The Plague Year

America in the Time of Covid

Penguin UK 'A virtuoso feat ... a book of panoramic breadth' New York Times Book Review 'A devastating analysis ... Wright is a master of knitting together complex narratives' The Observer Just as Lawrence Wright's The Looming Tower became the defining account of our century's first devastating event, 9/11, so The Plague Year will become the defining account of the second. The story starts with the initial moments of Covid's appearance in Wuhan and ends with Joseph Biden's inauguration in an America ravaged by well over 400,000 deaths - a mortality already some ten times worse than US combat deaths in the entire Vietnam War. This is an anguished, furious memorial to a year in which all of America's great strengths - its scientific knowledge, its great civic and intellectual institutions, its spirit of voluntarism and community - were brought low, not by a terrifying new illness alone, but by political incompetence and cynicism on a scale for which there has been no precedent. With insight, sympathy, clarity and rage, The Plague Year allows the reader to see the unfolding of this great tragedy, talking with individuals on the front line, bringing together many moving and surprising stories and painting a devastating picture of a country literally and fatally misled. 'Maddening and sobering - as comprehensive an account of the first year of the pandemic as we've yet seen' Kirkus

All You Can Ever Know

A memoir of adoption

Pushkin Press This book moved me to my very core' Celeste Ng, author of Little Fires Everywhere Finalist for the National Book Critics Circle Award for Autobiography Named a Best Book of the Year by The Washington Post, NPR, Time, The Boston Globe, Real Simple, BuzzFeed, Jezebel and Bustle Growing up in a sheltered Oregon town, Nicole Chung was the only Korean she knew. Taunted in the playground, and constantly reminded that she was different, she dreamt of one day looking in the mirror and feeling as though she belonged. The story her mother told her about her birth parents was always the same: they had made the ultimate sacrifice in the hopes of giving her a better life. But years later, grown up and expecting a child of her own, Nicole begins to wonder if her mother's story is the whole truth. As she embarks on a search for the people who gave her up, she discovers that the deeper she digs, the darker and more surprising the truth. Heart-rending yet endlessly hopeful, All You Can Ever Know is a compelling memoir about adoption, race, and how it feels to lose your roots - and then find them in the least expected of places.

Friends, Lovers, and the Big Terrible Thing

A Memoir

There are few shows in our lifetime that have garnered over a billion views, that have reached a global audience of 220 countries, that elicits an emotional reaction from a theme song, or that defined a period of time more for its viewers. That is simply because there is no show that is more iconic or beloved than Friends. It didn't matter that their apartment was unrealistic by New York City's standards or that they always had enough free time to hang out in a coffee shop, they were our friends, they were us. And over the last twenty-seven years, it has yet to lose its title of the greatest sitcom of all time. Yet, the nostalgia and the truth about their relationships is a story that only Matthew Perry could tell--especially as his addiction soared faster than his career. Heartbreaking and funny, Matthew's honesty is explosive and unrivaled. Friends, Lovers, and the Big Terrible Thing is an unforgettable memoir that shares the most intimate details of the love he lost, his darkest days, and his greatest friends.

Lucky Girl

Algonquin Books The true story of an American woman's unexpected reunion with her Chinese birth family: "A great book" (Good Housekeeping). In 1974, a baby girl from Taiwan was brought to the United States, newly adopted by a loving couple in Michigan. Mei-Ling Hopgood had an all-American upbringing, never really identifying with her Asian roots or harboring a desire to uncover her ancestry. Mei-Ling believed she was lucky to have escaped a life that was surely one of poverty and misery, to grow up in comfort with her doting parents and brothers. Then, when she was in her twenties, her birth family came calling. Rather than the rural peasants she always pictured, they are a boisterous, loving, bossy, complicated middle-class family who hound her daily—by phone, fax, and letter, in a language she doesn't understand—until she returns to Taiwan to meet them. As her biological sisters and parents pull her into their lives, claiming her as one of their own, the devastating secrets that still haunt this family begin to emerge. Spanning cultures and continents, *Lucky Girl* brings home a tale of joy and regret, hilarity, deep sadness, and great discovery as the author untangles the unlikely strands that formed her destiny. "Enchanting . . . Hopgood's story entices not because it's joyful but because she is honest, analytical and articulate concerning her ambivalence about and eventual acceptance of both her families and herself." —The Courier-Journal (Louisville, Kentucky)

Now her money-driven children complain and beg her to sell her beloved home for a steep payout. Hoping to kick the season off on a good note, Eleanor decides her seventieth birthday may be the perfect occasion for a much-needed reunion. Fresh from her college graduation, Eleanor's granddaughter, Ari, has just ended an engagement. She longs for a change of scenery and to escape from her parents' snobbish expectations. Sour Heart

Stories

Lenny A sly debut story collection that conjures the experience of adolescence through the eyes of Chinese American girls growing up in New York City—for readers of Zadie Smith and Helen Oyeyemi. Winner of the Los Angeles Times Book Prize • Winner of the PEN/Robert W. Bingham Prize for Debut Fiction • Finalist for the New York Public Library's Young Lions Fiction Award NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New Yorker • NPR • O: The Oprah Magazine • The Guardian • Esquire • New York • BuzzFeed A fresh new voice emerges with the arrival of *Sour Heart*, establishing Jenny Zhang as a frank and subversive interpreter of the immigrant experience in America. Her stories cut across generations and continents, moving from the fraught halls of a public school in Flushing, Queens, to the tumultuous streets of Shanghai, China, during the Cultural Revolution of the 1960s. In the absence of grown-ups, latchkey kids experiment on each other until one day the experiments turn violent; an overbearing mother abandons her artistic aspirations to

