Glorious Freedom The Excellency of the Gospel Above the Law [Banner of Truth](#) A renowned Puritan shows the transforming liberty which comes from seeing Christ in the gospel. An exposition of 2 Corinthians 3:17-18. Thomas Middleton and Early Modern Textual Culture A Companion to the Collected Works [Oxford University Press](#) Thomas Middleton and Early Modern Textual Culture is a comprehensive companion to The Collected Works of Thomas Middleton, providing detailed introductions to and full editorial apparatus for the works themselves as well as a wealth of information about Middleton's historical and literary context. Puritan Boston and Quaker Philadelphia [Routledge](#) Based on the biographies of some three hundred people in each city, this book shows how such distinguished Boston families as the Adamsons, Cabots, Lowells, and Peabodys have produced many generations of men and women who have made major contributions to the intellectual, educational, and political life of their state and nation. At the same time, comparable Philadelphia families such as the Biddles, Cadwaladers, Ingersolls, and Drexels have contributed far fewer leaders to their state and nation. From the days of Benjamin Franklin and Stephen Girard down to the present, what leadership there has been in Philadelphia has largely been provided by self-made men, often, like Franklin, born outside Pennsylvania. Baltzell traces the differences in class authority and leadership in these two cities to the contrasting values of the Puritan founders of the Bay Colony and the Quaker founders of the City of Brotherly Love. While Puritans placed great value on the calling or devotion to one's chosen vocation, Quakers have always placed more emphasis on being a good person than on being a good judge or statesman. Puritan Boston and Quaker Philadelphia presents a provocative view of two contrasting upper classes and also reflects the author's larger concern with the conflicting values of hierarchy and egalitarianism in American history. The Puritans A Transatlantic History [Princeton University Press](#) A panoramic history of Puritanism in England, Scotland, and New England This book is a sweeping transatlantic history of Puritanism from its emergence out of the religious tumult of Elizabethan England to its founding role in the story of America. Shedding critical light on the diverse forms of Puritan belief and practice in England, Scotland, and New England, David Hall describes the movement's deeply ambiguous triumph under Oliver Cromwell, its political demise with the Restoration of the English monarchy in 1660, and its perilous migration across the Atlantic to establish a "perfect reformation" in the New World. This monumental book traces how Puritanism was a catalyst for profound cultural changes in the early modern Atlantic world, opening the door for other dissenter groups such as the Baptists and the Quakers, and leaving its enduring mark on religion in America. The History of the Puritans Or Protestant Nonconformists The History of the Puritans: From the death of Queen Elizabeth to the beginning of the Civil War in the year 1642 The History of the Puritans, Or Protestant Non-conformists From the Reformation Under King Henry VIII, to the Act of Toleration Under King William and Queen Mary: with an Account of Their Principles, Their Attempts for a Further Reformation in the Church; and the Lives and Characters of Their Most Considerable Divines ... The History of the Puritans, Or Protestant Nonconformists From the Reformation in 1517, to the Revolution in 1688; Comprising an Account of Their Principles; Their Attempts for a Farther Reformation in the Church; Their Sufferings; and the Lives and Characters of Their Most Considerable Divines THE DEATH OF DEATH IN THE DEATH OF CHRIST [Lulu.com](#) The Death of Death in the Death of Christ is John Owen's definitive work on the extent of the atonement. It is a polemical work, designed to show among other things that the doctrine of universal redemption is unscriptural and destructive of the gospel. It was called forth by the progress in England of Arminianism and the half-way house of Amyraldianism adopted by Baxter, Davenant and Usher. The History of the Puritans, Or Protestant Nonconformists From the Reformation in 1517, to the Revolution in 1688; Comprising an Account of Their Principles; Their Attempts for a Farther Reformation in the Church; Their Sufferings; and the Lives and Characters of Their Most Considerable Divines Expounding the Gospel and Law of God--Exegesis and Sermonic Development The Path from Text to Sermon [Wipf and Stock Publishers](#) Exegesis and Sermonic Development: The Path from Text to