THE ANATOMY OF BOOK OF MORMON THEOLOGY, VOLUME ONE

Greg Kofford Books **Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as Joseph M. Spencer. And of those, none have devoted as much time and effort as he to a theological reading of that sacred text—that is, as Spencer writes, “how it might shape responsible thinking about questions pertaining to the life of religious commitment” (p. 1:173.) The Anatomy of Book of Mormon Theology divides into two volumes exploring and thinking about these pertinent questions. Each concerns a different part of the defense of the claim that theology is and ought to be particularly important for Book of Mormon studies. In this first volume, Spencer gathers early essays in which he gestures toward theological interpretation without knowing how to defend it; essays about why theology is important to Book of Mormon scholarship and how to ensure that it does not overstep its boundaries; and essays that do theological work on the Book of Mormon in relatively obvious ways or with**

relatively traditional topics. The last category of essays divides into two subcategories: essays specifically on the central theological question of Jesus Christ's atonement, as the Book of Mormon understands it; and essays on a variety of traditional theological topics, again as the Book of Mormon understands them.

ENGAGING WITH MORMONS

UNDERSTANDING THEIR WORLD; SHARING GOOD NEWS

The Good Book Company Many people see Mormons as just another branch of the Christian church, and to be admired, perhaps, for their family life, morality and upright culture. But the theology and spirituality of this cult are very far from an orthodox biblical understanding of true saving faith. And yet Christians are often fearful of engaging in conversations about the gospel with Mormons, knowing that there are suspicions and complex issues that lie beneath the surface. This short book is designed to help both Christians and whole churches to understand more about the beliefs, mindset and motivations of those who are members of the Church of Jesus Christ of the Latter Day Saints (Mormons), and to reach out to them with the good news of the gospel. Written at a level that everyone can understand, this book emphasizes the importance of forming loving, honest and open relationships as part of the way we engage with our Mormon friends and neighbors, and with those who may come knocking at our doors.

APOCALYPSE

THE GREAT DAY OF THE LORD FOR THE RIGHTEOUS

Plain & Precious Publishing **Apocalypse: The Great Day of the Lord for the Righteous** is a positive look at the positive events of the Apocalypse. Just saying the word brings to mind the idea of mass destruction. Many think of a fiery end to life on earth or of zombies shuffling ominously through the streets. Focusing on the negative makes it an unpleasant subject. Contrary to these ideas, this book on the Apocalypse focuses on the great blessings that the righteous will receive when the Lord comes—a great and glorious day with no fear of the destruction that will simultaneously come down upon the heads of the wicked. For the wicked, it will indeed be a dreadful day, and they will call upon the mountains and rocks to hide them when the full fury of the Lord's anger is poured out upon them (see Revelation 6:16). For the righteous, it will be a day of unimaginable joy—a day of resurrection, of peace, of safety, and of living under the rule of our Eternal King, the Lord Jesus Christ. If we remember this, we can more fully appreciate the "great day" aspect of the Second Coming of Christ, as opposed to a fearful approach. That is the purpose of this book, so that we, along with the Apostle John on the Isle of Patmos, will feel to say, "Even so, come, Lord Jesus[!]" (Revelation 22:20). The cover features a stunning

image of the Lord descending through the clouds of glory, as painted by Del Parson.

THE EDWARD G. ROBINSON ENCYCLOPEDIA

McFarland Edward G. Robinson, a 1930s cinema icon, had an acting career that spanned more than 60 years. After a brush with silent films, he rose to true celebrity status in sound feature films and went on to take part in radio and television performances, then back to Broadway and on the road in live theatre. This work documents Robinson's every known public performance or appearance, listing co-workers, source material, background and critical commentary. The entries include feature films, documentaries, short subjects, cartoons, television and radio productions, live theatre presentations, narrations, pageants, and recordings. Also included are entries relating to his life and career, ranging from his wives to his art collection.

FORTHCOMING BOOKS

THE CONSEQUENCES OF MODERNITY

John Wiley & Sons In this major theoretical statement, the author offers a new and provocative interpretation of the institutional transformations associated with modernity. We do not as yet, he argues, live in a post-modern world. Rather the distinctive characteristics of our major social institutions in the closing period of the twentieth century express the emergence of a period of 'high modernity,' in which prior trends are radicalised rather than undermined. A post-modern social universe may eventually come into being, but this as yet lies 'on the other side' of the forms of social and cultural organization which currently dominate world history. In developing an account of the nature of modernity, Giddens concentrates upon analyzing the intersections between trust and risk, and security and danger, in the modern world. Both the trust mechanisms associated with modernity and the distinctive 'risk profile' it produces, he argues, are distinctively different from those characteristic of pre-modern social orders. This book build upon the author's previous theoretical writings, and will be of fundamental interest to anyone concerned with Gidden's overall project. However, the work covers issues which the author

has not previously analyzed and extends the scope of his work into areas of pressing practical concern. This book will be essential reading for second year undergraduates and above in sociology, politics, philosophy, and cultural studies.

