Titanic: A Survivor's Story A Survivor's Story

The History Press Here is a survivor's vivid account of the greatest maritime disaster in history. The information contained in Gracie's account is available from no other source. He provides details of those final moments, including names of passengers pulled from the ocean and of those men who, in a panic, jumped into lifeboats as they were being lowered, causing injury and further danger to life. Walter Lord, author of 'A Night to Remember', comments that Gracie's book - written shortly before he died from the exposure he suffered on the night - is "invaluable for chasing down who went in what boat", and calls Gracie "an indefatigable detective".

The Story of the Titanic As Told by Its Survivors

Titanic Survivor

Rowman & Littlefield Violet Jessop's life is an inspiring story of survival. Born in 1887 in Argentina, the eldest child of Irish immigrants, at the age of 21 she became the breadwinner for her widowed mother and five siblings when she commenced a career as a stewardess and nurse on some of the most famous ocean going vessels of the day. Throughout her 40 year time at sea she survived an unbelievable series of events including the sinking of the TITANIC. "One awful moment of empty, misty blackness enveloped us in its loneliness, then an unforgettable, agonizing cry went up from 1500 despairing throats, a long wail and then silence and our tiny craft tossing about at the mercy of the ice field." For most people one sinking would be enough. But four years later Violet, now a nurse with the British Red Cross, was on board the World War I hospital ship BRITANNIC when it struck a mine and sank to the bottom of the Aegean. To her, this disaster was even more horrifying-- "Just as life seeming nothing but a whirling, choking ache, I rose to the light of day, my nose barely above the little lapping waves. I opened my eyes on an indescribable scene of slaughter, which made me shut them again to keep it out." By the end of her story we have a met a woman who could handle whatever life threw at her with determination and good humor. She knew that only by her own strength of character would she survive. But Titanic Survivor is much more. A unique autobiography for those who want to know how it really felt, a story that could be told only by a Titanic Survivor.

A Survivor's Story & the Sinking of the S.S. Titanic

Chicago Review Press Two survivors' accounts of the sinking of the Titanic. The information contained in Colonel Gracie's story is available from no other source. He provides details of the final moments, including names of passengers pulled from the ocean and of those men who, in a panic, jumped into lifeboats as they were being lowered. Walter Lord, author of A Night to Remember, calls Gracie "an indefatigable detective." John Thayer was, like Gracie, one of the last to leave the ship. His account, The Sinking of the S.S. Jazzybee Verlag This commemorative edition includes all the photos from the first edition of this unbelievable account as well as a detailed essay about the history of steamships and steamship lines up to the year 1912. Furthermore this volume features an interactive table-of-contents as well as perfect formatting for 21st

century electronic reading devices 'The Truth About the Titanic', by Colonel Archibald Gracie, is a striking recital of the monumental shipwreck, by the sole survivor of all the men passengers, "stationed during the loading of six or more life-boats with women and children on the port side of the ship." The book is written as a tribute and testimony to the "heroism on the part of all concerned." Colonel Gracie refutes many of the press reports of the disaster, as for instance, the Captain and the First Officer shooting themselves, for which statement he says there is no direct testimony. The story of the author's marvelous escape beggars the imagination and gives proof of a remarkable telepathic communication with his wife. Horrible are the scenes described and they bring vividly before you the heroism and endurance that were borne until the arrival of the Carpathia. Some of the testimony taken before the Senate Committee and the British Courts of Inquiry is analyzed and the story of each lifeboat is given according to the testimony given and the different affidavits. The part devoted to J. Bruce Ismay's testimony will be of especial interest to readers. Colonel Gracie's death, eight months after the world's greatest marine disaster, was due to the exposure and strain received at that time, and the restraint is a marked feature in this vivid account of an unprecedented ocean disaster which occasioned the sympathy of the world.