Sermon, by the Rev. Dr. George Gatgounis, Esq., provides in-depth guidance to producing sermons that are true to the biblical text so as to bring nourishment to our failing and feeble Church. It's one of the few exegetical works that starts with the spiritual consecration of the preacher, since the exegetical process must first begin with communion with the Holy Spirit. This work is an encyclopedia of sermonic development. The Shaping of America A True Description of the American Character, Both Good and Bad, and the Possibilities of Recovering a National Vision Before the People Perish A critique of American ideas that first discusses how America became the nation that it is and then suggests how it could become the nation that it should be. Religion, Order, and Law [University of Chicago Press](#) "The issue of the Protestant ethic and the spirit of capitalism has been debated endlessly, but few scholars have seriously continued Weber's own research into the Reformation sources of seventeenth-century England. David Little's study was one of the first to do so, and remains an important contribution."--Guenther Roth, University of Washington A Catalogue of the Names of the Early Puritan Settlers of the Colony of Connecticut With the Time of Their Arrival in the Country and Colony, Their Standing in Society, Place of Residence, Condition in Life, where From, Business, Etc. as Far as is Found on Record [Delinquency in Society Jones & Bartlett Learning](#) Delinquency in Society, Eighth Edition provides a systematic introduction to the study of juvenile delinquency, criminal behavior, and status offending youths. This text examines the theories of juvenile crimes and the social context of delinquency including the relevance of families, schools, and peer groups. Reorganized and thoroughly updated to reflect the most current trends and developments in juvenile delinquency, the Eighth Edition includes discussions of the history, institutional context, and societal reactions to delinquent behavior. Delinquency prevention programs and basic coverage of delinquency as it relates to the criminal justice system are also included to add context and support student comprehension. A History of the Puritans and the Pilgrim Fathers The Puritans in England A catalogue of the names of the early Puritan settlers of the colony of Connecticut; with the time of their arrival in the country and colony, etc. vol. 1 Neal's History of the Puritans Or, The Rise, Principles, and Sufferings of the Protestant Dissenters, to the Glorious Aera of the Revolution; The History of the Puritans: From the Reformation to the death of Queen Elizabeth Heavenly Merchandize How Religion Shaped Commerce in Puritan America [Princeton University Press](#) Heavenly Merchandize offers a critical reexamination of religion's role in the creation of a market economy in early America. Focusing on the economic culture of New England, it views commerce through the eyes of four generations of Boston merchants, drawing upon their personal letters, diaries, business records, and sermon notes to reveal how merchants built a modern form of exchange out of profound transitions in the puritan understanding of discipline, providence, and the meaning of New England. Mark Valeri traces the careers of men like Robert Keayne, a London immigrant punished by his church for aggressive business practices; John Hull, a silversmith-turned-trader who helped to establish commercial networks in the West Indies; and Hugh Hall, one of New England's first slave traders. He explores how Boston ministers reconstituted their moral languages over the course of a century, from a scriptural discourse against many market practices to a providential worldview that justified England's commercial hegemony and legitimated the market as a divine construct. Valeri moves beyond simplistic readings that reduce commercial activity to secular mind-sets, and refutes the popular notion of an inherent affinity between puritanism and capitalism. He shows how changing ideas about what it meant to be pious and puritan informed the business practices of Boston's merchants, who filled their private notebooks with meditations on scripture and the natural order, founded and led churches, and inscribed spiritual reflections in their letters and diaries. Unprecedented in scope and rich with insights, Heavenly Merchandize illuminates the history behind the continuing American dilemma over morality and the marketplace. The Protestant Ethic and the Spirit of Capitalism [Taylor & Francis](#) For the first time in 70 years, a new translation of Max Weber's classic The Protestant Ethic and the Spirit of Capitalism --one of the seminal works