ENLARGED PRINT EDITION

THE COMMERCIALIZATION OF NEWS IN THE NINETEENTH CENTURY

Univ of Wisconsin Press **The Commercialization of News in the Nineteenth Century** traces the major transformation of newspapers from a politically based press to a commercially based press in the nineteenth century. Gerald J. Baldasty argues that broad changes in American society, the national economy, and the newspaper industry brought about this dramatic shift. Increasingly in the nineteenth century, news became a commodity valued more for its profitability than for its role in informing or persuading the public on political issues. Newspapers started out as highly partisan adjuncts of political parties. As advertisers replaced political parties as the chief financial support of the press, they influenced newspapers in directing their content toward consumers, especially women. The results were recipes, fiction, contests, and features on everything from sports to fashion alongside more standard news about politics. Baldasty makes use of nineteenth-century materials—newspapers from throughout the era, manuscript letters from journalists and politicians, journalism and advertising trade publications, government reports—to document the changing role of the press during the period. He identifies three important phases: the partisan newspapers of the Jacksonian era (1825-1835), the transition of the press in the middle of the century, and the influence of commercialization of the news in the last two decades of the century.

YOU ARE PRICELESS

THE PARABLE OF THE BICYCLE

Deseret Book Company **For more than a decade, the Parable of the Bicycle has touched hundreds of thousands of lives around the world. Parents, youth leaders, and teachers of all ages will especially love this new picture book that again shares the good news of the gospel- this is, although we can never pay the price of admission into the kingdom of God, "Christ is the answer. He knows the worth of a soul is priceless. He is our Savior."**

INTRODUCING CHRISTIANITY TO MORMONS

A PRACTICAL AND COMPARATIVE GUIDE TO WHAT THE BIBLE

TEACHES

[Harvest House Publishers](#) **Share Jesus with Your LDS Friends and Family** One of our greatest challenges as Christians is sharing the truth with those who believe they've already found it. When witnessing to current or former members of The Church of Jesus Christ of Latter-day Saints, it's essential that you can compassionately delineate biblical teachings from Mormon doctrine while tactfully advocating for Christ. For every believer who prays for loved ones in the LDS Church—or loved ones who gave up on religion after leaving Mormonism—**Introducing Christianity to Mormons** is the guidebook you need to witness to them. Inside, you'll find real-life conversations that give you helpful ideas for what to say in your discussions contrast points between Mormonism and Christianity that illuminate God's truth biblical apologetics that allow you to minister to former LDS members wounded by their experience with the Church Get ready to present the case for Christianity with confidence and grace. This book will empower you to share your faith and give you the language to do so effectively with people in the Mormon community.

MORMONS AND EVANGELICALS IN CONVERSATION

[InterVarsity Press](#) A group of Mormon and evangelical scholars undertook a remarkable journey over a period of fifteen years to discuss differences and investigate possible common ground. The essays in this book reflect the thoughtful, respectful and nuanced engagements on some of the most controversial topics that have inflamed passions in the past.

HISTORY OF MERRIMACK AND BELKNAP COUNTIES, NEW HAMPSHIRE

REORG

HOW TO GET IT RIGHT

[Harvard Business Review Press](#) **A Practical Guide in Five Steps** Most executives will lead or be a part of a reorganization effort (a reorg) at some point in their careers. And with good reason—reorgs are one of the best ways for companies to unlock latent value, especially in a changing business environment. But everyone hates them. No other management practice creates more anxiety and fear among employees or does more to distract them from their day-to-day jobs. As a result, reorgs can be incredibly expensive in terms of senior-management time and attention, and most of them fail on multiple dimensions. It's no wonder companies treat a reorg as a mysterious process and outsource it to people who don't understand the business. It doesn't have to be this way. Stephen Heidari-Robinson and Suzanne Heywood, former leaders in McKinsey's Organization Practice, present a practical guide for successfully planning and implementing a

reorg in five steps—demystifying and accelerating the process at the same time. Based on their twenty-five years of combined experience managing reorgs and on McKinsey research with over 2,500 executives involved in them, the authors distill what they and their McKinsey colleagues have been practicing as an “art” into a “science” that executives can replicate—in companies or business units large or small. It isn’t rocket science and it isn’t bogged down by a lot of organizational theory: the five steps give people a simple, logical process to follow, making it easier for everyone—both the leaders and the employees who ultimately determine a reorg’s success or failure—to commit themselves to and succeed in the new organization.

MORMONS AND MORMONISM

AN INTRODUCTION TO AN AMERICAN WORLD RELIGION

[University of Illinois Press](#) This book gathers key essays by leading scholars on the history, foundational ideas and practices, and worldwide expansion of the Church of Jesus Christ of Latter-day Saints. It explains how the earliest Mormons viewed their religion and suggests that the Book of Mormon appeared to them as an exciting document of social protest. Contributors consider the history of persecution of the Mormons, the church's relationship with the state of Utah ...

