## Little Book of Strategic Peacebuilding

### A Vision And Framework For Peace With Justice

Simon and Schuster So we'd all like a more peaceful world—no wars, no poverty, no more racism, no community disputes, no office tensions, no marital skirmishes. Lisa Schirch sets forth paths to such realities. In fact, she points a way to more than the absence of conflict. She foresees justpeace—a sustainable state of affairs because it is a peace which insists on justice. Schirch singles out four critical actions that must be undertaken if peace is to take root at any level) — 1.) waging conflict nonviolently; 2.) reducing direct violence; 3.) transforming relationships; and 4.) building capacity. From Schirch's 15 years of experience as a peacebuilding consultant in Africa, Asia, and Latin America. A title in The Little Books of Justice and Peacebuilding Series.

## The Little Book of Strategic Peacebuilding

### A Vision And Framework For Peace With Justice

Good Books So we'd all like a more peaceful world—no wars, no poverty, no more racism, no community disputes, no office tensions, no marital skirmishes. Lisa Schirch sets forth paths to such realities. In fact, she points a way to more than the absence of conflict. She foresees just peace—a sustainable state of affairs because it is a peace which insists on justice. Chapters include: Defining Strategic Peacebuilding Values for Peacebuilding An Overview of Peacebuilding Processes Waging Conflict Nonviolently Reducing Direct Violence Transforming Relationships And more! Schirch singles out four critical actions that must be undertaken if peace is to take root at any level): ) waging conflict nonviolently, reducing direct violence, transforming relationships; and building capacity. From Schirch's 15 years of experience as a peacebuilding consultant in Africa, Asia, and Latin America. "This Little Book is an attempt to bring together the various fields and activities related to peacebuilding to integrate them into one conceptual framework. At the core of this framework is the idea of strategic peacebuilding, an interdisciplinary, coordinated approach to building a sustainable justpeace—a peace with justice. Strategic peacebuilding requires clear goals. While the concept of justpeace is growing in popularity, few writings lay out the vision and practice of justpeace. One aim of this book is to promote the concept of justpeace as an overall goal or vision for peacebuilding. A title in The Little Books of Justice and Peacebuilding Series.

## Little Book of Conflict Transformation

### Clear Articulation Of The Guiding Principles By A Pioneer In The Field

Simon and Schuster This clearly articulated statement offers a hopeful and workable approach to conflict—that eternally beleaguering human situation. John Paul Lederach is internationally recognized for his breakthrough thinking and action related to conflict on all levels—person-to-person, factions within communities, warring nations. He explores why "conflict transformation" is more appropriate than "conflict resolution" or "management." But he refuses to be drawn into impractical idealism. Conflict Transformation is an idea with a deep reach. Its practice, says Lederach, requires "both solutions and social change." It asks not simply "How do we end something not desired?", but "How do

we end something destructive and build something desired?" How do we deal with the immediate crisis, as well as the long-term situation? What disciplines make such thinking and practices possible? A title in The Little Books of Justice and Peacebuilding Series.

## Little Book of Circle Processes

### A New/Old Approach To Peacemaking

Simon and Schuster Our ancestors gathered around a fire in a circle, families gather around their kitchen tables in circles, and now we are gathering in circles as communities to solve problems. The practice draws on the ancient Native American tradition of a talking piece. Peacemaking Circles are used in neighborhoods to provide support for those harmed by crime and to decide sentences for those who commit crime, in schools to create positive classroom climates and resolve behavior problems, in the workplace to deal with conflict, and in social services to develop more organic support systems for people struggling to get their lives together. A title in The Little Books of Justice and Peacebuilding Series.

## The Little Book of Youth Engagement in Restorative Justice

### Intergenerational Partnerships for Just and Equitable Schools

Simon and Schuster The purpose of this book is to illuminate a theory of youth engagement in restorative justice that seeks to create systems change for more equitable schools. The authors define youth engagement in restorative justice as partnering with young people most impacted by structural injustice as changemakers in all aspects of restorative practices including community building, healing, and the transformation of institutions. Based on Adam Fletcher's version of the Ladder of Youth Engagement, coupled with Barbara Love's model of liberatory consciousness and an analysis of youth engagement in Restorative Justice in three different regions—Western Massachusetts, Oakland, and Houston—the authors provide a theoretical contribution: Youth Engagement in Restorative Justice grounded in liberatory consciousness. In this book readers will find: Comparative case studies from different parts of the country of youth led restorative justice programs. An exploration of the cultural and historical context of each region to situate the work. Stories from the authors' own lives that provide context for their interest in the work given their varied racial identities (White, Black, Latinx, South Asian) and upbringing. Literature review of the language of youth engagement vs. youth leadership/youth organizing/youth participation, along with a new definition of youth engagement in restorative justice. Theoretical framing based on Adam Fletcher's Ladder of Youth Engagement, which provides a structure for the book. Exploration of how adults must combat adultism both individually and systematically as a prerequisite to doing this work. Student narratives. Applications of the work in the virtual context.

