failure of states around the world to recognize the increasing cultural diversity of their populations which has resulted from globalization. Shani begins by setting out the theoretical foundations, dealing with the transformative effects of globalization on identity, violence and security. The second part of the volume then draws on different cases of sites of human insecurity around the globe to develop these ideas, examining themes such as: securitization of religious symbols retreat from multiculturalism rise of exclusivist ethno-religious identities post- 9/11 state religion,

colonization and the 'racialization' of migration Highlighting that religion can be a source of both human security and insecurity in a globalizing world, Shani offers a 'critical' human security paradigm that seeks to de-secularize the individual by recognizing the culturally contested and embedded nature of human identities. The work argues that religion serves an important role in re-embedding individuals deracinated from their communities by neo-liberal globalization and will be of interest to students of International Relations, Security Studies and Religion and Politics.

WILDERNESS MEDICINE E-BOOK

EXPERT CONSULT PREMIUM EDITION - ENHANCED ONLINE FEATURES

Elsevier Health Sciences Quickly and decisively manage any medical emergency you encounter in the great outdoors with Wilderness Medicine! World-renowned authority and author, Dr. Paul Auerbach, and a team of experts offer proven, practical, visual guidance for effectively diagnosing and treating the full range of emergencies and health problems encountered in situations where time and resources are scarce. Every day, more and more people are venturing into the wilderness and extreme environments, or are victims of horrific natural disasters...and many are unprepared for the dangers and aftermath that come with these episodes. Whether these victims are stranded on mountaintops, lost in the desert, injured on a remote bike path, or ill far out at sea, this indispensable resource--now with online access at www.expertconsult.com for greater accessibility and portability-- equips rescuers and health care professionals to effectively address and prevent injury and illness in the wilderness! This textbook is widely referred to as "The Bible of Wilderness Medicine." Be able to practice emergency medicine outside of the traditional hospital/clinical setting whether you are in remote environments, underdeveloped but highly populated areas, or disaster areas, are part of search and rescue operations, or dealing with casualties from episodes of extreme sports and active lifestyle activities. Face any medical challenge in the wilderness with expert guidance: Dr. Auerbach is a noted author and the world's leading authority on wilderness medicine. He is a founder and Past President of the Wilderness Medical Society, consultant to the Divers Alert Network and many other agencies and organizations, and a member of the National Medical Committee for the National Ski Patrol System. Handle everything from frostbite to infection by marine microbes, not to mention other diverse injuries, bites, stings, poisonous plant exposures, animal attacks, and natural disasters. Grasp the essential aspects of search and rescue. Respond quickly and effectively by improvising with available materials. Improve your competency and readiness with the latest guidance on volcanic eruptions, extreme sports, splints and slings, wilderness cardiology, living off the land, aerospace medicine, mental

health in the wilderness, tactical combat casualty care, and much more. Meet the needs and special considerations of specific patient populations such as children, women, elders, persons with chronic medical conditions, and the disabled. Make smart decisions about gear, navigation, nutrition, and survival. Be prepared for everything with expanded coverage on topics such as high altitude, cold water immersion, and poisonous and venomous plants and animals. Get the skills you need now with new information on global humanitarian relief and expedition medicine, plus expanded coverage of injury prevention and environmental preservation. Get guidance on the go with fully searchable online text, plus bonus images, tables and video clips - all available on ExpertConsult.com.

HAQIQATUL-WAHI

THE PHILOSOPHY OF DIVINE REVELATION

Islam International Publications Ltd In this book the Promised Messiah, on whom be peace, discusses the philosophy of divine revelation, the three categories of people who claim to receive revelation, and the distinction of the truthful from the false. He then establishes his truthfulness by documenting over 200 Signs, including the fulfillment of prophecies made by the Holy Prophet Muhammad, may peace and blessings of Allah be upon him, other men of God, earlier scriptures, and his own revelations spanning over twenty-five years. The author cites numerous examples of his enemies who publicly predicted his downfall and demise, only to become the very victims of their own prophecies. God, however, protected him against every assault, while continuously reassuring him of His promise to bless his Community—a promise which continues to bear the seal and testimony of history. The author also appeals to the followers of different faiths to read this book cover to cover to appreciate and accept this evidence as proof that God is One and the Holy Prophet Muhammad is the Messenger of God, and that he is the Promised Messiah raised to unite humanity under the banner of Islam.

THE SPECULATIVE TURN

CONTINENTAL MATERIALISM AND REALISM

re.press Continental philosophy has entered a new period of ferment. The long deconstructionist era was followed with a period dominated by Deleuze, which has in turn evolved into a new situation still difficult to define. However, one common thread running through the new brand of continental positions is a renewed attention to materialist and

realist options in philosophy. Among the leaders of the established generation, this new focus takes numerous forms. It might be hard to find many shared positions in the writings of Badiou, DeLanda, Laruelle, Latour, Stengers, and i ek, but what is missing from their positions is an obsession with the critique of written texts. All of them elaborate a positive ontology, despite the incompatibility of their results. Meanwhile, the new generation of continental thinkers is pushing these trends still further, as seen in currents ranging from transcendental materialism to the London-based speculative realism movement to new revivals of Derrida. As indicated by the title *The Speculative Turn*, the new currents of continental philosophy depart from the text-centered hermeneutic models of the past and engage in daring speculations about the nature of reality itself. This anthology assembles authors, of several generations and numerous nationalities, who will be at the centre of debate in continental philosophy for decades to come."