Sealed Orders

A Lost Short Story of the Titanic by a Survivor

- The inspiration for the characters of Jack and Rose in James Cameron's 1997 blockbuster TITANIC. - One of the first in-depth eyewitness accounts of the TITANIC sinking, published just two weeks after the disaster in the form of a short story. - 'Carefully observant... an unnamed man and an unnamed woman keep each other company during the voyage until they are parted by disaster' NATIONAL GEOGRAPHIC. - First re-publication for over a century. SEALED ORDERS is the short story of two unnamed lovers aboard the most celebrated ocean liner of its time - TITANIC. The tragic tale was written just a week after the disaster by author Helen Churchill Candee, a first class passenger on TITANIC who had barely survived the sinking. Published in the popular US periodical COLLIER'S WEEKLY on 4 May 1912, it mesmerized readers as it eluded to many of the most famous personalities caught up in the disaster whom Helen Candee had socialized with on the fateful voyage. And, although a work of fiction, almost every episode can be proven true by referring to the wealth of firsthand accounts left by the over 700 fellow survivors. Forgotten by all but the most fervent TITANIC aficionados, this is the first time the work has been republished in over a century. ABOUT THE AUTHOR Helen Churchill Candee was a prominent American socialite and writer. She had been researching a book in Europe when she was recalled home on news that her son had been in a serious accident and hurriedly booked passage by the fastest means possible - the TITANIC. She escaped the sinking ship on lifeboat 6 and manned the oars alongside the

famously 'unsinkable' Molly Brown. Many readers of SEALED ORDERS concluded that Helen Candee was the unnamed woman. She died in 1949.

Black Man on the Titanic

The Story of Joseph Laroche

Mango Media Inc. Discover the true story behind one of the black passengers on the Titanic An Incredible Tragedy: Joseph Laroche was an anomaly among the passengers of the Titanic. He was exceptionally well-educated in a time when few black men had access to an education—and when even fewer were able to travel on a luxurious ship in first or second class. Who was Joseph Laroche? Where was he going, and what was his story? Rediscovered History: This biography recounts the life of Joseph Laroche, his part in the history of Haiti, and how he, as a 24-year-old father of two (soon to be three) children, ended up on the last ship of that era of glamorous travel. He was a direct descendant of the father of Haitian independence and related to two Haitian presidents. As an engineer, Laroche contributed to the construction of the Parisian railway and had a promising future ahead of him. A Brilliant Biography: Ivorian-French writer Serge Bilé is the author of this fresh perspective on the tragedy that still fascinates millions and has inspired dozens of history books. With thorough research in Haiti and France, Bilé unearths the story of the intriguing figure of Joseph Laroche. This is a story of multi-cultural black history

and of the political and natural forces that converged on one man. Readers who were fascinated by the true stories behind Hidden Figures and The Immortal Life of Henrietta Lacks will love this engaging tale.

The Loss of the SS Titanic

BoD - Books on Demand The circumstances in which this book came to be written are as follows. Some five weeks after the survivors from the Titanic landed in New York, I was the guest at luncheon of Hon. Samuel J. Elder and Hon. Charles T. Gallagher, both well-known lawyers in Boston. After luncheon I was asked to relate to those present the experiences of the survivors in leaving the Titanic and reaching the Carpathia. When I had done so, Mr. Robert Lincoln O'Brien, the editor of the Boston Herald, urged me as a matter of public interest to write a correct history of

the Titanic disaster, his reason being that he knew several publications were in preparation by people who had not been present at the disaster, but from newspaper accounts were piecing together a description of it. He said that these publications would probably be erroneous, full of highly coloured details, and generally calculated to disturb public thought on the matter. He was supported in his request by all present, and under this general pressure I accompanied him to Messrs. Houghton Mifflin Company, where we discussed the question of publication. Messrs. Houghton Mifflin Company took at that time exactly the same view that I did, that it was probably not advisable to put on record the Loss of the SS. Titanic, by Lawrence Beesle 4 incidents connected with the Titanic's sinking: it seemed better to forget details as rapidly as possible. However, we decided to take a few days to think about it. At our next meeting we found ourselves in agreement again, --but this time on the common ground that it would probably be a wise thing to write a history of the Titanic disaster as correctly as possible. I was supported in this decision by the fact that a short account, which I wrote at intervals on board the Carpathia, in the hope that it would calm public opinion by stating the truth of what happened as nearly as I could recollect it, appeared in all the American, English, and Colonial papers and had exactly the effect it was i