in sociology-- published in September 2001. Translator Stephen Kalberg is an internationally acclaimed Weberian scholar, and in this new translation he offers a precise and nuanced rendering that captures both Weber's style and the unusual subtlety of his descriptions and causal arguments. Weber's original italicization, highlighting major themes, has been restored, and Kalberg has standardized Weber's terminology to better facilitate understanding of the various twists and turns in his complex lines of reasoning. Weber's compelling work remains influential for these reasons: it explores the continuing debate regarding the origins and legacy of modern capitalism in the West; it helps the reader understand today's global economic development; and it plumbs the deep cultural forces that affect contemporary work life and the workplace in the United States and Europe. This new edition/translation also includes a glossary; Weber's 1906 essay, "The Protestant Sects and the Spirit of Capitalism"; and Weber's masterful prefatory remarks to his Collected Essays in the Sociology of Religion, in which he defines the uniqueness of Western societies and asks what "ideas and interests" combined to create modern Western rationalism The Goodly Word The Puritan Influence in American Literature [Clements Publishing Group](#) Power, love, predestination. What did these words mean to the Puritans? Ellwood Johnson provides an invaluable reference guide to the vocabulary of Puritanism, and shows how the meanings of these words have changed. In illuminating essays, he further traces the influence of the theology of the heart on such thinkers as Isaac Newton, John Locke, Sampson Reed, R.W. Emerson, Alexis de Tocqueville, Nathaniel Hawthorne, and Henry Adams. Now available in paperback, The Goodly Word is an indispensable reference for any student of American literature. "This book is like a complicated set of keys that abundantly repays the effort by opening many locks. With his jangle of keys, Dr. Johnson opens doors to rooms that are everywhere new and mostly foreign to the modern and postmodern mind. He gives equal time to protagonists and antagonists, not to debate a central thesis, but to reflect and refract the ideas that lurk behind the patchwork quilt that is the intellectual history of America. Dr. Johnson finally pays the Puritans a great compliment. In their emphasis on 'individual inventiveness and personal productivity,' he maintains, they may have saved American democracy from itself." -The Ivy Jungle Report "I am unaware of another book that sets out to trace the larger patterns and influence of Puritan vocabulary on American intellectual development in such a thorough and provocative manner." -Dr. Stanley Tag, St. Olaf College Ellwood Johnson is Professor Emeritus of American Literature at Western Washington University in Bellingham, Washington. Essays on Puritans and Puritanism Puritan, Rake, and Squire Christ Crucified The Once-For-all Sacrifice [Christian Heritage](#) In this stimulating work Stephen Charnock links the Old and New Testaments with this classic explanation of how the sacrifice of Jesus Christ fulfils the Old Testament sacrificial system. He particularly illustrates the importance of the Passover, and opens up our understanding of the differences which characterise the New Testament Church era. He shows that Jesus willingly submitted to the pain he knew he would go through, in order to bring us the blessings of a new covenant with God. The Puritans were brought up on the Bible; for a Puritan mind a clear text from the Bible settled all controversy. It is this discipline and clear sightedness which makes their work so valuable to today's generation. The Puritan Tradition in America, 1620-1730 [UPNE](#) A classic documentary collection on New England's Puritan roots is once again available, with new material. The Elizabethan Puritan Movement [Routledge](#) Originally published in 1967, this book is a history of church puritanism as a movement and as a political and ecclesiastical organism; of its membership structure and internal contradictions; of the quest for 'a further reformation'. It tells the fascinating story of the rise of a revolutionary moment and its ultimate destruction. A Historian Reads Max Weber Essays on the Protestant Ethic [Otto Harrassowitz Verlag](#) Max Weber's Protestant Ethic is undoubtedly the most widely-read text in Western social theory of the last century. But is it really known? The proposition of this book is that it is not. Innumerable readers will "know" it for their own pedagogic and theoretical purposes, but properly historical grasp of the work's full range of meanings, of its place within the fertile culture of the German states before 1914, and within Max Weber's intellectual biography remains slight. The essays in this volume derive from the