## Little Book of Conflict Transformation

### Clear Articulation Of The Guiding Principles By A Pioneer In The Field

Good Books This clearly articulated statement offers a hopeful and workable approach to conflict—that eternally beleaguering human situation. John Paul Lederach is internationally recognized for his breakthrough thinking and action related to conflict on all levels—person-to-person, factions within communities, warring nations. He explores why "conflict transformation" is more appropriate than "conflict resolution" or "management." But he refuses to be drawn into impractical idealism. Conflict Transformation is an idea with a deep reach. Its practice, says Lederach, requires "both solutions and social change." It asks not simply "How do we end something not desired?", but "How do we end something destructive and build something desired?" How do we deal with the immediate crisis, as well as the long-term situation? What disciplines make such thinking and practices possible? A title in The Little Books of Justice and Peacebuilding Series.

## The Little Book of Restorative Justice

## Revised and Updated

Simon and Schuster Howard Zehr is the father of Restorative Justice and is known worldwide for his pioneering work in transforming understandings of justice. Here he proposes workable principles and practices for making Restorative Justice possible in this revised and updated edition of his bestselling, seminal book on the movement. (The original edition has sold more than 110,000 copies.) Restorative Justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is a worldwide movement of growing influence that is helping victims and communities heal, while holding criminals accountable for their actions. This is not soft-on-crime, feel-good philosophy, but rather a concrete effort to bring justice and healing to everyone involved in a crime. In *The Little Book of Restorative Justice*, Zehr first explores how restorative justice is different from criminal justice. Then, before letting those appealing observations drift out of reach into theoretical space, Zehr presents Restorative Justice practices. Zehr undertakes a massive and complex subject and puts it in graspable form, without reducing or trivializing it. This resource is also suitable for academic classes and workshops, for conferences and trainings, as well as for the layperson interested in understanding this innovative and influential movement.

## Little Book of Trauma Healing

## When Violence Striked And Community Security Is Threatened

Simon and Schuster Following the staggering events of September 11, 2001, the Center for Justice and Peacebuilding at Eastern Mennonite University was asked to help, along with Church World Service, to equip religious and civil leaders for dealing with traumatized communities. The staff and faculty proposed Strategies for Trauma Awareness and Resilience (STAR) programs. Now, STAR director, Carolyn Yoder, has shaped the strategies and learnings from those experiences into a book for all who have known terrorism and threatened security. A startlingly helpful approach. A title in *The Little Books of Justice and Peacebuilding Series*.

## The Little Book of Race and Restorative Justice

## Black Lives, Healing, and US Social Transformation

Simon and Schuster A handbook showing how racial justice and restorative justice can transform the African American experience in America. *The Little Book of Race and Restorative Justice* will inform scholars and practitioners on the subjects of pervasive racial inequity and the healing offered by restorative justice practices. Addressing the intersectionality of race and the US criminal justice system, social activist Fania E. Davis explores how restorative justice has the capacity to disrupt patterns of mass incarceration through effective, equitable, and transformative approaches. Eager to break the still-pervasive, centuries-long cycles of racial prejudice and trauma in America, Davis unites the racial justice and restorative justice movements, aspiring to increase awareness of deep-seated problems as well as positive action toward change. Davis highlights real restorative justice initiatives that function from a racial justice perspective; these programs are utilized in schools, justice systems, and communities, intentionally seeking to ameliorate racial disparities and systemic inequities. She looks at initiatives that strive to address the historical harms against African Americans throughout the nation. This entry in the *Justice and Peacebuilding series* is a much needed and long overdue examination of the issue of race in America as well as a beacon of hope as we learn to work together to repair damage, change perspectives, and strive to do better.

## Little Book of Contemplative Photography

## Seeing With Wonder, Respect And Humility

Simon and Schuster Restorative justice pioneer Howard Zehr is also an accomplished photographer. He begins his latest book with a confession—"I have written this book in part to encourage myself to slow down, to heighten my imagination, to renew myself while I gain a new view of the creation and the creator." With this book, Zehr makes a gift to anyone who would like to couple photography with seeing and thinking more deeply. In each chapter he offers a Purpose, a Problem, and an Activity with a camera in order to "practice mindfulness." You'll not need a fancy camera, but if you have one it won't hurt. Zehr's chapter-by-chapter exercises are aimed at heightening visual awareness and imagination—all while doing good and working for justice. A title in *The Little Books of Justice and Peacebuilding Series*.

