It is different than existing books because we believe that PMP preparation can be quick and efficient. We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content. • Reduce your preparation time: There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time. This book has text that is concise and relevant for the exam. • Figures and tables: There are 200+ figures and tables in the book. When text is needed to explain the figure, the text is embedded into the figure, rather than forcing you to read long paragraphs and pages of commentary to find relevant material. • Personalized, conversational style: When possible, we use conversational style to make for easier reading. • Active learning: We believe that learning is best when the reader is involved (instead of doing a show and tell). Wherever applicable (e.g. for schedule, cost, quality, risk, procurement), there are workbook-style exercises. • Examples: You will find lots of examples followed by its underlying concept or generalized step-by-step procedure. This sequence makes it easier to understand concepts. REVIEW FROM CONTACT 1: I have studied various PMP guides and tutorials in the market. But this book is different, stands out and would be the best companion guide to the PMBOK. Difficult concepts are presented in a style that is easy to follow. The content is concise and supported by illustrative figures and tables. This will save you from wasting your time on irrelevant or copious content. In my opinion, this is the ONLY book you will need to pass the PMP exam. Other printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and explanations. The 400+ questions are at the same level of rigor as you will find in the PMP exam. I wish I had this guide when I prepared for the PMP exam. - Andrew Anderson, PMP, Los Angeles, CA 300 Practice Questions for the PMP Exam A PMP Exam Question Bank [Independently Published](#) The PMP Ace Series 2-in-1 Combo 'Be a PMP Ace in 30 Days' and '300 Practice Questions for the PMP Exam' are also available as a 2-in-1 Combo. Are you preparing for the PMP Certification Exam? This is for you! The PMP certification, awarded by the PMI, is the gold-standard in project management certifications for project managers globally. If you are a project manager who wants to ace the PMP certification exam on your first attempt, you need to prepare with the right resources! '300 Practice Questions for the PMP Exam', from the author of 'Be a PMP Ace in 30 Days', is unlike the average question bank you may come across for the PMP exam. This question bank contains a set of carefully researched and framed questions meant to optimise your study experience and the content here will stimulate your thinking in the way as it would be required on the actual PMP Exam. Key features of this PMP question bank: 300 questions sorted on individual knowledge areas of the PMBOK - an excellent accompaniment for after-chapter revisions during your PMP Exam preparation. Detailed solutions provided at the end of each chapter so that you understand precisely why a particular answer choice is the right one. Also includes questions on the Project Management Framework and questions on Professional Ethics. Questions are similar in structure, style and difficulty-level with the actual questions that appear in the PMP Exam - therefore, you get wider exposure in fewer questions. '300 Practice Questions for the PMP Exam' is an excellent accompaniment to your PMP preparation arsenal that you should not miss! Details of changes made in the revised edition of '300 Practice Questions for the PMP Exam': Questions and solutions related to processes and ITTOs from the previous PMBOK 5th Edition that are no longer applicable in the PMBOK 6th

Exam PMI Agile Certified Practitioner (PMI-ACP) 78 Test Prep Questions Edition III [Ger Arevalo](#) This book is designed to be an ancillary to the classes, labs, and hands on practice that you have diligently worked on in preparing to obtain your PMI Agile Certified Practitioner (PMI-ACP) certification. I won't bother talking about the benefits of certifications. This book tries to reinforce the knowledge that you have gained in your process of studying. It is meant as one of the end steps in your preparation for the PMI-ACP exam. This book is short, but it will give you a good gauge of your readiness. Learning can be seen in 4 stages: 1. Unconscious Incompetence 2. Conscious Incompetence 3. Conscious Competence 4. Unconscious Competence This book will assume the reader has already gone through the needed classes, labs, and practice. It is meant to take the reader from stage 2, Conscious Incompetence, to stage 3 Conscious Competence. At stage 3, you should be ready to take the exam. Only real-world scenarios and work experience will take you to stage 4, Unconscious Competence. I am not an author by trade. My goal is not to write the cleanest of a book. This book will get to the gist of things, no frills no thrills. The only purpose is to have the reader pass the PMI-ACP exam. Before we get started, we all have doubts when preparing to take an exam. What is your reason and purpose for taking this exam? Remember your reason and purpose when you have some doubts. Obstacle is the way. Control your mind, attitude, and you can control the situation. Persistence leads to confidence. Confidence erases doubts. PMP® Exam Practice Test and Study