author's work in translating and commenting on the Protestant Ethic. They seek (first) to cast light on the range and extent of Weber's intellectual concerns when he was writing in 1904-05: not just English Puritanism, German theology, and capitalism, but also Herrschaft, Judaism, and the shape of Occidental history. This then serves to recapture the continuity and unity of Weber's intellectual development, so that once more we may see the Protestant Ethic at the centre of his oeuvre, the indispensable prelude to all his later work, rather than setting it apart in splendid but curiously lifeless isolation. Evangelism and the Openness of God The Implications of Relational Theism for Evangelism and Mission [Wipf and Stock Publishers](#) "Argues that a dynamic concept of God as articulated in open theism better serves the evangelistic mission of the church than does conventional theology."-- Back LSAT, Law School Admission Test [John Wiley & Sons](#) John Wesley; His Puritan Heritage A Study of the Christian Life Puritan London A Study of Religion and Society in the City Parishes [University of Delaware Press](#) Contributes to an understanding of the internal political and religious structure of the City of London during the period of the English Revolution. This monograph reconstructs the social structure and composition of each of the City parishes, surveys the successes and failures of Presbyterianism among the parishes, explores the new relationship between the Puritan ministers and the parishes, as well as discusses the Independents and the Anglicans in this time and setting. The Puritans and music in England and New England A Theological Dictionary Containing Definitions of All Religious Terms, a Comprehensive View of Every Article in the System of Divinity : an Impartial Account of All the Principal Denominations ... Together with an Accurate Statement of the Most Remarkable Transactions and Events Recorded in Ecclesiastical History Symposium on Puritanism and Society (JCR Vol. 06 No. 02) [Chalcedon Foundation](#) This volume is devoted to a study of the Puritans, the contributors survey the impact of Puritan sermons, thought, and law on society in general. There is little doubt today that the Puritan movement in England and the New World helped to reshape the basic institutions of the Anglo-Saxon world. In previous issues, we have surveyed the Puritan views concerning civil law, economics, science, and other kingdom institutions. Now we focus on those aspects of Puritan life that concerned the family, the institutional church, music, death, and Cromwell's Protectorate. Whatever politics you adopt, he says, should be liberal; whatever economics you adopt, of course, should be interventionist. Not impressed by biblical law. Dr. Lloyd-Jones falls back upon the conventional "unconventionality" of late-twentieth-century British politics—all in the name of liberal innovation. He ignores the fact that the dominion covenant was reestablished, after the Fall, with Noah. The Fall has now become an excuse for not doing anything to cure its effects. However, he said in his 1975 essay, "Looking at history it seems to me that one of the greatest dangers confronting the Christian is to become a political conservative, and an opponent of legitimate reform, and the legitimate rights of people" (p. 103). But if explicitly Christian reform is doomed, what kind of "legitimate reform" does he have in mind? Why, "Calvinist reform," meaning economic interventionism, since Arminianism supposedly leads to laissez-faire: "Arminianism over-stresses liberty. It produced the laissez-faire view of economics, and it always introduces inequalities—some people becoming enormously wealthy, and others languishing in poverty and destitution" (p. 106). Free enterprise creates inequality! If these conclusions seem preposterous to you, you will want to order the latest Journal of Christian Reconstruction, which contains my article showing how free enterprise economics came to the Puritan colonies in the final years of the 17th century. You will want to read Gordon Geddes' essay on the Puritan view of death, Greg Bahnsen's defense of biblical law against Merideth Kline's attack, Rita Mancha's study of women in Calvinist thought, Richard Flinn's essay on the Puritan concept of the family, James Jordan's essay on Puritanism and music, and David Chilton's defense of Oliver Cromwell. "Puritanism and Society" will provide you with information which will enable you to decide whether Dr. Lloyd-Jones' assessment