## Little Book of Biblical Justice

### A Fresh Approach To The Bible's Teachings On Justice

Simon and Schuster **"The purpose of this Little Book is to identify some characteristic features of the Bible's teaching on justice. "The Bible has had a profound impact on the development of Western culture. So exploring biblical perspectives on justice can help us appreciate some of the convictions and values that have helped shape Western political and judicial thought. "Christians also regard the Bible as a uniquely important source of guidance on matters of belief and practice. What the Bible has to say about justice, therefore -- both social justice and criminal justice -- ought to be of great significance for Christian thought and action today. "Yet coming to grips with biblical teaching on justice is by no means easy." Upfront, Marshall addresses the many complexities that surround "justice" in the Bible: the Bible seems to hold conflicting points of view; there is a huge amount of data to deal with; the world of the Bible and our present world are vastly different. Marshall's honest treatment of this subject is direct, yet almost lyrical in tone. He manages a thorny, multi-faceted subject clearly and ultimately singles out the broad areas of theological agreement among the Bible's writers. Highly stimulating. Highly inspirational.**

## The Big Book of Restorative Justice

### Four Classic Justice & Peacebuilding Books in One Volume

Simon and Schuster **The four most popular restorative justice books in the Justice & Peacebuilding series—The Little Book of Restorative Justice: Revised and Updated, The Little Book of Victim Offender Conferencing, The Little Book of Family Group Conferences, and The Little Book of Circle Processes—in one affordable volume. And now with a new foreword from Howard Zehr, one of the founders of restorative justice! Restorative justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is a worldwide movement of growing influence that is helping victims and communities heal while holding criminals accountable for their actions. This is not a soft-on-crime, feel-good philosophy, but rather a concrete effort to bring justice and healing to everyone involved in a crime. Circle processes draw from the Native American tradition of gathering in a circle to solve problems as a community. Peacemaking circles are used in neighborhoods, in schools, in the workplace, and in social services to support victims of all kinds, resolve behavior problems, and create positive climates. Each book is written by a scholar at the forefront of these movements, making this important reading for classrooms, community leaders, and anyone involved with conflict resolution.**

## The Little Book of Victim Offender Conferencing

### Bringing Victims and Offenders Together In Dialogue

Simon and Schuster **Victim offender dialogues have been developed as a way to hold offenders accountable to the person they have harmed and to give victims a voice about how to put things right. It is a way of acknowledging the importance of the relationship, of the connection which crime creates. Granted, the relationship is a negative one, but there is a relationship. Amstutz has been a practitioner and a teacher in the field for more than 20 years.**

## The Little Book of Restorative Discipline for Schools

### Teaching Responsibility; Creating Caring Climates

Simon and Schuster **Can community-building begin in a classroom? The authors of this book believe that by applying restorative justice at school, we can build a healthier and more just society. With practical applications and models. Can an overworked teacher possibly turn an unruly incident with students into an "opportunity for learning, growth, and community-building"? If restorative justice has been able to salvage lives within the world of criminal behavior, why shouldn't its principles be applied in school classrooms and cafeterias? And if our children learn restorative practices early and daily, won't we be building a healthier, more just society? Two educators answer yes, yes, and yes in this new addition to The Little Books of Justice and Peacebuilding series. Amstutz and Mullet offer applications and models. "Discipline that restores is a process to make things as right as possible." This Little Book shows how to get there.**

## The Justice Facade

### Trials of Transition in Cambodia

Oxford University Press For survivors of the brutal Khmer Rouge Regime, western instruments of justice are small plasters on deep wounds. In Hinton's account of the subsequent international tribunal, only traditional ceremony, ritual, and unmediated dialogue can provide true healing

### The Little Book of Dialogue for Difficult Subjects

#### A Practical, Hands-On Guide

Good Books The word "dialogue" suffers from over-use, yet its practice is as transforming and as freshly hopeful as ever. Authors Schirch and Camp demonstrate dialogue's life and possibilities in this clear and absorbing manual: "Dialogue allows people in conflict to listen to each other, affirm their common ground, and explore their differences in a safe environment." Schirch has worked throughout the Southern hemisphere in peacebuilding projects. Camp has focused on racial and class reconciliation in American cities.