Guide, Tenth Edition, 10th Edition Continuing in the tradition of its bestselling predecessors, PMP® Exam Practice Test and Study Guide, Tenth Edition uses self study to help readers increase their chances of passing the PMP® certification exam the first time around. This tenth edition is up to date with the 2015 Examination Content Outline (ECO) published by the Project Management Institute (PMI®), which is the blueprint for the exam. In addition to 600 practice test questions, this edition includes a new chapter on the five process domains. It supplies an overview of each knowledge area, a list of exam topics, and 40 multiple-choice questions for each of the ten knowledge areas presented in A Guide to the Project Management Body of Knowledge Fifth Edition (PMBOK® Guide). As in previous editions, this edition provides a clearly written rationale for each correct answer, along with a supporting reference list. To help broaden your understanding of the concepts in the answer, this edition features an expanded rationale that discusses why a particular answer is correct, some study tips to consider, and in many cases, an explanation as to why the other answers are incorrect. For each answer, the authors supply references to the appropriate pages in the PMBOK® Guide and the specific ECO domain and task. You will also find references to one or more of the five process groups: Initiating, Planning, Executing, Monitoring and Controlling, or Closing at the end of each rationale. The book features a 200-question online practice test that simulates the actual PMP® exam. It also includes the authors' proprietary proficiency rating that will help you assess your strengths and weaknesses in each process domain so you can identify the areas where you require further study. With around 350 practice problems and detailed explanations, you should be able to pass the exam confidently! Check the following Amazon page for more information on the author:<http://www.amazon.com/Adam-Ding/e/B001JS4Y5YP.S>. Author's advice on how to use this book for exam cram (Included in preface) "Step 1: Read through the 1st chapter of your new PMBOK Step 2: Read the 1st chapter of my book. Yes, it is a quick summary of the same thing. But I pinpoint what you need to pay attention to, because these will most likely be on the real exam. Step 3: Make sure you do the practice questions. Step 4: Check answer key and explanations. Each answer key also refers to the specific sections of your new PMBOK by page number. Step 5: Now repeat the steps 1-5 for every chapter. Ensure you have a big-picture view about the materials in each chapter. Also review the PM process map on P61 of your new PMBOK whenever you are done with a chapter. Step 6: When you finish all chapters, you would have a good view of all 10 knowledge areas. Now memorize the PM process map on P61 of your new PMBOKLet's review: the above steps should take you no more than 4 days even if you have only 2 hours each day. For some people it's possible to finish the materials during a weekend cram or study non-stop for a whole day ( no more than 8 x 2 = 16 hours) Step 7: Now start mock exams. At the end of this book it provides Internet links to at least 4 online mock exams. Review the PM process map every time before you do the mock exam. How many exams you want to do is totally up to you. Always spend at least one hour to review each mock exam against new PMBOK. Step 8: Take a break (maybe one day or sleep one hour if you haven't done so for the past 24 hours) before the exam if necessary. Then you are ready!" PMP® Exam Practice Test and Study Guide Auerbach Publications Continuing in the tradition of its bestselling predecessors, PMP® Exam Practice Test and Study Guide, Tenth Edition uses self study to help readers increase their chances of passing the PMP® certification exam the first time around. This tenth edition is up to date with the 2015 Examination Content Outline (ECO) published by the Project Management Institute (PMI®), which is the blueprint for the exam. In addition to 600 practice test questions, this edition includes a new chapter on the five process domains. It supplies an overview of each knowledge area, a list of exam topics, and 40 multiple-choice questions for each of the ten knowledge areas presented in A Guide to the Project Management Body of Knowledge Fifth Edition (PMBOK® Guide). As in previous editions, this edition provides a clearly written rationale for each correct answer, along with a supporting reference list. To help broaden your understanding of the concepts in the answer, this edition features an expanded rationale that discusses why a particular answer is correct, some study tips to consider, and in many cases, an explanation as to why the other answers are incorrect. For each answer, the authors supply references to the appropriate pages in the PMBOK® Guide and the specific ECO domain and task. You will also find references to one or more of the five process groups: Initiating, Planning, Executing, Monitoring and Controlling, or Closing at the end of each rationale. The book features a 200-question online practice test that simulates the actual PMP® exam. It also includes the authors' proprietary proficiency rating that will help you assess your strengths and weaknesses in each process domain so you can identify the areas where you require further study.