One of the wealthiest men alive (and the wealthiest passenger aboard the ship) died in the same accident that took the life of a baby younger than 5 months old in steerage. The rules that were meant to govern an accident were not familiar to the crew. Coupled with an inadequate number of lifeboats for the number of passengers, there was no chance that every passenger on the ship would survive its impact with an iceberg in the middle of the night. More than 100 years after the disaster, the

survivors have passed on, but they left behind harrowing stories that remind us that every day is something to appreciate. These stories include love, loss, hope, failure, and everything in between. The Sinking of the Titanic and Great Sea Disasters

Tales End Press This is one of the first and most famous books published after the sinking of the Titanic, and contains much material from contemporary newspaper accounts. It was written by Logan Howard-Smith (under the pen name of Logan Marshall), an editor who specialized in the rapid publication of books about current events. For this book, his crowning achievement, the initial print run was for no fewer than 110,000 copies. The publisher achieved this by running 11 presses simultaneously, and the books were then sold door-to-door across America for a dollar apiece. Although Marshall's own description of the sinking is melodramatic and sensationalistic, the many verbatim interviews with survivors of the disaster have stood the test of time, and are often cited in Titanic literature.

The Titanic and the City of Widows it left Behind

The Forgotten Victims of the Fatal Voyage

Pen and Sword History When Titanic foundered in April 1912, the world's focus was on the tragedy of the passengers who lost their lives. Ever since, in films, dramatisations, adaptations and books, the focus has mostly continued to be on the ones who died. The Titanic and the City of Widows it Left Behind focuses on another group of people - the widows and children of the crew who perished on board. Author Julie Cook's great-grandfather was a stoker who died on Titanic. Her great-grandmother had to raise five children with no breadwinner. This book focuses on Emily and the widows like her who had to fight for survival through great hardship, whilst still grieving for the men they loved who'd died on the ship. Using original archive sources and with accounts from descendants of crew who also lost their lives, the book asks how these women survived through abject poverty and grief - and why their voices have been silent for so long.

fascinating detail with intricate cutaway scenes and cross-sections. ?? Meet the captain, crew, and passengers from all walks of life who lost their lives or survived the sinking. Discover exactly what happened on the disastrous voyage, the reasons why Titanic sank, and what lessons were learned for the future. Watch the drama unfold as ordinary people became unsung heroes and the supposedly unsinkable ship became an underwater wreck.?? Whether you're a history buff or simply seeking help for a school project, this is the ultimate tribute to Titanic.

Titanic in Photographs

History PressLtd The name Titanic has become synonymous with catastrophe, the story of this luxurious liner legendary. Wrecked after colliding with an iceberg on her maiden voyage, the loss of around 1,500 lives among her passengers and crew has gone down in history as one of the most motive and tragic disasters in history. In this evocative collection of photographs the full story of Titanic is told, set against the backdrop of the great race to build the biggest and best passenger liner. From her genesis in the shipyard of Harland & Wolff to the anticipation of her launch and through her fitting out and sea trials, the excitement of Titanic's maiden voyage is keenly evident in the many rare and unusual images in this book. Looking at her departure from Southampton and her stops at Cherbourg and Queenstown, and including many photos never before published, this book follows the story to its tragic conclusion, the role of Carpathia and the aftermath of this shattering disaster.