### The Big Book of Restorative Justice

#### Four Classic Justice & Peacebuilding Books in One Volume

Good Books For the first time, the four most popular restorative justice books in the Justice & Peacebuilding series—The Little Book of Restorative Justice: Revised and Updated, The Little Book of Victim Offender Conferencing, The Little Book of Family Group Conferences, and The Little Book of Circle Processes—are available in one affordable volume. Restorative justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is a worldwide movement of growing influence that is helping victims and communities heal while holding criminals accountable for their actions. This is not a soft-on-crime, feel-good philosophy, but rather a concrete effort to bring justice and healing to everyone involved in a crime. Circle processes draw from the Native American tradition of gathering in a circle to solve problems as a community. Peacemaking circles are used in neighborhoods, in schools, in the workplace, and in social services to support victims of all kinds, resolve behavior problems, and create positive climates. Each book is written by a scholar at the forefront of these movements, making this important reading for classrooms, community leaders, and anyone involved with conflict resolution.

### The Little Book of Restorative Justice for Sexual Abuse

#### Hope through Trauma

Simon and Schuster Restorative justice is gaining acceptance for addressing harm and crime. Interventions have been developed for a wide range of wrongdoing. This book considers the use of restorative justice in response to sexual abuse. Rather than a blueprint or detailing a specific set of programs, it is more about mapping possibilities. It allows people to carefully consider its use in responding to violent crimes such as sexual abuse. Criminal justice approaches tend to sideline and re-traumatize victims, and punish offenders to the detriment of accountability. Alternatively, restorative justice centers on healing for victims, while holding offenders meaningfully accountable. Criminal justice responses tend to individualize the problem, and catch marginalized communities, such as ethnic minorities, within its net. Restorative justice recognizes that sexual abuse is a form of gender-based violence. Community-based practices are needed, sometimes in conjunction with, and sometimes to counteract, traditional criminal justice responses. This book describes impacts of sexual abuse, and explanations for sexual offending, demonstrating how restorative justice can create hope through trauma.

### The Little Book of Restorative Justice in Education

#### Fostering Responsibility, Healing, and Hope in Schools

Simon and Schuster A fully revised & updated handbook for teachers and administrators on creating just and equitable learning environments for students; building and maintaining healthy relationships; healing harm and transforming conflict. Much more than a response to harm, restorative justice nurtures relational, interconnected school cultures. The wisdom embedded within its principles and practices is being welcomed at a time when exclusionary discipline and zero tolerance policies are recognized as perpetuating student apathy, disproportionality, and the school-to-prison

pipeline. Relying on the wisdom of early proponents of restorative justice, the daily experiences of educators, and the authors' extensive experience as classroom teachers and researchers, this Little Book guides the growth of restorative justice in education (RJE) into the future. Incorporating activities, stories, and examples throughout the book, three major interconnected and equally important aspects of restorative justice in education are explained and applied: creating just and equitable learning environments; building and maintaining healthy relationships; healing harm and transforming conflict. Chapters include: The Way We Do Things A Brief History of Restorative Justice in Education Beliefs and Values in Restorative Justice in Education Creating just and Equitable Learning Environments Nurturing Healthy relationships Repairing Harm and Transforming Conflict A Tale of Two Schools: Thoughts and Sustainability The Little Book of Restorative Justice in Education is a reference that practitioners can turn to repeatedly for clarity and consistency as they implement restorative justice in educational settings.

## The Little Book of Transformative Community Conferencing

### A Hopeful, Practical Approach to Dialogue

Good Books When conflicts become ingrained in communities, people lose hope. Dialogue is necessary but never sufficient, and often actions prove inadequate to produce substantial change. Even worse, chosen actions create more conflict because people have different lived experiences, priorities, and approaches to transformation. So what's the story? In *The Little Book of Transformative Community Conferencing*, David Anderson Hooker offers a hopeful, accessible approach to dialogue that: Integrates several practice approaches including restorative justice, peacebuilding, and arts Creates welcoming, non-divisive spaces for dialogue Names and maps complex conflicts, such as racial tensions, religious divisions, environmental issues, and community development as it narrates simple stories Builds relationships and foundations for trust needed to support long-term community transformation projects And results in the crafting of hopeful, future-oriented visions of community that can transform relationships, resource allocation, and structures in service of communities' preferred narratives. *The Little Book Transformative Community Conferencing* will prove valuable and timely to mediators, restorative justice practitioners, community organizers, as well as leaders of peacebuilding and change efforts. It presents an important, stand-alone process, an excellent addition to the study and practice of strategic peacebuilding, restorative justice, conflict transformation, trauma healing, and community organizing. This book recognizes the complexity of conflict, choosing long-term solutions over inadequate quick fixes. The *Transformative Community Conferencing* model emerges from the author's thirty years of practice in contexts as diverse as South Sudan; Mississippi; Greensboro, North Carolina; Oakland, California; and Nassau, Bahamas.

