**The Return of the Mother North Atlantic Books** Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, The Return of the Mother is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. The Return of the Mother offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. The Return of the Mother is an eloquent and passionate call for all of us to rediscover and

reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world. **Memoirs of a Fellwanderer Frances Lincoln Limited** These memoirs of the great fellwalker Alfred Wainwright, author of the Pictorial Guides to the Lakeland Fells and many other volumes of walking guides and sketchbooks, are full of his thoughts on life and on his experiences on the fells. Wainwright writes about his boyhood in Blackburn, his work and interests as a young man, and the visit to the Lake District at the age of 23 which kindled in him a lasting passion for the fells. He reveals how he set about researching and compiling the Pictorial Guides, the labour of love which occupied so many years of his life. For walkers and other lovers of the Lakeland fells, this is a great read. **The Demonologist: The Extraordinary Career of Ed and Lorraine Warren Graymalkin Media** If you think ghosts are only responsible for hauntings, think again. The Demonologist reveals the grave religious process behind supernatural events and how it can happen to you. Used as a text in seminaries and classrooms, this is one book you can't put down. For over five decades Ed and Lorraine Warren have been considered America's foremost experts on demonology and exorcism. With over 3,000 investigations to their credit, they reveal what actually breaks the peace in haunted houses. Expertly written by Gerald Daniel Brittle, a nonfiction writer with advanced degrees in literature and psychology specializing in mystical theology. Don't miss the Warrens in the new movie "The Conjuring." **Embryo Culture Making Babies in the Twenty-first Century Sarah Crichton Books** "Injections + Appointments + Egg Retrieval + Embryo Transfer = Resources (Energy x Time x Emotion)" That's the equation that was projected onto the screen when Beth Kohl and her husband first showed up at the in vitro fertilization (IVF) clinic. "Good evening," the program's psychologist told the gathered infertile couples. "Before you begin your treatment, you should know that this program is emotionally and psychologically stressful." And how. In this marvelously unconventional account of her struggles to bear children, Kohl leads the reader on an oh-so-up-close tour of fertilization in America, and the ways in which science and miracle, technology and faith, converge to create life in the twentyfirst century. Along the way, Kohl wrestles with a new world of medical ethics: Should she "selectively reduce" the number of embryos successfully implanted in the womb in order to prevent a potentially complicated pregnancy? How much genetic testing of fertilized eggs is too much? What is she supposed to do with the seven embryos left over from the IVF process? When Andrew Solomon wrote *The Noonday Demon*, he opened the world of depression to readers as no writer had done before. And when Stephen L. Carter wrote *Reflections of an Affirmative Action Baby*, many readers were forced to completely rethink race and prejudice. Kohl's spirited and rich exploration of "embryo culture" will completely revise how we see modern motherhood. **My Darkest Years Memoirs of a Survivor of Auschwitz, Warsaw and Dachau McFarland** Born in Berlin in 1922, James Bachner was a German Jew during the darkest days of the Third Reich. Once a happy child in a well-to-do German family, as the years passed Bachner faced first ridicule and persecution, then imprisonment and deprivation. Attributing his survival to a combination of strength and being in the right place at the right time, Bachner's memoir is a poignant and often horrific account of Jewish struggles during the days of World War II. Beginning with his idyllic childhood, Bachner expresses the range of emotions he experienced as the

Nazis transformed his homeland into a nation where he and his fellow Jews were no longer welcome. He describes the volatile political atmosphere and the fears inspired in all Germans by tales of the concentration camps. In addition, he tells of the belief many Jews held that the West would step in and put an end to Hitler's reign. The work then details the realities of life in a concentration camp. The end of the war, Bachner's reunion with his remaining family members and his eventual relocation to America are also discussed.