OTHER PEOPLE'S HOUSES

HOW DECADES OF BAILOUTS, CAPTIVE REGULATORS, AND TOXIC BANKERS MADE HOME MORTGAGES A THRILLING BUSINESS

[Yale University Press](#) The clearest explanation yet of how the financial crisis of 2008 developed and why it could happen again In the wake of the financial meltdown in 2008, many claimed that it had been inevitable, that no one saw it coming, and that subprime borrowers were to blame. This accessible, thoroughly researched book is Jennifer Taub’s response to such unfounded claims. Drawing on wide-ranging experience as a corporate lawyer, investment firm counsel, and scholar of business law and financial market regulation, Taub chronicles how government officials helped bankers inflate the toxic-mortgage-backed housing bubble, then after the bubble burst ignored the plight of millions of homeowners suddenly facing foreclosure. Focusing new light on the similarities between the savings and loan debacle of the 1980s and the financial crisis in 2008, Taub reveals that

in both cases the same reckless banks, operating under different names, received government bailouts, while the same lax regulators overlooked fraud and abuse. Furthermore, in 2013 the situation is essentially unchanged. The author asserts that the 2008 crisis was not just similar to the S&L scandal, it was a severe relapse of the same underlying disease. And despite modest regulatory reforms, the disease remains uncured: top banks remain too big to manage, too big to regulate, and too big to fail.

HOW WIDE THE DIVIDE?

A MORMON & AN EVANGELICAL IN CONVERSATION

InterVarsity Press Voted one of Christianity Today's 1998 Books of the Year! Mormons and evangelicals don't often get along very well, at least not once they begin to discuss their religious beliefs. They often set about trying to convert one another, considering the faith the other holds as defective in some critical way. Unfortunately, much of what they say about one another simply isn't true. False stereotypes abound on both sides, preventing genuine and helpful communication. Having discovered this sad state of affairs, Craig Blomberg, a committed evangelical scholar, and Stephen Robinson, a committed Mormon scholar, set out to listen to one another and to ferret out the real agreements and disagreements between them. In the conversation that develops, you will read what each believes about key theological issues--the nature and bounds of Scripture, the nature of God and deification, the person of Christ and the Trinity, and the essentials of salvation--and see how they interact with one another. What they agree on may surprise you. Though this book does not sweep differences under the rug, it is meant to help Mormons and evangelicals know and tell the truth about one another. It does not expect to end evangelistic efforts from either side. In fact, it may help to promote more effective communication because it can help to get rid of misrepresentations from both sides. In the end, however, you will be able to judge for yourself just how wide the divide between them is.

LAUGHING MATTERS

HUMOR AND AMERICAN POLITICS IN THE MEDIA AGE

Routledge This book examines the role of humor in modern American politics. Written by a wide range of authors from the fields of political science and communication, this book is organized according to two general topics: how the modern media present political humor the various

ways in which political humor influences politics. *Laughing Matters* is an excellent text for courses on media and politics, public opinion, and campaigns and elections.

MAPS WITH THE NEWS

THE DEVELOPMENT OF AMERICAN JOURNALISTIC CARTOGRAPHY

University of Chicago Press *Maps with the News* is a lively assessment of the role of cartography in American journalism. Tracing the use of maps in American news reporting from the eighteenth century to the 1980s, Mark Monmonier explores why and how journalistic maps have achieved such importance. "A most welcome and thorough investigation of a neglected aspect of both the history of cartography and modern cartographic practice."—Mapline "A well-written, scholarly treatment of journalistic cartography. . . . It is well researched, thoroughly indexed and referenced . . . amply illustrated."—Judith A. Tyner, *Imago Mundi* "There is little doubt that *Maps with the News* should be part of the training and on the desks of all those concerned with producing maps for mass consumption, and also on the bookshelves of all journalists, graphic artists, historians of cartography, and geographic educators."—W. G. V. Balchin, *Geographical Journal* "A definitive work on journalistic cartography."—Virginia Chipperfield, *Society of University Cartographers Bulletin*

ENCYCLOPEDIA OF THE ALAMO AND THE TEXAS REVOLUTION

McFarland **“Remember the Alamo!”** is a phrase that is woven into the American consciousness, but what do most people really remember about the Alamo? Much of the true story has been shrouded in myth for over 150 years. This comprehensive encyclopedia provides thorough coverage for people, places, events and issues spanning the pre-Revolution period and settlement of Texas by Americans to the forming of the Republic in 1836. When appropriate, a mini-chronology supplements the entry, placing the discussion in context. A day-by-day account details the thirteen day famous siege. Entries cover major players such as Santa Anna, Jim Bowie and David Crockett and provide biographies (from obscure sources, in some cases) of every Alamo defender killed in the battle. American and Mexican resources have been used to assure a well-rounded picture of often misunderstood events. Maps and an extensive bibliography complement the text.