## Justpeace Ethics

### A Guide to Restorative Justice and Peacebuilding

Wipf and Stock Publishers People too often enter into conflict with an eye on how to resolve, manage, or transform it, thereby losing sight of the people involved and the end desired. Justice and peace too often serve as abstract ideals or distant shores. We have not yet learned enough about how these ends can also be the means of conflict resolution. Drawing on the imaginations of some leading peace and restorative justice practitioners, *Justpeace Ethics* identifies components of a justpeace imagination--the basis of an alternative ethics, where the end is touched with each step. In this simple companion to justpeace ethics, Jarem Sawatsky helps those struggling with how to respond to conflict and violence in both just and peaceful ways. He offers practical examples of how analysis, intervention, and evaluation can be rooted in a justpeace imagination.

## Peacemaking Circles

### From Crime to Community

Living Justice Press *Peacemaking Circles*, often referred to as the "bible" of Circles, lays out the inner and outer dynamics of the peacemaking Circle process. Circles are now being used in schools, families, workplaces, organizations, as well as in the justice system. The use of Circles shifts the focus from blame and punishment to finding out what happened and exploring as a group or community how to put things right.

## Strategies of Peace

Oxford University Press How can a just peace be built in sites of genocide, massive civil war, dictatorship, terrorism, and poverty? In *Strategies of Peace*, the first volume in the *Studies in Strategic Peacebuilding* series, fifteen leading scholars propose an imaginative and provocative approach to peacebuilding. Today the dominant thinking is the "liberal peace," which stresses cease fires, elections, and short run peace operations carried out by international

institutions, western states, and local political elites. But the liberal peace is not enough, the authors argue. A just and sustainable peace requires a far more holistic vision that links together activities, actors, and institutions at all levels. By exploring innovative models for building lasting peace—a United Nations counter-terrorism policy that also promotes good governance; coordination of the international prosecution of war criminals with local efforts to settle civil wars; increasing the involvement of religious leaders, who have a unique ability to elicit peace settlements; and many others--the authors advance a bold new vision for peacebuilding.

## Little Book of Circle Processes

### A New/Old Approach To Peacemaking

Good Books Circle processes offer a way of bringing people together to understand one another, strengthen bonds, and solve community problems—a necessity in an era of division, polarized politics, and angry debate. Our ancestors gathered around a fire in a circle, families gather around their kitchen tables in circles, and now we are gathering in circles as communities to solve problems. This peacemaking practice draws on the ancient Native American tradition of a talking piece and combines that with concepts of democracy and inclusivity. Peacemaking circles are used in neighborhoods to provide support for those harmed by crime and to decide sentences for those who commit crime, in schools to create positive classroom climates and resolve behavior problems, in the workplace to deal with conflict, and in social services to develop more organic support systems for people struggling to get their lives together. The circle process hinges on storytelling. It is an effort bringing astonishing results around the country. Chapters include: Circles in Practice A Circle Story—Finding a Way to Move Forward after a Workers Strike Foundations of Circles A Circle Story—Finding Understanding in the Classroom Key Elements of Circles A Circle Story—Finding Healing from Violent Crime Organizing a Talking Circle A Circle Story—Finding Respect Across Generations Circles in Perspective A Circle Story—Finding Connection within Family A title in The Little Books of Justice and Peacebuilding Series.

## The Little Book of Restorative Teaching Tools

### Games, Activities, and Simulations for Understanding Restorative Justice Practices

Simon and Schuster Engaging Practices for Integrating Restorative Justice Principles in Group Settings As restorative practices spread around the world, scholars and practitioners have begun to ask very important questions: How should restorative practices be taught? What educational structures and methods are in alignment with restorative values and principles? This book introduces games as an effective and dynamic tool to teach restorative justice practices. Grounded in an understanding of restorative pedagogy and experiential learning strategies, the games included in this book provide a way for learners to experience and more deeply understand restorative practices while building relationships and improving skills. Chapters cover topics such as: Introduction to restorative pedagogy and experiential learning How a restorative learning community can be built and strengthened through the use of games and activities How to design games and activities for teaching restorative practices How to design, deliver, and debrief an activity-based learning experience In-depth instructions for games and activities for building relationships, understanding the restorative philosophy, and developing skills in practice An ideal handbook for educators, restorative justice program directors and trainers, consultants, community group leaders, and anyone else whose work draws people together to resolve disagreements or address harm, this book will serve as a catalyst for greater creativity and philosophical alignment in the teaching of restorative practices across contexts.