This is a brilliant, compelling book' Ian McEwan Love is a great leveller. Everyone wants love, everyone falls in love, everyone loses love, and everyone knows something of love's madness. But the experience of obsessive love is no trivial matter. In the course of his career psychologist Dr Frank Tallis has treated many unusual patients, whose stories have lessons for all of us. A barristers' clerk becomes convinced that her dentist has fallen in love with her and they are destined to be together for eternity; a widow is visited by the ghost of her dead husband; an academic is besotted with his own reflection; a beautiful woman searches jealously for a rival who isn't there; and a night porter is possessed by a lascivious demon. These are just some of the people whom we meet in an extraordinary and original book that explores the conditions of longing and desire - true accounts of psychotherapy that take the reader on a journey through the darker realms of the amorous mind. Drawing on the latest scientific research into the biological and psychological mechanisms underlying romance and emotional attachment, The Incurable Romantic demonstrates that ultimately love dissolves the divide between what we judge to be normal and abnormal.

**Our Ageing Brain how our mental capacities develop as we grow older Scribe Publications** An international bestseller delivering good news on brain function and ageing We all worry sometimes that our brains — particularly our memories — just don't work as well as they used to. In this illuminating book, internationally acclaimed Dutch neuroscientist André Aleman shows that although the

decline in our mental capacities begins earlier than we think, this is not such a bad thing. In fact, older people are more resistant to the effects of stress, cope better with their emotions and with complex situations, and are — generally speaking — happier than their younger counterparts. Our Ageing Brain will change the way we think about age and mental acuity. Drawn from the latest research in cognitive science, it outlines what takes place in the brain as we age, how to recognise the early symptoms of Alzheimer's disease, and how to distinguish fact from fiction when it comes to ways of slowing down the ageing process. It concludes with the seven most important things we can each do to keep our brains healthy. Published here in English for the first time, this is a refreshing, informative, and ultimately reassuring examination of what happens to our most important organ as we grow older. **Our Love How to release the inner joy and romance in our relationship Vior Webmedia** This book will show you how to release the inner joy and romance of your relationship. You can return to love as it was when you first met: experiencing a longing for each other, being interested in each other's thoughts, feelings and activities, and experiencing mutual sexual desire. In other words, really sharing life together! It might sound utopian, but with the right insights and tools it becomes surprisingly easy. In her fifth book, author and psychologist Ingeborg Bosch shows you how this can be done. She takes the reader by the hand, and in an incisive, concrete, and recognizable manner explains how to get back to the love you once shared. This inspiring book, with many appealing and recognizable examples, is also a "do-it-together" book. The model developed by Ingeborg Bosch will give you clear insight into the basic building blocks of a loving relationship, why they are so often lost, and how to reconstruct them. This book is a wonderful gift to the world. It is written with so much love and "good will". It goes through all barriers of fear and gives a lot of hope and trust in Our LOVE. Kay Pollak, Swedish film director - As it is in Heaven. Ingeborg Bosch developed the very successful therapy Past Reality Integration, one of the fastest growing drug-free therapies in Europe. Her other books available in English are Rediscovering the True Self (2002), Illusions (2016, English ed)) and Past Reality Integration, 3 Steps to mastering the Art of conscious Living (2012). **The Just how six unlikely heroes saved thousands of Jews from the Holocaust Scribe Publications** The remarkable story of how a consul and his allies helped save thousands of Jews from the Holocaust in one of the greatest rescue operations of the twentieth century. In May 1940, Jan Zwartendijk, the director of the Lithuanian branch of the Philips electrical-goods company, stepped into history when he accepted the honorary role of Dutch consul. In Kaunas, the capital of Lithuania, desperate Jewish refugees faced annihilation in the Holocaust. That was when Zwartendijk, with the help of Chiune Sugihara, the consul for Japan, and the Dutch ambassador in Riga, Latvia — chose to break his country's diplomatic rules. He opened up a possible route to freedom through the ruse of issuing visas to the Dutch colony of Curaçao on the other side of the world. Thanks to these visas, and Sugihara's approval of onward passage, many Jews — up to 10,000 — were able to travel on the Trans-Siberian Express all through Soviet Russia to Vladivostok, further to Japan, and onwards to China. Most of the Jews whom Zwartendijk helped escape survived the war, and they and their descendants settled in America, Canada, Australia, and other countries. Zwartendijk and Sugihara were true heroes, and yet they were both shunned by their own countries

after the war, and their courageous, unstinting actions have remained relatively unknown. In *The Just*, renowned Dutch author Jan Brokken wrests this heroic story from oblivion and traces the journeys of a number of the rescued Jews. This epic narrative shows how, even in life-threatening circumstances, some people make the right choice at the right time. It is a lesson in character and courage.