is correct, whether his view on 17th-century Puritanism's outlook is truly heretical. These three issues of The Journal have created considerable controversy. The idea that Puritanism was essentially a "package deal"—a comprehensive world-and-life outlook that affected all spheres of social life—has alienated numerous self-proclaimed neo-Puritans. This series has also driven another group to abandon the Puritan tradition, and to adopt a kind of neo-anabaptism to replace the older "theonomic" Puritan tradition. The "reprinting neo-Puritans" have faced a dual challenge: either adopt the theonomic tradition which was fundamental to the Puritan movement, or else abandon Puritanism's tradition in favor of new-anabaptism. Predictably, they wish to do neither. Yet to remain "betwixt and between" is to remain caught in a crossfire. The interesting product of this immobility has been a narrowing of focus: endless articles on the ("beneficial") emotionalism of Puritanism, and a stream of biographical articles, primarily dealing with the less well-known later preachers who have defended predestination, but who had little or no lasting influence on Western culture, and who were not explicitly Puritan in their outlook. Literary uses of typology The Negro's Church [Wipf and Stock Publishers](#) Benjamin E. Mays (1894-1984) was President and Professor Emeritus of Morehouse College. Censorship A World Encyclopedia [Routledge](#) First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company. The Complete Works of C. H. Spurgeon, Volume 8 Sermons 427 to 486 [Delmarva Publications, Inc.](#) Volume 8 Sermons 427-486 Charles Spurgeon (19 June 1834 - 31 January 1892) is one of the church's most famous preachers and Christianity's foremost prolific writers. Called the "Prince of Preachers," he was one of England's most notable ministers for most of the second half of the nineteenth century, and he still remains highly influential among Christians of different denominations today. His sermons have spread all over the world, and his many printed works have been cherished classics for decades. In his lifetime, Spurgeon preached to more than 10 million people, often up to ten times each week. He was the pastor of the congregation of the New Park Street Chapel (later the Metropolitan Tabernacle) in London for 38 years. He was an inexhaustible author of various kinds of works including sermons, commentaries, an autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns and more. Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration, and his oratory and writing skills held his audiences spellbound. Many Christians have discovered Spurgeon's messages to be among the best in Christian literature. Edward Walford wrote in Old and New London: Volume 6 (1878) quoting an article from the Times regarding one of Spurgeon's meetings at Surrey: "Fancy a congregation consisting of 10,000 souls, streaming into the hall, mounting the galleries, humming, buzzing, and swarming—a mighty hive of bees—eager to secure at first the best places, and, at last, any place at all. After waiting more than half an hour—for if you wish to have a seat you must be there at least that space of time in advance—Mr. Spurgeon ascended his tribune. To the hum, and rush, and trampling of men, succeeded a low, concentrated thrill and murmur of devotion, which seemed to run at once, like an electric current, through the breast of every one present, and by this magnetic chain the preacher held us fast bound for about two hours. It is not my purpose to give a summary of his discourse. It is enough to say of his voice, that its power and volume are sufficient to reach every one in that vast assembly; of his language, that it is neither high-flown nor homely; of his style, that it is at times familiar, at times declamatory, but always happy, and often eloquent; of his doctrine, that neither the 'Calvinist' nor the 'Baptist' appears in the forefront of the battle which is waged by Mr. Spurgeon with relentless animosity, and with Gospel weapons, against irreligion, cant, hypocrisy, pride, and those secret bosom-sins which so easily beset a man in daily life; and to sum up all in a word, it is enough to say of the man himself, that he impresses you with a perfect conviction of his sincerity." More than a hundred years after his death, Charles Spurgeon's legacy continues to effectively inspire the church around the world. For this reason, Delmarva Publications has chosen to republish the complete works of Charles Spurgeon. The Pictorial Field-book of the Revolution Or, Illustrations, by Pen and Pencil, of the History, Biography, Scenery, Relics, and Traditions of the War for Independence