## Little Book of Restorative Justice

### A Bestselling Book By One Of The Founders Of The Movement

Good Books Vengeance and bitter violence have had their turns -- without redemptive results. How should we as a society respond to wrongdoing? When a crime occurs or an injustice is done, what needs to happen? What does justice require? Howard Zehr, known worldwide for his pioneering work in transforming our understandings of justice, here proposes workable Principles and Practices for making restorative justice both possible and useful. First he explores how restorative justice is different from criminal justice. Then, before letting those appealing observations drift out of reach, into theoretical space, Zehr presents Restorative Justice Practices. Zehr undertakes a massive and complex subject and puts it in graspable form, without reducing or trivializing it. This is a handbook, a vehicle for moving our society toward healing and wholeness. This is a sourcebook, a starting point for handling brokenness with hard work and hope. This resource is also suitable for academic classes and workshops, for conferences and trainings. By the author of Changing Lenses; Transcending: Reflections of Crime Victims; and Doing Life: Reflections of Men and Women

Serving Life Sentences.

## The Little Book of Restorative Discipline for Schools Teaching Responsibility; Creating Caring Climates

**Justice and Peacebuilding** Can community-building begin in a classroom? The authors of this book believe that by applying restorative justice at school, we can build a healthier and more just society. With practical applications and models. Can an overworked teacher possibly turn an unruly incident with students into an "opportunity for learning, growth, and community-building"? If restorative justice has been able to salvage lives within the world of criminal behavior, why shouldn't its principles be applied in school classrooms and cafeterias? And if our children learn restorative practices early and daily, won't we be building a healthier, more just society? Two educators answer yes, yes, and yes in this new addition to The Little Books of Justice and Peacebuilding series. Amstutz and Mullet offer applications and models. "Discipline that restores is a process to make things as right as possible." This Little Book shows how to get there. A title in The Little Books of Justice and Peacebuilding Series.

## Building Sustainable Peace

## Timing and Sequencing of Post-Conflict Reconstruction and Peacebuilding

**Oxford University Press** The volume addresses the following three questions: - When can different peacebuilding reforms, interventions and measures best be implemented in order to increase the chances that a peace process will be successful and durable? - How do these different peacebuilding reforms, interventions and measures interact and relate to one and other? Is there a particular sequence in which certain measures and policies can best be implemented in order to increase the chances that a peace process will be successful? - What type of peacebuilding projects and programmes are best initiated by different international actors and at what time?

## The Little Book of Racial Healing

## Coming to the Table for Truth-Telling, Liberation, and Transformation

**Simon and Schuster** "This rare jewel of practical wisdom shows us how to embody racial healing in truth and kinship." —Ruth King, author of *Mindful of Race: Transforming Racism from the Inside Out* This book introduces purposeful theories, ideas, experiments, guidelines, and intentions, all dedicated to facilitating racial healing and transformation. People of color, relative to white people, fall on the negative side of virtually all measurable social indicators. The "living wound" is seen in the significant disparities in average household wealth, unemployment and poverty rates, infant mortality rates, access to healthcare and life expectancy, education, housing, and treatment within, and by, the criminal justice system. Coming to the Table (CTTT) was born in 2006 when two dozen descendants from both sides of the system of enslavement gathered together at Eastern Mennonite University (EMU), in collaboration with the Center for Justice & Peacebuilding (CJP). Stories were shared and friendships began. The participants began to envision a more connected and truthful world that would address the unresolved and persistent effects of the historic institution of slavery. This book shares Coming to the Table's vision for the United States—a vision of a just and truthful society that acknowledges and seeks to heal from the racial wounds of the past. Readers will learn practical skills for better listening; discover tips for building authentic, accountable relationships; and find specific and varied ideas for taking action. Topics discussed include: Trauma Awareness and Resilience \* Restorative Justice \* Uncovering History \* Making Connections \* Circles, Touchstones, and Values \* Working Toward Healing \* Taking Action \* Liberation and Transformation \* Brown v. Board of Education \* Lynching \* Connecting with Your Own Story \* What Healing Looks Like \* Engaging Your Community \* and more