Mak is a great story-teller and a tireless student of salient facts; this priceless combination has resulted in a literary gem.' Ian Buruma - editor of *The New York Review of Books* In 1654 the first Jan Six had his portrait painted by his friend Rembrandt van Rijn. It is considered the most beautiful portrait Rembrandt ever painted, and it is still part of the private collection in Amsterdam, where the Six family has lived for four centuries. *The many lives of Jan Six* tells the compelling history of this elite Amsterdam dynasty, of the city and its times, of ambitions and limitations, of grandeur and the constant fear of decline. The book also tells the story of the Sixes through these centuries: after the family patriarch came a second Jan Six, a third; every generation has known one Jan, until the present day. They held high positions: several members of the family were mayors of Amsterdam. Some came into great wealth, others were prominent scientists or stumbled through life hunchbacked, disinherited and broken-hearted. The Six archive is a treasury

of unique information, with notes on both weighty affairs and trivial, everyday matters. It also contains the correspondence of four centuries, including with George Washington. As we accompany him on his journey...we share in his loss, surprise, and grief, right up to the novel's shocking conclusion." —The New York Times Book Review In the tradition of *The Invisible Bridge* and *The Weight of Ink*, "a vibrant, page-turning family mystery" (Jennifer Cody Epstein, author of *Wunderland*) about a writer who discovers the truth about his mother's wartime years in Amsterdam, unearthing a shocking secret that becomes the subject of his magnum opus. Renowned author Yoel Blum reluctantly agrees to visit his birthplace of Amsterdam to promote his books, despite promising his late mother that he would never return to that city. While touring the Jewish Historical Museum with his wife, Yoel stumbles upon footage portraying prewar Dutch Jewry and is astonished to see the youthful face of his beloved mother staring back at him, posing with his father, his older sister...and an infant he doesn't recognize. This unsettling discovery launches him into a fervent search for the truth, shining a light on Amsterdam's dark wartime history—the underground networks that hid Jewish children away from danger and those who betrayed their own for the sake of survival. The deeper into the past Yoel digs up, the better he understands his mother's silence, and the more urgent the question that has unconsciously haunted him for a lifetime—Who am I?—becomes. Part family mystery, part wartime drama, *House on Endless Waters* is "a rewarding meditation on survival" (Kirkus Reviews, starred review) and a "deeply immersive achievement that brings to life stories that must never be forgotten" (USA TODAY). **Institute of Brilliant Failures Make Room to Experiment, Innovate, and Learn** 'You can learn from your failures.' 'Entrepreneurship is trial and error.' These statements are hard to disagree with, but in reality it is not that simple. More than ever, we wish to be successful and erase all traces of mistakes and failures as soon as possible. This is not only a pity, but potentially dangerous as well, says professor Paul Louis Iske. Only when we dare to face what we do wrong can we make a thorough analysis and avoid unnecessary recurrence and disappointments. Fear of failure impedes creative thinking and innovation. This compelling book shows you how to develop a culture of openness in your organization and how failure paradoxically leads to significant progress. Institute of Brilliant Failures teaches you how to recognize recurring failing patterns at an early stage, how to harvest essential learnings and how to embrace uncertainty. Paul Louis Iske is professor of Open Innovation and Business Venturing at the School of Business and Economics, Maastricht University (the Netherlands) and Extraordinary Professor of Knowledge Management at Stellenbosch University (South Africa). He is Chief Failure Officer (CFO) at the Institute of Brilliant Failures.