GLOBALIZATION AND SOVEREIGNTY

RETHINKING LEGALITY, LEGITIMACY, AND CONSTITUTIONALISM

Cambridge University Press *Sovereignty and the sovereign state* are often seen as anachronisms; *Globalization and Sovereignty* challenges this view. Jean L. Cohen analyzes the new sovereignty regime emergent since the 1990s evidenced by the discourses and practice of human rights, humanitarian intervention, transformative occupation, and the UN targeted sanctions regime that blacklists alleged terrorists. Presenting a systematic theory of sovereignty and its transformation in international law and politics, Cohen argues for the continued importance of sovereign equality. She offers a theory of a dualistic world order comprised of an international society of states, and a global political community in which human rights and global governance institutions affect the law, policies, and political culture of sovereign states. She advocates the constitutionalization of these institutions, within the framework of constitutional pluralism. This book will appeal to students of international political theory and law, political scientists, sociologists, legal historians, and theorists of constitutionalism.

FUTURE WAR

John Wiley & Sons *Will tomorrow's wars be dominated by autonomous drones, land robots and warriors wired into a cybernetic network which can read their thoughts? Will war be fought with greater or lesser humanity? Will it be played out in cyberspace and further afield in Low Earth Orbit? Or will it be fought more intensely still in the sprawling cities of the developing world, the grim black holes of social exclusion on our increasingly unequal planet? Will the*

Great Powers reinvent conflict between themselves or is war destined to become much 'smaller' both in terms of its actors and the beliefs for which they will be willing to kill? In this illuminating new book Christopher Coker takes us on an incredible journey into the future of warfare. Focusing on contemporary trends that are changing the nature and dynamics of armed conflict, he shows how conflict will continue to evolve in ways that are unlikely to render our century any less bloody than the last. With insights from philosophy, cutting-edge scientific research and popular culture, Future War is a compelling and thought-provoking meditation on the shape of war to come.

THE SOVEREIGNTY OF GOD

Gideon House Books When was the last time we truly paused to meditate and study the crucially important doctrine of the sovereignty of God? In this book A.W. Pink unpacks the theology of the sovereignty of God for us in a way few others have before or after him. Pink dives into Scripture not only to define the sovereignty of God; he goes on to help us apply the doctrine to various aspects of our lives. Pink passionately challenges us to wrestle with and accept a higher, deeper and broader view of our omniscient and omnipotent King.

THE PHILOSOPHY OF THE TEACHINGS OF ISLAM

Islam International "Originally written for the Conference of Great Religions held at Lahore on December 26-29, 1896, the Philosophy of the Teachings of Islam has since served as an introduction to Islam for seekers after the truth and religious knowledge in different parts of the world. The present issue includes several "lost" pages not included in the essay that was read out at Lahore. It deals with the following five broad themes, set by the moderators of the Conference: 1. The physical, moral and spiritual states of man 2. The state of man after death 3. The object of man's life and the means to its attainment 4. The operation of the practical ordinances of the Law in this life and the next 5. Sources of Divine knowledge."--Publisher's description.

HISTORY OF THE THEORY OF SOVEREIGNTY SINCE ROUSSEAU

The Lawbook Exchange, Ltd.

THE PRELUDE

1805

David R. Godine Publisher "Newly edited from the manuscripts and fully illustrated in color with paintings and drawings contemporaneous with the composition of the poem."

THE SIBYLLINE ORACLES (ANNOTATED EDITION)

Jazzybee Verlag This is the extended and annotated edition including * an extensive annotation of almost 10.000 words about the oracles in religion * an interactive table-of-contents * perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome. Their fame was spread abroad long before the beginning of the Christian era. Heraclitus of Ephesus, five centuries before Christ, compared himself to the Sibyl "who, speaking with inspired mouth, without a smile, without ornament, and without perfume, penetrates through centuries by the power of the gods." The ancient traditions vary in reporting the number and the names of these weird prophetesses, and much of what has been handed down to us is legendary. But whatever opinion one may hold respecting the various legends, there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome. There are, moreover, various oracles, purporting to have been written by ancient Sibyls, found in the writings of Pausanias, Plutarch, Livy, and in other Greek and Latin authors. Whether any of these citations formed a portion of the Sibylline books once kept in Rome we cannot now determine; but the Roman capitol was destroyed by fire in the time of Sulla (B. C. 84), and again in the time of Vespasian (A. D. 69), and whatever books were at those dates kept therein doubtless perished in the flames. It is said by some of the ancients that a subsequent collection of oracles was made, but, if so, there is now no certainty that any fragments of them remain.

MORE ABOUT BOY

ROALD DAHL'S TALES FROM CHILDHOOD

Macmillan Humorous anecdotes from the author's childhood describe summer vacations in Norway and life in an English boarding school.