## Routledge Handbook of Peacebuilding

**Routledge** This new Routledge Handbook offers a comprehensive, state-of-the-art overview of the meanings and uses of the term 'peacebuilding', and presents cutting-edge debates on the practices conducted in the name of peacebuilding. The term 'peacebuilding' has had remarkable staying power. Other terms, such as 'conflict resolution' have waned in popularity, while the acceptance and use of the term 'peacebuilding' has grown to the extent that it is the hegemonic and over-arching term for many forms of mediation, reconciliation and strategies to induce peace. Despite this, however, it is rarely defined and often used to mean different things to different audiences. Routledge Handbook of Peacebuilding aims to be a one-stop comprehensive resource on the literature and practices of contemporary peacebuilding. The book is organised into six key sections: Section 1: Reading peacebuilding Section 2: Approaches

and cross-cutting themes Section 3: Disciplinary approaches to peacebuilding Section 4: Violence and security Section 5: Everyday living and peacebuilding Section 6: The infrastructure of peacebuilding This new Handbook will be essential reading for students of peacebuilding, mediation and post-conflict reconstruction, and of great interest to students of statebuilding, intervention, civil wars, conflict resolution, war and conflict studies and IR in general.

## Resilience, Adaptive Peacebuilding and Transitional Justice

[Cambridge University Press](#) Explores innovative ways to build peace after large-scale violence by combining resilience, adaptive peacebuilding and transitional justice.

## The Little Book of Restorative Justice in Education

### Fostering Responsibility, Healing, and Hope in Schools

[Good Books](#) A fully revised & updated handbook for teachers and administrators on creating just and equitable learning environments for students; building and maintaining healthy relationships; healing harm and transforming conflict. Much more than a response to harm, restorative justice nurtures relational, interconnected school cultures. The wisdom embedded within its principles and practices is being welcomed at a time when exclusionary discipline and zero tolerance policies are recognized as perpetuating student apathy, disproportionality, and the school-to-prison pipeline. ## Civil Society and Peacebuilding in Sub-Saharan Africa in the Anthropocene

### An Overview

[Springer Nature](#) This book examines civil society's peacebuilding role in sub-Saharan Africa in the context of climate change and the pursuit of environmental peace and justice in the Anthropocene. Five main research themes emerge from its 20 chapters: · The roles of environmental peacemaking, environmental justice, ecological education and eco-ethics in helping to mitigate the impacts of climate change · Peacebuilding by CSOs after violent conflicts, with particular reference to accountability, reconciliation and healing · CSO involvement in democratic processes and political transition after violent conflicts · Relationships between local CSOs and their foreign funders and the interactions between CSOs and the African Union's peace and security architecture. · The particular role of faith-based CSOs The book underlines the centrality of dialogue to African peacebuilding and the indigenous wisdom and philosophies on which it is based. Such wisdom will be a key resource in confronting the existential challenges of the Anthropocene. The book will be a significant resource for researchers, academics and policymakers concerned with the challenge of climate change, its interactions with armed conflict and the peacebuilding role of CSOs. · This pathbreaking book shows why peacebuilding analysis and efforts need to be urgently re-oriented towards the existential challenges of environmental peace and justice. · It explains the emerging conceptual frameworks which are needed for this new role. · It explains the critical role that CSOs - local and international - will play in implementing this new peacebuilding approach, with particular reference to sub-Saharan Africa.

## Negotiating Reconciliation in Peacemaking

### Quandaries of Relationship Building

[Springer](#) This book offers a unique approach to reconciliation as a matter for negotiation, bringing together two bodies of theory in order to offer insights into resolving conflicts and achieving lasting peace. It argues that reconciliation should not be simply accepted as an 'agreed-upon norm' within peacemaking processes, but should receive serious attention from belligerents and peace-brokers seeking to end violent conflicts through negotiation. The book explores different meanings the term 'reconciliation' might hold for parties in conflict - the end of overt hostilities, a

transformation in the quality of relations between warring groups, a vehicle of accountability and punishment of human rights abusers or the means through which they might somehow acquire amnesty, and as a means of atonement and to material reparation. It considers what gives energy to the idea of reconciliation in a conflict situation—why do belligerents become interested in settling their differences and changing their attitudes to one another? Using a range of case studies and thematic discussion, chapters in this book seek to tackle these tough questions from a multidisciplinary perspective. Contributions to the book reveal some of the complexities of national and international reconciliation projects, but particularly diverse understandings of reconciliation and how to achieve it. All conflicts reflect unique dynamics, aspirations and power realities. It is precisely because parties in conflict differ in expectations of reconciliation outcomes that its processes should be negotiated. This book is a valuable resource for both scholars and practitioners engaged in resolving conflicts and transforming fragmented relations in conflict and post-conflict situations.