come to America but relives her glory days through karaoke; and a shy loner struggles to master English so she can speak to God. Narrated by the daughters of Chinese immigrants who fled imperiled lives as artists back home only to struggle to stay afloat—dumpster diving for food and scamming Atlantic City casino buses to make a buck—these seven stories showcase Zhang’s compassion, moral courage, and a perverse sense of humor reminiscent of Portnoy’s Complaint. A darkly funny and intimate rendering of girlhood, *Sour Heart* examines what it means to belong to a family, to find your home, leave it, reject it, and return again. Praise for *Sour Heart* “[Jenny Zhang’s] coming-of-age tales are coarse and funny, sweet and sour, told in language that’s rough-hewn yet pulsating with energy.”—USA Today “One of the knockout fiction debuts of the year.”—New York “Compelling writing about what it means to be a teenager . . . It’s brilliant, it’s dark, but it’s also humorous and filled with love.”—Isaac Fitzgerald, Today “[A] combustible collection . . . in a class of its own.”—Booklist (starred review) “Gorgeous and grotesque . . . [a] tremendous debut.”—Slate

Migration from the Middle East and North Africa to Europe

past developments, current status and future potentials

Amsterdam University Press One of the most important challenges concerning the future of the European Union is the demographic reproduction of the European population. Decreasing birth-rates and the retirement of the baby boomers will dramatically reduce the labour force in the EU, which will entail not only a lack of manpower but also lower contributions to European social systems. It seems clear that the EU will have to counterbalance this population decrease by immigration in the coming years. Migration Between the Middle East, North Africa and Europe takes this challenge as a point of departure for analysing the MENA region, in particular Morocco, Egypt and Turkey, as a possible source of future migration to the European Union. At the same time, it illustrates the uncertainties implied in such calculations, especially at a time of radical political changes, such as those brought about by the Arab Uprising.

Germany

Memories of a Nation

Penguin UK From Neil MacGregor, the author of A History of the World in 100 Objects, this is a view of Germany like no other Today, as the dominant economic force in Europe, Germany looms as large as ever over world affairs. But how much do we really understand about it, and how do its people understand themselves? In this enthralling new book, Neil MacGregor guides us through the complex history, culture and identity of this most mercurial of countries by telling the stories behind 30 objects in his uniquely magical way.

Beginning with the fifteenth-century invention of the Gutenberg press, MacGregor ventures beyond the usual sticking point of the Second World War to get to the heart of a nation that has given us Luther and Hitler, the Beetle and Brecht - and remade our world again and again. This is a view of Germany like no other. Neil MacGregor has been Director of the British Museum since August 2002. He was Director of the National Gallery in London from 1987 to 2002. His celebrated books include *A History of the World in 100 Objects*, now translated into more than a dozen languages and one of the top-selling titles ever published by Penguin Press, and *Shakespeare's Restless World*.

Where'd You Go, Bernadette

A Novel

Hachette UK A misanthropic matriarch leaves her eccentric family in crisis when she mysteriously disappears in this "whip-smart and divinely funny" novel that inspired the movie starring Cate Blanchett (New York Times). Bernadette Fox is notorious. To her Microsoft-guru husband, she's a fearlessly opinionated partner; to fellow private-school mothers in Seattle, she's a disgrace; to design mavens, she's a revolutionary architect; and to 15-year-old Bee, she is her best friend and, simply, Mom. Then Bernadette vanishes. It all began when Bee aced her report card and claimed her promised reward: a family trip to Antarctica. But Bernadette's intensifying allergy to Seattle -- and people in general -- has made her so agoraphobic that a virtual assistant in India now runs her most basic errands. A trip to the end of the earth is problematic. To find her mother, Bee compiles email messages, official documents, and secret correspondence -- creating a compulsively readable and surprisingly touching novel about misplaced genius and a mother and daughter's role in an absurd world.

Family Lexicon

New York Review of Books A masterpiece of European literature that blends family memoir and fiction An Italian family, sizable, with its routines and rituals, crazes, pet phrases, and stories, doubtful, comical, indispensable, comes to life in the pages of Natalia Ginzburg's Family Lexicon. Giuseppe Levi, the father, is a scientist, consumed by his work and a mania for hiking—when he isn't provoked into angry remonstrance by someone misspeaking or misbehaving or wearing the wrong thing. Giuseppe is Jewish, married to Lidia, a Catholic, though neither is religious; they live in the industrial city of Turin where, as the years pass, their children find ways of their own to medicine, marriage, literature, politics. It is all very ordinary, except that the background to the story is Mussolini's Italy in its steady downward descent to race law and world war. The Levis are, among other things, unshakeable anti-fascists. That will complicate their lives. Family Lexicon is about a family and language—and about storytelling not only as a form of survival but also as an instrument of deception and domination. The book takes the shape of a novel, yet everything is true. "Every time that I have found myself inventing something in accordance with my old habits as a novelist, I have felt impelled at once to destroy [it]," Ginzburg tells us at the start. "The places, events, and people are all real."

Home for Good

Making a Difference for Vulnerable Children

Hachette UK Tying in to a nationwide joint campaign by the Evangelical Alliance and Care for the Family, Krish Kandiah wants us all to take seriously Jesus's call to 'suffer the little children' by engaging with the needs of the many thousands of children up and down the country who are in care and whom the church could and should be helping. Krish and his wife Miriam have adopted and fostered children themselves and their experience - and that of the many others in this book - is very different from the popular myth which suggests social services seek to prevent Christians from getting involved. Krish argues that whatever the state's stance may be, it is a part of our calling as God's church to get involved where it's hardest, and to help these children out of the tough realities they find themselves in. Filled with stories from people who have adopted or were adopted themselves, alongside practical advice on how it all works and the challenges that will come, this book makes a compelling case that the church can and must make a difference in these children's lives, and asks us all to consider our response.