Titanic

9 Hours to Hell, the Survivors' Story

Amberley Pub Plc A major new history of the disaster that weaves into the narrative the first-hand accounts of those who survived. It was twenty minutes to midnight on Sunday 14 April, when Jack Thayer felt the Titanic lurch to port, a motion followed by the slightest of shocks. Seven-year old Eva Hart barely noticed anything was wrong. For Stoker Fred Barrett, shovelling coal down below, it was somewhat different; the side of the ship where he was working caved in. For the next nine hours, Jack, Eva and Fred faced death and survived. They lived, along with just over 700 others picked up by 08.30 the next morning. Over 1600 people did not. This is the story told through the eyes of Jack, Eva, Fred and over a hundred others of those who survived and either wrote their experiences down or appeared before the major inquiries held subsequently. Drawing extensively on their collective evidence, this book weaves the narrative of the events that occurred in those nine fateful hours. The stories of some are discussed in detail, such as Colonel Gracie, a first-class survivor, and Lawrence Beesley, a schoolteacher, who both wrote lengthy accounts of their experiences. No less fascinating are the accounts of those who gave gripping evidence to the inquiries, people like the controversial Lady Lucille Duff-Gordon, steward John Hart who was responsible for saving the lives of the majority of the third-class passengers who lived, or Charles Joughin, the baker, who owed his survival to whisky. This is

their story, and those of a fateful night, when the largest ship ever built sank without completing one successful voyage.

The Wreck of the Titan

Hesperus Press Once seen as a prediction of the sinking of the Titanic, The Wreck of the Titan was written fourteen years before that ill-fated event of 1912. Now, on the centenary anniversary of the sinking, the striking similarities between the fate of the Titan and Titanic can be examined again in this new edition. In this 1898 novella, John Rowland, a disgraced former Royal Navy lieutenant, has taken employment as a lowly deck hand aboard the largest ship ever to have sailed, the Titan. One night in deep fog in the North Atlantic, the Titan strikes a gigantic iceberg and sinks almost immediately. The foreword is by Sam Leith, who has examined chance and coincidence in his novel, The Coincidence Machine.

Story of the Wreck of the Titanic

Tales End Press As the original title page proudly proclaims, A Graphic and Thrilling Account of the Sinking of the Greatest Floating Palace Ever Built, Carrying Down to Watery Graves More Than 1,500 Souls; Giving Exciting Escapes from Death and Acts of Heroism Not Equaled in Ancient or Modern times, Told by the Survivors. Indeed, of all the "instant books" published after the sinking of the Titanic, this one best captures the spirit of the times, and of the public reaction to the disaster. Alongside the harrowing accounts of survivors and their testimony before the Senate investigation, there are chapters of newspaper editorials and sermons preached by prominent clergy. Thus we find that even a hundred years ago, opinion columns were despairing of the modern need for speed, and were calling for stern regulation of the new-fangled "Marconigrams" (radio), while churchmen lauded the spirit of "women and children first," and preached on "How Shall We View God in the Light of Such a Disaster." The influence of newspapers on public opinion is also shown in the illustrations, which include many editorial cartoons reacting to the disaster. An essential book for studying the historiography of the Titanic.

Voices from the Titanic

The Epic Story of the Tragedy from the People Who Were There

Simon and Schuster This is the graphic, first-hand story of the maiden voyage and disastrous sinking of the RMS Titanic, told by the survivors themselves. The story of the sinking of the great liner has been told countless times since that fateful night on April 14, 1912, by historians, novelists, and film producers alike, but no account is as graphic or revealing as those from the people who were actually there. Through survivors’ tales and contemporary newspaper reports from both sides of the Atlantic, here are eyewitness accounts full of details that range from poignant to humorous, stage by stage from the liner’s glorious launch in Belfast to the somber sea burial services of those who perished on her first and only voyage. In this book, the voices

of the survivors share their own stories, as well as the official records, press reports, and investigations into what went wrong that night.