## The Palgrave Encyclopedia of Peace and Conflict Studies

[Springer Nature](#) This encyclopaedia provides a comprehensive overview of major theories and approaches to the study of peace and conflict across different humanities and social sciences disciplines. Peace and conflict studies (PCS) is one of the major sub-disciplines of international studies (including political science and international relations), and has emerged from a need to understand war, related systems and concepts and how to respond to it afterward. As a living reference work, easily discoverable and searchable, the Palgrave Encyclopedia of Peace and Conflict Studies offers solid material for understanding the foundational, historical, and contemporary themes, concepts, theories, events, organisations, and frameworks concerning peace, conflict, security, rights, institutions and development. The Palgrave Encyclopaedia of Peace and Conflict Studies brings together leading and emerging scholars from different disciplines to provide the most comprehensive and up-to-date resource on peace and conflict studies ever produced.

## Little Book of Restorative Justice for Colleges & Universities

### Revised & Updated

[Good Books](#) Here's a call to colleges and universities to consider implementing restorative practices on their campuses, ensuring fair treatment of students and staff while minimizing institutional liability, protecting the campus community, and boosting morale. From an associate dean of student affairs who has put these models to work on his campus. Restorative justice is a collaborative decision-making process that includes victims, offenders, and others who are seeking to hold offenders accountable by having them (a) accept and acknowledge responsibility for their offenses, (b) to the best of their ability, repair the harm they caused to victims and communities, and (c) work to reduce the risk of re-offense by building positive social ties to the community. David Karp writes in his introduction, "As a student affairs administrator, I have become deeply committed to the concept and practice of restorative justice. I have experienced how it can work given the very real pressures among campus conduct administrators to manage high case loads, ensure fair treatment, minimize institutional liability, protect the campus community, boost morale in a division with high turnover, and help students learn from their mistakes without creating insurmountable obstacles to their future successes."

## The Practice of Contemplative Photography Seeing the World with Fresh Eyes

[Shambhala Publications](#) This book teaches photographers how to connect fully with the visual richness present in their ordinary, daily experiences. According To The authors, photography is not purely a mechanical process. You need to know how to look, As well as where to point the camera, and when to press the button. Then as you develop your ability to see, your appreciation and inspiration from the world around you become enhanced. Filled with practical exercises and techniques inspired by mindfulness meditation, this book teaches photographers how to "see what's in front of them". It offers a system of training and exercises that draw upon Buddhist concepts, As well as on insights of great photographic masters such as Alfred Stieglitz, Edward Weston, and Henri Cartier-Bresson. There is a series of visual exercises and assignments for working with texture, light, and colour, As well as for developing mindfulness, As a way of bringing the principles of contemplative photography into ordinary experience.

## Little Book of Restorative Justice for People in Prison Rebuilding The Web Of Relationships

[Simon and Schuster](#) Restorative justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is helping restore prisoners' sense of humanity while holding them accountable for their actions. Toews, with

years of experience in prison work, shows how these practices can change prison culture and society. Written for an incarcerated audience, and for all those who work with people in prison, this book also clearly outlines the experiences and needs of this under-represented part of our society. A title in The Little Books of Justice and Peacebuilding Series.

## The Little Book of Victim Offender Conferencing

### Bringing Victims and Offenders Together in Dialogue

Good Books Victim offender dialogues have been developed as a way to hold offenders accountable to the person they have harmed and to give victims a voice about how to put things right. It is a way of acknowledging the importance of the relationship, of the connection which crime creates. Granted, the relationship is a negative one, but there is a relationship. Amstutz has been a practitioner and a teacher in the field for more than 20 years.

## Little Book of Biblical Justice

### A Fresh Approach To The Bible's Teachings On Justice

Good Books "The purpose of this Little Book is to identify some characteristic features of the Bible's teaching on justice. "The Bible has had a profound impact on the development of Western culture. So exploring biblical perspectives on justice can help us appreciate some of the convictions and values that have helped shape Western political and judicial thought. "Christians also regard the Bible as a uniquely important source of guidance on matters of belief and practice. What the Bible has to say about justice, therefore -- both social justice and criminal justice -- ought to be of great significance for Christian thought and action today. "Yet coming to grips with biblical teaching on justice is by no means easy." Upfront, Marshall addresses the many complexities that surround "justice" in the Bible: the Bible seems to hold conflicting points of view; there is a huge amount of data to deal with; the world of the Bible and our present world are vastly different. Marshall's honest treatment of this subject is direct, yet almost lyrical in tone. He manages a thorny, multi-faceted subject clearly and ultimately singles out the broad areas of theological agreement among the Bible's writers. Highly stimulating. Highly inspirational.
